Judaism Is About Love Shai Held, 2024-03-26 A profound startling new understanding of Jewish life illuminating the forgotten heart of Jewish theology and practice love A dramatic misinterpretation of the Jewish tradition has shaped the history of the West Christianity is the religion of love and Judaism the religion of law In the face of centuries of this widespread misrepresentation Rabbi Shai Held one of the most important Jewish thinkers in America today recovers the heart of the Jewish tradition offering the radical and moving argument that love belongs as much to Judaism as it does to Christianity Blending intellectual rigor a respect for tradition and the practices of a living Judaism and a commitment to the full equality of all people Held seeks to reclaim Judaism as it authentically is He shows that love is foundational and constitutive of true Jewish faith animating the singular Jewish perspective on injustice and protest grace family life responsibilities to our neighbors and even our enemies and chosenness Ambitious and revelatory Judaism Is About Love illuminates the true essence of Judaism an act of restoration from within Love and Politics Jeffery L. Nicholas, 2021-06-07 In Love and Politics Jeffery L. Nicholas argues that Eros is the final rejection of an alienated life in which humans are

prevented from developing their human powers Eros in contrast is an overflowing of acting into new realities and new beauties a world in which human beings extend their powers and senses Nicholas uniquely interprets Alasdair MacIntyre s Revolutionary Aristotelianism as a response to alienation defined as the divorce of fact from value However this account cannot address alienation in the form of the oppression of women or people of color Importantly it fails to acknowledge the domination of nature that blackens the heart of alienated life Alienation must be seen as a separation of the human from nature Nicholas turns to Aristotle first to uncover the way his philosophy embodies a divorce of human from nature then to reconstruct the essential elements of Aristotle s metaphysics to defend a philosophical anthropology based on Eros Love and Politics Persistent Human Desires as a Foundation for Liberation presents a critical theory that synthesizes MacIntyre s Revolutionary Aristotelianism Frankfurt School Critical Theory and Social Reproduction Theory It will be of great interest to political theorists and philosophers *Love from a Stranger*, 1923 *In Love with a Stranger* Rose Von Barnsley, 2016-07-03 For Hannah Madison and her true love the connection was instant She hadn t given a second thought to running away with her soul mate Life had been perfect until tragedy struck After waking from her coma she can t remember the man she had fallen in love with She had no idea how she ended up in New York or became pregnant All she had left of him were teasing memories that played out in her dreams and an adorable little girl Even after seven years Hannah couldn t help it she was still in love with a stranger **God and the Problems of Love** Kelly James Clark, 2023-12-06 Religious believers are often commanded to love like God On classical accounts God seems a poor model for human beings an immutable and impassable being seems incapable of the kind of episodic emotion sympathy empathy that seems required for the best sorts of human love Models more conducive to human love on the other hand are often rejected because they seem to limit God s power and glory This Element looks first at God and then divine love within the Abrahamic traditions Islam Christianity and Judaism It will then turn to love and the problem of hell which is argued as primarily a problem for Christians The author discusses the kind of love each tradition asks of humans and wonders given recent work in the relevant cognitive and social sciences if such love is even humanly possible This title is also available as Open Access on Cambridge Core *Never Love a Stranger* Harold Robbins, 2010-06 Harold Robbins very first novel is also one of his most powerful *Never Love a Stranger* tells the gritty and passionate tale of Francis Frankie Kane from his meager beginnings as an orphan in New York s Hell s Kitchen From that confused and belittling start Frank works his way up choosing the wrong side of the law to make a name for himself At a young age he becomes one of the city s most dangerous men indulging in his passion for power sex and the best things in life whether or not they can be purchased First published in 1948 the novel began Robbins prolific career after someone made him a 100 bet that he couldn t write a bestseller Twenty six pot boiling novels later he proved the power of his words *Never Love a Stranger* takes an unflinching look at a New York that s long gone by exposing life during and after the Great Depression when the syndicate ruled the city without mercy *The Strand Magazine*, 1892

Converse with One Earthly Jeannie Chen,Cheng Hsiu Chen,2017-08-30 A book differs from a person in that one is dead and another alive The need to be consistent with oneself is one of the five merits discussed in chapter 7 A person needs to attempt on achieving consistency on all fronts but a book does not need to The inconsistency within this book demonstrates the consistency of authors to reveal all truth including our stages of spiritual growth An outline of this book is provided after the last chapter Textbooks in schools and colleges should have similar outlines appended to help the study The writing of outlines has not received enough attention in school that most students still write one paragraph before outlining Writing paragraphs sequentially should only occur when one does not have a clear sight of what to write and have only vague and general ideas Outlining should be done at least 95 percent of the time **Jesus or Nietzsche** Raymond Angelo

Belliotti,2013 This book reconstructs the cornerstones of Jesus s moral teachings about how to lead a good even exemplary

human life It does so in a way that is compatible with the most prominent competing versions of the historical Jesus The work also contrast Jesus understanding of the best way to lead our lives with that of Friedrich Nietzsche Both Jesus and Nietzsche were self consciously moral revolutionaries Jesus refashioned the imperatives of Jewish law to conform to what he was firmly convinced was the divine will Nietzsche aspired to transvalue the dominant values of his time which themselves were influenced greatly by Christianity in service of what he took to be a higher vision The interplay of these radical versions of the good human life seasoned with critical commentary emerging from modern findings in the sciences and humanities opens possibilities and lines of inquiry that can inform our choices in answering that enduring paramount question How should we live our lives
