on how people should live their lives This has led many people to turn to wrong sources for guidance sometimes with very little success or no success at all leading to a life of despair hopelessness and failure Because of this suppression of Gods word there seems to be famine in our society famine of truth famine of the word of God There is also darkness in our society many people are confused and some do not know what to do with their lives But the word of God is light its gives understanding it gives hope it provides guidance on spiritual matters the salvation of the human soul and solutions to all our problems Sometimes life is easier and beautiful if you know what to do in any situation you find yourself Many people desire a good family life peace joy hope self discipline strength encouragement a connection with a higher being that transcends human existence and meaning to life in their spiritual quest As you read this book know that I am praying for you for all these blessings in Jesus name amen Anthony Bright Atwam According to scripture the church is the salt and the light of this world But the church seems to have locked the resources God has given her to be given to the world in the room and has put the keys in her pocket while the world is suffering One of the things the church needs to do is to start to unpack and release the resources God has given her to meet the needs of postmodern spiritual quest Anthony Bright Atwam
