Lovers Always:

The Culture of Heaven Troy Goode,2018-04-10 The Culture of Heaven explores the key traits of people who consistently experience powerful partnership with the Holy Spirit thereby invading earth with the atmosphere of heaven God's heart is for His people to be influenced daily by the culture that He inhabits benefiting from His presence in their lives Moreover He wants us to be brokers of His culture It should be so much a part of us that we begin to transform everything and everyone around us When we release the culture of heaven we place people on a direct path to the loving touch of God a touch that can heal them and change their lives forever To experience the culture of heaven ourselves we must set aside distractions so that we can get in tune with God's thoughts and ways Many of us have lost our passion and fire for the Lord as a result we experience very little of heaven's atmosphere Through prayer fasting sacrificial living and spiritual anointing we can regain a hunger for God and witness His kingdom at work in our world in remarkable ways with supernatural power

In Praise of Forgiveness Massimo Recalcati,2020-05-19 Relationships fall apart marriages fail couples break up it happens to us all Time corrodes passion and the routines of daily life kill the excitement that surrounds the emotion of the first encounter The difficulty of uniting sexual pleasure with love which Freud considered to be the most common neurosis in any love life has become emblematic of a truth that seems undeniable desire is destined to die if its object is not constantly renewed if we do not change partner if it is closed for too long in the restrictive chamber of the same bond And yet what happens to these bonds when one of the two partners betrays the other when the promise fails when there is another emotional experience cloaked in secrecy and deceit What happens if the traitor then begs forgiveness Are they asking to be loved again and having declared that it is not like it used to be now want everything to go back to how it was Should we make fun of lovers in their attempts to make love last Or should we try to face up to the experience of betrayal with the offence caused by the person we love most Should we not perhaps attempt to praise forgiveness in love **Be Oceanic** Osho,2005

Isn't Easy Joanne Gordon, 2009-06-16 The musical theatre of Stephen Sondheim probes deeply into the most disturbing issues of contemporary life. By challenging his audience with intricate music, biting wit, and profound themes, he flouts the traditional wisdom of the musical theatre. Tracing Sondheim's career from his initial success as lyricist for *West Side Story* and *Gypsy* to his most recent work *Into the Woods* and *Assassins*, Joanne Gordon emphasizes not only the disturbing content of Sondheim's work but his innovative use of form. In shows such as *A Little Night Music*, *Sweeney Todd*, and *Sunday in the Park with George*, Sondheim's music and lyrics are inextricably woven into the fabric of the entire work. **Moral**

Prejudices Annette Baier, 1995 Annette Baier delivers an appeal for our fundamental moral notions to be governed not by rules and codes but by trust. A moral prejudice, along the way, she gives us the best feminist philosophy there is. Baier's topics range from violence to love, from cruelty to justice, and are linked by a preoccupation with vulnerability and inequality of vulnerability with trust and distrust, of equals with cooperation and isolation. Throughout, she is concerned with the theme of women's roles. In this provocative exploration of the implications of trusting to trust rather than proscription, Baier interweaves anecdote and autobiography with readings of Hume and Kant to produce an entertaining, challenging, and highly readable book. *Romantic Love in Cultural Contexts* Victor Karandashev, 2016-12-24 This volume presents a conceptual, historical, anthropological, and sociological review of how culture affects our experience and expression of romantic love. What is romantic love, and how is it different from and similar to other kinds of love? How is romantic love related to sex and marriage in human history and across contemporary cultures? What cultural factors mediate attraction in love? These are some of the questions the volume explores through its interdisciplinary yet focused lens. Much of the current research evidence suggests that love is a universal emotion experienced by a majority of people in various historical eras and in all the world's cultures. Yet love displays in different ways because culture has an impact on people's conceptions of love and the ways they feel, think, and behave in romantic relationships. This volume summarizes classical knowledge on love and culture while, at the same time, focusing sharply on recent studies and cutting-edge research that has advanced the field. Divided into three parts, the volume begins by defining and analyzing the concept of romantic love and an interdisciplinary approach to its study in cultural context. Part II traces the origin and evolution of romantic love both in various places throughout the world and various time periods throughout history. Part III presents the revolutionary expansion of romantic love ideas and practices in the late 20th and early 21st centuries in various parts of the world, focusing particularly on the development of romantic love

as a cultural ideal of the modern cultures Finally the book concludes by summarizing the major achievements in this field of study and predicts future development A timely and thoughtful addition to the literature Romantic Love in Cultural Contexts delivers thought provoking insights to researchers in relationship scholarship sociology anthropology and cultural studies and all those interested in the universal human concept of love Overall I find Dr Victor Karandashev is an excellent and fine scholar who has a firm grasp of both the fundamental principles of cross cultural research and of anthropology In our increasingly connected world Romantic Love in Cultural Contexts updates and adds to the descriptions and explanations of similarities and differences in romantic love across generations and cultures Romantic love encompasses the life span rather than being a phenomenon largely confined to youthful years The topic of this project concerns the deepest of our sentiments and pervades life from birth to death This book contributes to better knowledge of this phenomenon across generations Flix Neto Professor of Psychology Faculdade de Psicologia e de Ciências da Educação Universidade do Porto Portugal
