Lovers' Legends Unbound Agnes Lev, 2004 To the Greeks their gods and heroes were the encounter with the divine as well as true history By means of myths the Greeks stamped with authenticity their names their land their customs their very existence Thus the myths remain an open window through which we can look upon our forefathers and the ways they imagined themselves Their stories reflect a nuanced morality that integrated same sex love with spiritual teachings By turn heroic cautionary or shamanic they always maintain the dignified cadence of ancient epic The myths proclaim that self indulgence betrayal and violence are to be despised and that love is the highest good **Perspectives** ,2004 **British Masculinity in Transatlantic Cinema** Carolyn Owen-King, 2024-12-12 British Masculinity in Transatlantic Cinema explores the Hollywood careers and stardom of British male actors who had fought in the first World War In an apparently incongruous development in the years after the armistice some of the men who fought in Scottish regiments during World War I found some degree of career success in Hollywood s film industry two of which included Ronald Colman and Basil Rathbone Through exploring transatlantic film history this book uncovers the ways in which these men were presented in media and on screen arguing that they carry with them even in films made at the height of censorship an appealing and attractive queerness Owen King expands on Eve Kosofsky Sedgwick s theory of homosocial homosexual continuum and offer readings of film texts that use her theories to survey gender and sexual identities within Hollywood s Golden Era

American Culture looks at how vampire stories from Bram Stoker's Dracula to Blacula from Bela Lugosi's films to Love at First Bite have become part of our ongoing debate about what it means to be human William Patrick Day looks at how writers and filmmakers as diverse as Anne Rice and Andy Warhol present the vampire as an archetype of human identity as well as how many post modern vampire stories reflect our fear and attraction to stories of addiction and violence He argues that contemporary stories use the character of Dracula to explore modern values and that stories of vampire slayers such as the popular television series Buffy the Vampire Slayer integrate current feminist ideas and the image of the Vietnam veteran into a new heroic version of the vampire story
