## Loves Children:

**Why Your Children Loves You...** Eliza Lian-Ding,2009      *Just Like Children* Dr. Sahadeva Das,2018-01-01 *Just Like Children* One should treat animals such as deer camels asses monkeys mice snakes birds and flies exactly like one s own son How little difference there actually is between children and these innocent animals      [The 5 Love Languages of Children/The 5 Love Languages of Teenagers Set](#) Gary Chapman,Ross Campbell,2010-04-21 This set includes *The 5 Love Languages of Children* and *The 5 Love Languages of Teenagers* In *The 5 Love Languages of Children* the author examines the different languages your children speak Sometimes they wagger for your attention and other times they ignore you completely Sometimes they are filled with gratitude and affection and other times they seem totally indifferent Attitude Behavior Development Everything depends on the love relationship between you and your child When children feel loved they do their best But how can you make sure your child feels loved Since 1992 Dr Gary Chapman s best selling book *The Five Love Languages* has helped more than 300 000 couples develop stronger more fulfilling relationships by teaching them to speak each others love language Each child too expresses and receives love through one of five different communication styles And your love language may be totally different from that of your child While you are doing all you can to show your child love he may be hearing it as something completely opposite Discover your child s primary language and learn what you can do to effectively convey unconditional feelings of respect affection and commitment that will resonate in your child s emotions and behavior In *The 5 Love Languages of Teenagers* Dr Gary Chapman explores the world in which teenagers live explains the developmental changes and give tools to help you identify and appropriately communicate in your teens love language Socially mentally and spiritually teenagers face a variety of pressures and stresses each day Despite these peer pressures it is still parents who can influence teens the most Are you equipped to love your teenager effectively Get practical tips on loving your teen effectively and explore key issues in your teen s life including anger and independence Finally learn how to set boundaries that are enforced with discipline and consequences and discover useful ways for the difficult task of loving when your teen fails Get ready to discover how the principles of the five love languages can really work in the lives of your teens and family Over 400 000 copies sold      **LOVE YOUR CHILDREN** Dr. George Vareekal, Dr. (Smt.) Rajkumari George,2020-01-07 *Love Your Children* is a book co authored with my wife Professor Dr Rajkumari George on parenting It is the product of our insights and fascinating experience about child and child care and incorporates our views and thoughts as parents about children The children are the most precious human asset and the future of humanity depends on the 26 percent vibrant child population They belong to the most vulnerable sections of the society and warrant special care and attention of the global community This book honestly encapsulates the authors reflections and convictions on responsible parenting Holistic parenting is a challenging human project and encompasses the family and the community besides sensitization of the perennial issues related to child rights child abuses and child deviances The book also contains many

valuable suggestions and tips to parents and aspiring parents It does not however provide any tailor made criteria for raising children There is only one golden rule of child raising and child care Parents LOVE YOUR CHILDREN They will perform miracles if you love them Love's Vision Troy Jollimore,2011-07-05 Love often seems uncontrollable and irrational but we just as frequently appear to have reasons for loving the people we do In Love s Vision Troy Jollimore offers a new way of understanding love that accommodates both of these facts arguing that love is guided by reason even as it resists and sometimes eludes rationality At the same time he reconsiders love s moral status acknowledging its moral dangers while arguing that it is at heart a moral phenomenon an emotion that demands empathy and calls us away from excessive self concern Love is revealed as neither wholly moral nor deeply immoral neither purely rational nor profoundly irrational Rather as Diotima says in Plato s Symposium love is something in between Jollimore makes his case by proposing a vision view of love according to which loving is a way of seeing that involves bestowing charitable attention on a loved one This view recognizes the truth in the cliché love is blind but holds that love s blindness does not undermine the idea that love is guided by reason Reasons play an important role in love even if they rest on facts that are not themselves rationally justifiable Filled with illuminating examples from literature Love s Vision is an original examination of a subject of vital philosophical and human concern

*31 Eucharistic Devotions For Kids* Vijay Martis,2024-08-27 **The Children's Bible** Charles Foster Kent Henry A. Sherman,2016-08-24 The Children s Bible provides in simple English a translation of selections from both the Old and the New Testament These selections have been made as a result of more than twenty five years of observation and study The text is that of the Bible itself but in the language of the child so that it may easily be read to the younger children and by those who are older It is not in words of one syllable for while the child is reading the Bible he should gradually learn the meaning of new words and idioms The Bible contains the foundations on which the religious life of the child must be built The immortal stories and songs of the Old and New Testaments are his richest inheritance from the past To give him this heritage in language and form that he can understand and enjoy is the duty and privilege of his parents and teachers It is hoped that The Children s Bible will meet the need and the demand which parents and educators alike have long felt and often expressed for a simple translation of

selections from the Bible most suited to the needs and the interests of the child It is also believed that after the child has learned to appreciate and love these stories and songs he will be eager and able to read the Bible as a whole with genuine interest and understanding

*The Prudence of Love* Eric J. Silverman,2009-12-02 The Prudence of Love How Possessing the Virtue of Love Benefits the Lover focuses upon the intersection of philosophical theological and psychological issues concerning love Eric Silverman advocates an account of the virtue of love derived from Thomas Aquinas s account of charity and makes three claims concerning love s effect on a person s happiness First he argues that there are at least five distinct ways that possessing the virtue of love contributes to the lover s happiness Surprisingly only one of these benefits is primarily relational while the other benefits are largely psychological Second Silverman argues that the combination of love s benefits typically increases the lover s overall level of happiness Finally he argues that possessing a loving disposition is a more reliable strategy for increasing one s overall happiness than possessing an unloving disposition Throughout The Prudence of Love Silverman demonstrates that love s benefits are identifiable according to all four major views of happiness

blends lyrical prose with vivid descriptions and heartfelt dialogue evoking the rich tapestry of rural life in early 20th century Canada This series not only explores themes of identity belonging and the transformative power of imagination but also critiques societal expectations placed on women making it a significant text within the scope of children s literature Lucy Maud Montgomery born in 1874 drew from her own experiences as a woman raised in a rural setting navigating the complexities of familial relationships and societal norms Her background shaped her understanding of place and character which is vividly reflected in Anne s journey from childhood to adulthood The author s keen insights into human nature and her deep appreciation for the natural world enhance the emotional depth and authenticity of her writing suggesting a powerful connection between her life experiences and the struggles faced by her characters This collection is highly recommended for readers of all ages as it offers timeless lessons on resilience friendship and the importance of dreaming Montgomery s ability to blend humor warmth and poignancy makes this series a literary treasure that continually resonates inviting readers to rediscover the joys and challenges of adolescence through Anne s eyes Works of Love Robert L. Perkins,1999 To claim that Works of Love is an important philosophical essay is to assume hazardous burden of proof The book s title is an allusion to the Bible s injunction that we should love our neighbor as we love ourselves a far cry far instance from Diotoma s ladder of erotic desire up which we climb from the love of bodies until we catch a vision of that single sea of beauty beauty itself Plato Symposium This contrast given that some of some of our neighbors may not be particularly likable or one may even be a determined enemy suggests immediately to some that a book with such an obviously religious title must be excessively moralistic and at best full of sermon helps for the harried clergy or at worst laden with rules for the unlearned laity A casual perusal of a few paragraphs however shows these put down views of the book to be unfounded **Phrenology in the Family: or, the utility of phrenology in early domestic education. status transitory In *Loving Later Life* Frits de Lange shows how an ethics of love can acknowledge and overcome this fear of aging and change our attitude toward the elderly De Lange reframes the biblical love command this way We must care for the aging other as we care for our own aging selves We can encourage positive self love by embracing life as we age taking good care of our own aging bodies staying good friends with ourselves and valuing the last season of life When we cultivate this kind of self love we are released from our aversion to growing old and set free to care about others who are aging our parents our relatives and others in their final season of life
