## **Lovecentered Marriage In A Selfcentered World:**

Love-centered Marriage in a Self-centered World Irving Sarnoff, Suzanne Sarnoff, 1989 Considers how mates jointly create a setting for sharing love and defending against the fear of loving The authors have integrated theory and practice in their description of six desirable objectives couples can plan to attain over a lifetime *The Motives of Self-Sacrifice in Korean American Culture, Family, and Marriage* Chul Woo Son, 2014-01-24 The concept of self sacrifice is highly important to Korean Americans With hierarchy of age social status and gender defined roles taking primacy over equality and justice self sacrifice becomes instrumental in maintaining family and social relationships Unfortunately in family relationships sacrifice has more to do with submission and endurance than it does with sacrificial service that is redemptive and mutually beneficial When self sacrifice carries hidden motives coercive responsibility obligation shame guilt or one's reputation that self sacrifice is not self giving neither serving nor being of mutual benefit In this context it is important to explore the attitudes and motives of self sacrifice in Korean American families In unlocking and exploring the dynamics of the theology and practice of self sacrifice for Korean Americans this book explores cultural virtues marital relationships gender inequality domestic violence and their theological implications The author introduces a new approach and model with a proposal for a healthier and a more judicious understanding of self sacrifice for Korean American family relationships The element of equal regard as pertaining to self sacrifice offers Korean Americans a refreshing hope in the perspective of familial relationships and a liberating casting off of culturally and religiously imposed burdens The Korean American family ought to be grounded on a love ethic of equal regard and place its value on mutuality self sacrifice and individual fulfillment When this is done sacrificial love can be understood as justly appropriated for both husbands and wives males and females and parents and children Thus Christian teaching and theology may deliver a more transparent message of true agape and its liberating effects for the marginalized especially women and children **Intimate Creativity** Irving Sarnoff, Suzanne Sarnoff, 2002-11-05 Integrating the psychology of love and creativity this pioneering book explores both how a couple's involvement as lovers influences their creative collaboration and how working together affects their relationship Representing a variety of genres painting sculpture photography and installation art the celebrated couples profiled here include among others Christo and Jeanne Claude Elizabeth Diller and Ricardo Scofidio and Kristin Jones and Andrew Ginzler Intrigued by this process of intimate creativity psychologists Irving and Suzanne Sarnoff themselves partners in love and work decided to conduct in depth interviews with partners in visual art because they defy the supremely individualistic tradition of their field Whatever their age or sexual orientation these artist couples combine their talents to form a collective identity as a professional team Passionately intense about their shared commitment they communicate endlessly to resolve conflicts and reach consensus Providing mutual validation and support they increase their productivity and the quality of their work they minimize their fear and frustration and enhance their pleasure in being together The authors also draw on historical and contemporary

literature about similar couples ranging from Jean Arp and Sophie Taeuber to Gilbert and George to Claes Oldenburg and Coosje van Bruggen Stimulating and engaging this book highlights the features of a unique collaborative process considers the connection between creativity and sexuality and suggests possibilities for any couple to expand their intimacy Couple Resilience Karen Skerrett, Karen Fergus, 2015-07-08 This distinctive volume expands our understanding of couple resilience by identifying and exploring specific mechanisms unique to intimate relationships that facilitate positive adaptation to life challenges Committed partnerships represent a unique form of relational alliance that offers an opportunity and challenge to go beyond the self to develop as individuals and as a relationship The contributors to this volume represent a range of perspectives that integrate conventional relationship science and innovative empirical and theoretical work on the importance of meaning making narrative construction intersubjectivity forgiveness and positive emotion in couple life The volume also offers a unique anchor point We nest as it relates to the intersection between shared personal identity and well being Under examined relational contexts such as resilience among LGBT partners and sexual resilience during illness adds further refinement of thought and application Shifting the Center Susan J. Ferguson, 2022-11-21 Shifting the Center Understanding Contemporary Families Sixth Edition is a popular anthology of readings used in Sociology of Family and of Marriages Families Intimate Relationship courses Editor Susan J Ferguson brings together carefully selected pieces written by leading family researchers and drawn from a variety of scholarly sources including articles from the leading family journals and excerpts from several classic book length studies She also provides background and context to help students connect the topics in the readings to the broader themes in the study of family sociology The table of contents follows the same scope and sequence as the leading family survey texts **Surrender, Obey, Love** Dr. Sandrine Nkouga, 2022-10-12 I was sexually molested at the age of fourteen now what So many people go through life wearing their molestation or life's deception as a badge of dishonor in their life even though they were the victim They think their life stopped the day they lost their virginity innocence or pride It does not have to be that way Out of nowhere I was hit with a life changing event that will set my life on a roller coaster of emotions challenges and bad decisions During it all God's glory and love was displayed daily I personally invite you to join me on this ride where I learned to heal learn defeat the devil and hold on the divine blessings This book is not a story of tragedy but of hope guidance and life lessons It is about learning how the Creator of the universe could use our ashes to build a beautiful and fulfilling life not just for me but also for you my readers You will cry and laugh giggle shout and pray and praise the Lord Almighty while discovering the immense blessings that are readily available for all believers in Jesus Christ The hurdle challenge or bad news does not have to be end of your story it could be the beginning of your miraculous testimony **Feminism and the Power of Love** Adriana García-Andrade, Lena Gunnarsson, Anna Jónasdóttir, 2018-04-17 The power of love has become a renewed matter of feminist and non feminist attention in the 21st century's theory debates What is this power Is it a form of domination Or is it a liberating force in our contemporary societies

Within *Feminism and the Power of Love* lies the central argument that although love is a crucial site of gendered power asymmetries it is also a vital source of human empowerment that we cannot live without. Instead of emphasizing either or this enlightening title puts the dualities and contradictions of love center stage. Indeed by offering various theoretical perspectives on what makes love such a central value and motivator for people this title will increase one's understanding as to why love can keep people in its grip even when practiced in ways that deplete and oppress. In light of such analyses the contributions within *Feminism and the Power of Love* present new perspectives on the conditions and characteristics of non-oppressive mutually enhancing ways of loving. Bridging the gap between Feminist Affect Studies and Feminist Love Studies this book will appeal to undergraduate and postgraduate students including postdoctoral researchers interested in fields such as women's and gender studies, sociology, political science, philosophy, cultural studies and sexuality studies.

**Jump** Efrem Smith, 2010-09-01 *Jump* is a powerful guide to becoming a vehicle of compassion, reconciliation and transformation in our world. Life is all about jumps. We jump from high school to college school to the professional world, dating to marriage. Each leap launches us to new levels. Even though we can't see what's on the other side of the wall, our faith jumps are about trusting that God is there. We experience the liberation when we jump into the arms of our Savior, then into a church family and then into a world desperately in need. Efrem Smith presents fresh insights into how Christians can say yes to the jump that takes them deeper into a loving, devotional, intimate life with God.

**Time and Intimacy** Joel B. Bennett, 2000-11-01 There is a mysterious connection between our experiences of intimacy of love, the longing to feel connected and sexual embrace and the human sense of time, eternity, impermanence and rhythm. In this critical analysis of the time-intimacy equation Bennett shows how the scientific study of personal relationships can address this mystery. As a study of transpersonal science this book points to the possible evolution of intimacy and of our consciousness of time and how the two evolutionary paths weave together. Dr. Bennett draws from a wide array of resources to advance and marry two compelling themes: first, the social and clinical science of personal relationships should integrate the spiritual or transpersonal dimension of intimacy and second, science can contribute to lay understandings by describing the richly temporal aspects of relationships. In blending popular literature, transpersonal psychology and scientific research and theory this work also attempts to address the lack of dialogue between academics who study personal intimacy and those writers in the popular press who give advice and guidelines for building intimacy. *Time and Intimacy* is written for a broad audience intended for those with a general interest in relationships as well as for students, counselors and psychologists. It can be used as a text in courses on personal relationships as well as to supplement courses in humanistic psychology, transpersonal psychology, interpersonal communication, relationships, marital and family counseling, human relations and related areas. Because it advances an interdisciplinary understanding of personal relationships this book is certain to challenge prevailing views about the meaning of intimacy in both the academic and popular literatures.

purposeful singleness      **Storying Later Life** Gary Kenyon, Ernst Bohlmeijer, William L. Randall, 2010-12-20 In its brief but vigorous history gerontology has spawned a broadening range of specializations One of the newest of such specializations is narrative gerontology so named for its emphasis on the biographical or inside dimensions of the experience of aging Telling stories about our world our relationships and ourselves is fundamental to how we make meaning Everything from our history to our religion and our memories to our emotions is linked to the tales we tell ourselves and others about where we have come from and where we are going They are central to who we are The biographical side of human life is every bit as critical to fathom as the biological side if we seek a more balanced positive and optimistic perspective on what aging is about if we would honor the dignity and complexity the humanity and uniqueness of the lives of older persons no matter what their health or economic standing In this respect a narrative approach is particularly suited to the exploration of such topics as meaning spirituality and wisdom and the connections they share This volume reflects a selection of new directions and insights and constitutes a general broadening and deepening of narrative gerontology exploring its implications for theory and research in the field of aging and for the quality of life of older adults themselves Such deepening indicates a greater refinement of thought method and intervention The evolution of narrative gerontology is also evidenced by a significant increase in the number of faculty and graduate students engaged in research in this area as well as by increasing collaboration among researchers practitioners and administrators in applying narrative insights to contexts such as long term care indeed healthcare in general These initiatives have given rise to the phrase narrative care as core care      When Opposites Attract Rebecca Cutter, 1994 In When Opposites Attract Rebecca Cutter draws from her extensive work with both straight and gay couples to propose a bold new solution to the problem of couple communication She makes the case that it is right brain or left brain dominance rather than gender that plays the greatest role in how partners and spouses approach the world and one another      **The Principle Of: Love & Marriage** Jim Holtslag, 2012-09-07 In this book the author proposes that there is a single easy to understand principle that all marriages should be based on If you don't understand this principle you run the risk of a rocky relationship or even divorce If two people understand this principle and act accordingly they are certain to have a fantastic marriage of happiness and personal growth for as long as they live The book first describes the negative consequences that poor marriage has on not only the people involved but on society in general Next it looks at how our society leads people into misunderstanding this critical principle from childhood on Once the principle is properly understood the author describes not only the tremendous benefits in happiness and personal growth that will result but some of the challenges that it requires in honesty and respect that may not come easily at first but are well worth the effort in all aspects of your life      The Life and Teachings of Reverend Sun Myung Moon International Educational Foundation, 2006 Volume 1 in series Creating a World of Peace The Thought and Works of Sun Myung Moon      Worlds Apart Carl Darryl Malmgren, 1991-07-22 Malmgren succeeds in formulating a typology of science fiction that will become a standard reference
