Loving Women loving Men Gay Liberation And The Church:

Loving Women/loving Men Sally Miller Gearhart, William Reagan Johnson, 1974 Outlines the growing conflict between Gay people and organized religion and is a timely history of Gay church confrontation over the past decade including the fine scholarship of the Reverend Robert L Treece's biblical perspective *Loving Women/Loving Men; Gay Liberation and the Church. Edited/ Authored by Sally Gearhart and William R. Johnson* Sally Miller Gearhart, 1974 **Lovin Women, Loving Men** Sally Gearhart, 1974 **Radical Love** Patrick S. Cheng, 2011-03 The first introductory textbook on the subject of queer theology Contextual theologies have developed from a number of perspectives including feminist theology black theology womanist theology Latin American liberation theology and Asian American theology and a wide variety of academic and general introductions exist to examine each one However Radical Love is the first introductory textbook on the subject of queer theology In this lucid and compelling introduction Cheng provides a historical survey of how queer theology has developed from the 1950s to today and then explicates the themes of queer theology using the ecumenical creeds as a general framework Topics include revelation God Trinity creation Jesus Christ atonement sin grace Holy Spirit church sacraments and last things as seen through the lenses of LGBT theologians **Gay and Lesbian Theologies** Elizabeth Stuart, 2017-09-08 Gay and lesbian theology has been one of the most distinctive voices to have emerged in Christian theology in the last 30 years It has placed lesbian and gay experience at the heart of the theological process Elizabeth Stuart one of the most prominent theologians in this field presents the first critical survey of gay and lesbian theology arguing that its emergence was nothing short of miraculous Gay and lesbian theologians managed to take a dominant Christian discourse which rendered them sinful sick and harmful to the common good and transform it into a theology which argued that a person's sexuality provided the point of contact between God and themselves Stuart argues that miraculous though this was gay and lesbian theology has revealed itself to be bankrupt incapable of providing universally convincing reasons for the inclusion of lesbian and gay people and their relationships in the Church and unable to deal with the defining experience of lesbian and gay communities in the late twentieth century AIDS Stuart concludes that lesbian and gay people and their opponents in the Church have too easily bought into modern constructions of sexual identity and cut themselves off from a Christian tradition which is far more queer in that it refuses to accept the stability of gender and sexual desire Stuart argues that the only way out of the current deadlock on the issue of homosexuality in the Churches is for both sides to embrace this ancient queer tradition a Christian tradition which teaches that in the end gender and sexual identities have no ultimate importance *Ford's The Modern Theologians* Rachel Muers, Ashley Cocksworth, 2024-02-21 Captures the multiple voices of Christian theology in a diverse and interconnected world through in depth studies of representative figures and overviews of key movements Providing an unparalleled overview of the subject The Modern Theologians provides an indispensable guide to the diverse approaches and perspectives within Christian theology from the early twentieth century to the present Each

Parish, the Thought

David B. Bowman, 2018-01-24 The calling to parish ministry involves a journey leading through lowland thickets and high plateau vistas It's a vocation not for weak spirits The parish presents general challenges rather than specialist endeavors So wearing one hat after another the pastor may speak from the pulpit join a team processing a current social concern visit the intensive care hospital unit and offer counsel at birth marriage or death maybe all in one day Clergy and non ordained alike will find that *Parish the Thought* provides a closeup insight into this ministry telling the truth about the defeats and victories experienced over the course of forty years in the parish This memoir spends little time in navel gazing Rather the author explores the humor conflicts ventures and achievements that rise in his memory The reader will detect a commitment to priestly and prophetic ministry one that seeks to comfort the distressed and to nudge the comfortable out of apathy encompassing the personal and public dimensions of the faith All this as an adventure following the Pioneer Jesus the Christ The selections from this forthcoming book are elegantly written and spiritually profound in a way that effectively synthesizes a convincing true to life immediate concreteness of real persons in real situations of spiritual significance on the one hand with the essential Christian realities of guilt confession forgiveness redemption humility humor joy hope and a continuous sense of God's living presence in the heart on the other Russell Pannier Professor William Mitchell College of Law St Paul

Minnesota David Bowman's pastoral recollections in *Parish the Thought is a Socratic exercise in an examined life*. It is a collection of stories that stand on their own but within which lie deeper truths that David has had both the wit and wisdom to mine. Insightful, sensitive, but most of all searching, an excellent example of a well-lived life. I recommend it highly. Thomas E. Smith, Pastor, Presbyterian Chapel of the Lakes, Adjunct Instructor, Trine University. Bowman's approach to ministry was to look directly at current moral and ethical issues and using scripture and his own wisdom to deal publicly and personally with the issues, encouraging community of dialogue. Dave's voice then showed wisdom, insight, and patience, and those qualities persist in this engaging new book. I commend it to thoughtful readers. W. James Halfaker, Former Conference Minister for the United Church of Christ in Washington and North Idaho. David Bowman's sketches and recollections each summon up a unique moment and place with crystal clarity; yet the characters' moods and feelings are universal. His life in active ministry glosses on social protest, race, ecumenicism, and Alexander Calder's sculpture, and at the same time the delicateness of person to person, pastoral relationships shine through with the same humanity and emotion as the largest historical trends. This memoir is a joy to read and an inspiration of lived faith. Joe Kanofsky, Rabbi, Toronto, Canada. The Rev. David B. Bowman, PhD, lives in semi-retirement in Saratoga, California. He is the author of a previous book, *Saints Along the Way: Women and Men Who Have Influenced My Life*. His parish ministry following doctoral studies at Glasgow University, Scotland, has spanned the continent from New York to California, including Michigan, Washington, State, Iowa, Indiana, and Ohio. Such a journey led a friend to call him a wanderer in the earth.

This Present Darkness Kristen Welch, 2021-08-17. As a Christian, as a college student, do you want to be a feminist? Why would anybody want to be a feminist? And what if anything have Christians done to advance women's rights? The answers lie in this book, where the history of women preachers, the rise of the publishing industry, the creation of eighteenth and nineteenth-century female seminaries and academies, and the work of feminist theologians is explored. This book introduces the Christian college student to a coherent story of First, Second, and Third Wave Feminism and how these interlocking histories overlap with Christian faith and practice. Designed for the student who has little or no knowledge of feminist histories, theories, and practices, this book offers timelines, reading lists, and glossaries to help orient the student in a field of study often filled with irony and contradictions. Furthermore, the influence of anti-feminists and the impact of visual culture tell a story of how power is made and how it is challenged. Throughout this book, students are invited to consider their relationship with feminism and to critically reflect on a position that holds true to their faith as they are experiencing it in the twenty-first century.

Frankenstein's Daughters Jane L. Donawerth, 1997-04-01. Women Science fiction authors past and present are united by the problems they face in attempting to write in this genre, an overwhelmingly male-dominated field. Science fiction has been defined by male-centered scientific discourse that describes women as alien others rather than rational beings. This perspective has defined the boundaries of science fiction, resulting in women writers being excluded as equal participants in the genre. *Frankenstein's Daughters* explores the different strategies

women have used to negotiate the minefields of their chosen career they have created a unique utopian science formulated by and for women with women characters taking center stage and actively confronting oppressors This type of depiction is a radical departure from the condition where women are relegated to marginal roles within the narratives Donawerth takes a comprehensive look at the field and explores the works of authors such as Mary Shelley Marion Zimmer Bradley Ursula K Le Guin and Anne McCaffrey *Sexual Disorientations* Kent L. Brintnall, Joseph A. Marchal, Stephen D. Moore, 2017-11-07 Sexual Disorientations brings some of the most recent and significant works of queer theory into conversation with the overlapping fields of biblical theological and religious studies to explore the deep theological resonances of questions about the social and cultural construction of time memory and futurity Apocalyptic eschatological and apophatic languages frameworks and orientations pervade both queer theorizing and theologizing about time affect history and desire The volume fosters a more explicit engagement between theories of queer temporality and affectivity and religious texts and discourses

Queer Thriving in Religious Schools Seán Henry, 2024-04-23 This book offers an account of religious schooling committed to queer thriving and envisions how queer staff and students can live their lives without being accommodated within heteronormative religious traditions Engaging with queer theological perspectives across the Jewish Christian and Muslim traditions the book begins by situating queer thriving as a viable part of the work of the religious school and not just as something reserved for progressive education more broadly Taking three areas that are typically used to justify religious heteronormativity religious texts religious values religious rituals it engages queer theologies to showcase how an educational approach committed to queer thriving can be enacted in religious schools in ways that are also theologically sensitive The book then explores how religious school communities can navigate differences around queerness and religion in ways that are supportive of queer staff and students It takes desire as an everyday reality in classrooms and applies a queer lens to this to challenge heteronormativity and to imagine alternative modes of relationship between staff students and communities that enable queer staff and students to thrive Showcasing possibilities of resistance for the opposition between religious and queer concerns it will appeal to researchers postgraduates and academics in the fields of religion and education

A Special Illumination Rollan McCleary, 2017-07-28 Gay spirituality represents a hidden strand in Western thought that was only publically declared from the Gay Liberation of the 1970s Since coming out expressions of gay spirituality have proliferated in both number and diversity Beginning with gay theology within Christianity the phenomenon has now reached as far as Buddhism and neo paganism But so far critical analysis of the movement has been very limited largely because gay spirituality has been treated as a political and social movement arguing for rights and acceptance within religious circles A Special Illumination offers an indepth analysis and argues that gay spirituality should be placed at the heart of religion

Lovelace, 2002-04-30 In recent times the question of homosexual rights has burst upon the scene becoming a burning emotional controversy Many church leaders have become embroiled in debate and entire denominations are sharply divided over this issue Though the church has traditionally served as a moralistic commentator on the sidelines it now finds itself in the middle of this controversy Should self affirmed sexually active homosexuals be ordained as ministers Should they even be welcomed as fellow believers How should the Bible be interpreted and what is its role in ethical guidance of reason experience and the Holy Spirit Should the church tolerate a diversity of convictions and life styles in its sexual ethic In *Homosexuality How Should Christians Respond* Dr Richard F Lovelace deals with these questions from an evangelical point of view He presents the historic church position from Augustine to Theilicke and surveys and analyzes the literature of recent decades which challenges the historic position Biblical texts that speak specifically on homosexual behavior are studied extensively and brought into sharp focus by corollary Scripture passages This is an intensely practical book sensitively written to help the church reach out to the needs of homosexuals in constructive and compassionate ways **The Gay Past** S. J. Licala, R. P. Peterson, 2014-06-03 Fascinating reading on the plight of gay men and women through the ages The contributors to this compassionate book document how society has made life difficult and even dangerous for homosexual people Through narrative history as well as biography these essays trace the legal social and physical consequences of this oppression

Liberation Theologies in the United States Stacey M Floyd-Thomas, Anthony B Pinn, 2010-03-01 *Liberation Theologies in the United States* reveals how the critical use of religion can be utilized to challenge and combat oppression in America In the nascent United States religion often functioned as a justifier of oppression Yet while religious discourse buttressed such oppressive activities as slavery and the destruction of native populations oppressed communities have also made use of religion to critique and challenge this abuse As *Liberation Theologies in the United States* demonstrates this critical use of religion has often taken the form of liberation theologies which use primarily Christian principles to address questions of social justice including racism poverty and other types of oppression Stacey M Floyd Thomas and Anthony B Pinn have brought together a stellar group of liberation theology scholars to provide a synthetic introduction to the historical
