Poets and the Fools Who Love Them Richard Katrovas,2022-02-16 Poets and the Fools Who Love Them blends autobiography with cultural commentary and meditates on creative writing as a cottage industry within

humanities higher education Celebrated poet and memoirist Richard Katrovas examines his picaresque early years with a criminal father a beleaguered mother and four siblings as state and federal authorities pursued the family across the highways of America His freewheeling wide ranging essays consider among other social constructs the relation of crime and art and the relation of both to the authority of the state particularly in terms of race and class Katrovas speaks candidly about how white privilege facilitated his father s criminal career as a lifestyle of larceny and used car scams perpetuated state to state would have surely had different implications for a family of color Drawing on his adulthood in academe Katrovas s memoir in essays chronicles a quest to locate surrogate fathers among older poets and other creative writers and reflects upon the ways in which that search has affected his role as the father to three Czech American daughters The book flows from the love of a poet for other poets for the community of poets one likened to a gang of priests and a herd of bears Katrovas maintains that most lovers of poets are themselves poets and those lovers of poets who are not themselves poets are saints At its heart Poets and the Fools Who Love Them contemplates with care and unabashed honesty the role of art and the artist in the madcap twenty first century **mindandbelief.com** Eugene G. Breen, 2014 The human mind is the pinnacle of creation It is spiritual and emanates from the human brain initially at any rate It is sociable and abstract and has an enormous coefficient of expansion It can love It can think It can believe It is the faculty that sets us apart from all other levels of being on the planet It inhabits a dying world which has flickers of life like fireworks which sooner or later disappear like Chinese lanterns in the sky We disappear too but our minds live on hankering to be reunited with our old flames our bodies Then the orchestra rises in crescendo as our minds and bodies reunite for better or for worse and ride into the sunset Great stuff Read all about it The mind and body inseparable in life and separated at death reappear in This is Your Life Last Epic Episode What will it be A comedy a tragedy or a thriller It is all up to free will and belief The believing mind is all powerful provided it engages rationality honestly
