*Loving Sex for Both Sexes* Dale Bick Carlson, 1979-01-01 Presenting sex as a simple normal healthy instinct provides factual knowledge about sex and discusses feelings attitudes and decisions about sex that affect our lives Love, Sexuality, and Matriarchy Erich Fromm, 2024-02-27 A fascinating collection of essays on the complicated relations between men and women from the New York Times bestselling author of *The Art of Loving* The New York Times Book Review The renowned social psychologist delves deep into the fraught relationship between genders drawing upon the influential insights of Bachofen Freud Marx and Briffault Not primarily interested in the existence of anatomical and biological differences between the sexes Fromm instead analyzes how these differences have been made use of throughout human history Drawing from Bachofen's *Mother Right* Fromm expounds on how matriarchal and patriarchal social structures determine relations between the sexes in essential ways and how they are shaped by the dominant orientation of the social character at any given time He posits that the most important question concerning gender relations is which characterological orientation determines human relationships love or hate love of life or fascination with force Thus it will not be gender conflict that will determine humanity's future but whether we opt for love of life or love of death As these essays show Fromm was a wide ranging thinker whose writings sometimes manifested brilliant insights or practical wisdom Kirkus Reviews **Sexuality, Love and Partnership** Rudolf Steiner, 2013-05-09 Rudolf Steiner presents the human soul dilemma split into male and female attributes but offers a path of development which will eventually lead to overcoming these what Jung called individuation a merging with the true self or true ego of the human being from the Introduction We live in a sexualised society surrounded by sexual imagery and content in almost every area of life This presents us with many challenges including an increasing blurring and confusion between love and sex strife between men and women over their roles in society and a consistent assault on the innocence of childhood Despite the sensibilities of his time Rudolf Steiner made a huge contribution to our understanding of the complex theme of sexuality In this freshly compiled anthology Steiner describes the point in evolution at which human beings split from being androgynous and single sexed to becoming male or female He traces the changing roles of the sexes in society from the matriarchal past to today's patriarchal dominance The division of the sexes brings suffering but also the possibility of achieving higher stages of love In the distant future humanity can evolve sexuality into a new form with even the possibility of reproduction being metamorphosed Refreshingly Steiner is not judgmental and does not preach asceticism He recognises the all too human frailty people confront in their personal lives even in the case of great individuals such as Goethe Sex is a necessary stage of human evolution and the split nature of the human being is a fact of our age Its healing will be gradual but like Amfortas in the Grail story whose wounded groin was a metaphor for amorous misadventure we can all be healed through love and compassion **Love, Sex, & Marriage Volume 2** Barrington O. Burrell, 2013-04-09 BISHOP BARRINGTON BURRELL is a senior minister in the New Testament Church of God UK for over forty two years He is

an author counsellor Bible teacher and family life conference speaker He is a graduate from the Ebenezer Bible Institute in Switzerland His profound love for humanity coupled with a distinct call of God has brought him face to face with the practical and spiritual issues of today's generation He is married to beautiful Maxine and they are blessed with two grown up children and four gorgeous grandchildren He is very committed to his lovely family      **Love, Sex and Marriage** Cohn-Sherbok Dan, 2015-04-21 In all three Abrahamic faiths Judaism Christianity and Islam marriage is part of God's plan for humanity as illustrated in the Hebrew Scriptures the New Testament and the Koran as well as the religious literature of these three traditions      **Intimate Spirituality** Gordon J. Hilsman, 2007-03-05 In Intimate Spirituality The Catholic Way of Love and Sex Gordon J Hilsman presents sexual loving as integral to rather than separate from most people's spiritual lives His coalescing of intimate love with traditional Catholic concepts virtues capital sins fruits of the Spirit sacraments augments the pervasively moral view of sex with a spiritual perspective that highlights its beauty and power to shape the virtue of people's lives Seeing sexual attraction as built into humanity by the Creator to feed and challenge virtually all persons worldwide he illustrates how intimate loving is actually a neglected aspect of Christian spirituality that has never been developed as fully as the individual and the communal Hilsman calls upon theologians and spiritual leaders to further develop the understanding of intimate loving as a genuinely beautiful spiritual aspect of life Many Christians Catholics and Protestants alike who take both their love lives and their Christian faith seriously will find the positive healthy view of sexuality presented in this book illuminating and helpful So will those who counsel them      **Coming of Age in New Jersey** Michael Moffatt, 1989 To present these thoughtfully crafted case studies of undergraduate culture the author did what anthropologists usually do in more distant cultures he lived among the natives His findings are sometimes disturbing potentially controversial but somehow very believable This text presents a vivid slice of life of what the author saw and heard in the dorms of a typical state university Rutgers in the 1980s      **The Swedenborg Library: Marriage and the sexes in both worlds** Emanuel Swedenborg, 1881      Sex and Manners Cas Wouters, 2004-09-01 This is a highly original and in many ways brilliant text It is a model of how historical process sociological research ought to be conducted and written up The author's subtle blending of theory and data is outstanding Eric Dunning Professor of Sociology University of Leicester Wouters has written a book both broad in scope and deep in analytic reach Exploring changes in courtship norms over the last century in English Dutch German and American books of manners he discovers changes which confirm the theory of informalization Relations between the sexes are he shows us less regulated from outside and more from inside This change calls paradoxically for both an emancipation of emotion and an ever sharper cultural eye on ways of managing emotion The book carries Elias's classic The Civilizing Process one giant step further An important contribution and a fascinating read Arlie Russell Hochschild University of California This dazzling book examines changes in American Dutch English and German manners regarding the changing relationships between men and women From the disappearance of rules for

chaperonage and the rise of new codes for courting dates public dances and the work place it shows how women have become their own chaperone by gaining the rights to pay for themselves to have a job and be a sexual subject This original and thought provoking book provides empirical evidence showing how younger generations removed their courting from under parental wings and how the balance of power between the sexes shifted in women s favour monitors changes in codes regarding sexuality by focusing on the balance between the desire for sexual gratification and the longing for enduring intimacy documents the balance of controls over sexual impulses and emotions shifting from external social controls to internal ones compares nationally different trends particularly between the USA and Europe focusing on the American dating system and its resulting double standards argues that the initial greater freedom of American women has turned into a deficit
