## **Lucretius The Transpadanes:**

**Lucretius and the Transpadanes** Louise Adams Holland, 2015-03-08 In the absence of tape recordings from antiquity we have a limited knowledge of how classical Latin prose or verse sounded as it was rendered orally Yet we do know that the spoken word varied greatly from place to place regardless of how much uniformity the written language maintained Louise Adams Holland considers the geographical basis for these linguistic differences and advances new arguments for the origin of Lucretius She shows that he came from the same area of northern Italy the Transpadane as Catullus and Virgil not from Rome as the majority of his critics have contended Originally published in 1979 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Lucretius Claudia Schindler, 2022-12-12 Lucretius De rerum natura written around 55 BCE ranks among the most influential texts in Roman literature The poet's vision of a world made of atoms his mockery of the fear of death and the gods and fervent advocacy of the mortality of the soul over many centuries incensed his critics on one hand and on the other earned him a devoted following This volume provides an introduction to the oldest completely preserved Latin didactic poem and to the most important research questions concerned with the text A Reading of Lucretius' De Rerum Natura Lee Fratantuono, 2015-06-03 Lucretius philosophical epic De Rerum Natura On the Nature of Things is a lengthy didactic and narrative celebration of the universe and in particular the world of nature and creation in which humanity finds its abode This earliest surviving full scale epic poem from ancient Rome was of immense influence and significance to the development of the Latin epic tradition and continues to challenge and haunt its readers to the present day A Reading of Lucretius De Rerum Natura offers a comprehensive commentary on this great work of Roman poetry and philosophy Lee Fratantuono reveals Lucretius to be a poet with deep and abiding interest in the nature of the Roman identity as the children of both Venus through Aeneas and Mars through Romulus the consequences both positive and negative of descent from the immortal powers of love and war are explored in vivid epic narrative as the poet progresses from his invocation to the mother of the children of Aeneas through to the burning funeral pyres of the plague at Athens Lucretius epic offers the possibility of serenity and peaceful reflection on the mysteries of the nature of the world even as it shatters any hope of immortality through its bleak vision of post mortem oblivion And in the process of defining what it means both to be human and Roman Lucretius offers a horrifying vision of the perils of excessive devotion both to the gods and our fellow men a commentary on the nature of pietas that would serve as a warning for Virgil in his later depiction of the Trojan Aeneas *Lucretius Poet and Philosopher* Philip R. Hardie, Valentina Prosperi, Diego Zucca, 2020-07-06 Six hundred years after Poggio's retrieval of the De

rerum natura and with the recent surge of interest in Lucretius and his influence there has never been a better time to fully assess and recognize the shaping force of his thought and poetry over European culture from antiquity to modern times This volume offers a multidisciplinary and updated overview of Lucretius as philosopher and as poet with special attention to how these two aspects interact The volume includes 18 contributions by established as well as early career scholars working on Lucretius philosophical and poetic work and his reception both in ancient and early modern times All the chapters present new and original research Section I explores core issues of Epicurean Lucretian epistemology and ethics Section II expounds much new material on ancient response to and reception of Lucretius Section III presents new material and analysis on the immediate fraught early modern reception of the poem Section IV offers a wide collection of new and original papers on Lucretius fortunes in the period from Machiavelli up to Victorian times Section V explores little known aspects of the iconographical and biographical motifs related to the *De rerum natura*

*The Early Textual History of Lucretius' De rerum natura* David Butterfield, 2013-10-17 This is the first detailed analysis of the fate of Lucretius *De rerum natura* from its composition in the 50s BC to the creation of our earliest extant manuscripts during the Carolingian Age Close investigation of the knowledge of Lucretius poem among writers throughout the Roman and medieval world allows fresh insight into the work's readership and reception and a clear assessment of the indirect tradition's value for editing the poem The first extended analysis of the 170 subject headings capitula that intersperse the text reveals the close engagement of its Roman readers A fresh inspection and assignation of marginal hands in the poem's most important manuscript the Oblongus provides new evidence about the work of Carolingian correctors and offers the basis for a new Lucretian stemma codicum Further clarification of the interrelationship of Lucretius Renaissance manuscripts gives additional evidence of the poem's reception and circulation in fifteenth century Italy

Style in Latin Poetry Paolo Dainotti, Alexandre Pinheiro Hasegawa, Stephen Harrison, 2024-02-19 Though stylistics undoubtedly plays a crucial role in the scholarship on Latin poetry from commentaries to textual criticism from intertextuality to literary criticism in recent years it has not received the attention it deserves This book published a generation after Adams and Mayer's seminal 1999 volume *Aspects of the Language of Latin Poetry* ideally aims to complement and update it on a smaller scale offering the reader a collection of stimulating papers from international scholars on the style of some of the most significant voices of Latin poetry from early drama to the Flavian period

**Being Alone in Antiquity** Rafał Matuszewski, 2021-11-22 This volume aims to provide an interdisciplinary examination of various facets of being alone in Greco-Roman antiquity Its focus is on solitude social isolation and misanthropy and the differing perceptions and experiences of and varying meanings and connotations attributed to them in the ancient world Individual chapters examine a range of ancient contexts in which problems of solitude loneliness isolation and seclusion arose and were discussed and in doing so shed light on some of humankind's fundamental needs fears and values

Selections from De Rerum Natura Bonnie A. Catto, 1998-01-01 A brief biography of Lucretius History of

materialist theory of the universe Detailed discussion of Lucretian originality and style Section on meter Bibliography The text includes 53 passages 1291 lines total spanning the entire

**On the Nature of the Universe** Titus Lucretius Carus, 1994 This is regarded as a seminal text of Epicurean science and philosophy With a new introduction and commentary and a revised translation this edition acknowledges advances in textual research and also provides more background information for the reader

**From the Gracchi to Nero** H.H. Scullard, 2021-11-18 From the Gracchi to Nero is an outstanding history of the Roman world from 133 BC to 68 AD Fifty years since publication it is widely hailed as the classic survey of the period going through many revised and updated editions until H H Scullard's death It explores the decline and fall of the Roman Republic and the establishment of the Pax Romana under the early Principate In superbly clear style Scullard brings vividly to life the Gracchi's attempts at reform the rise and fall of Marius and Sulla Pompey and Caesar society and culture in the late Roman Republic the Augustan Principate Tiberius and Gaius Claudius and Nero and economic and social life in the early Empire

*The Romans* Karl Christ, 1984 *The Classical Review*, 1990 *Approaching the Roman Revolution* Ronald Syme, 2016-10-27 This volume collects twenty six previously unpublished studies on Republican history by the late Sir Ronald Syme 1903-1989 drawn from the archive of Syme's papers at the Bodleian Library This set of papers sheds light on aspects of Republican history that were either overlooked or tangentially discussed in Syme's published work They range across a wide spectrum of topics including the political history of the second century BC the age of Sulla the conspiracy of Catiline problems of constitutional law and the Roman conquest of Umbria Each of them makes a distinctive contribution to specific historical problems Taken as a whole they enable us to reach a more comprehensive assessment of Syme's intellectual and historiographical profile The papers are preceded by an introduction that places them within the context of Syme's work and of the current historiography on the Roman Republic and are followed by a full set of bibliographical addenda

[Reference Guide to World Literature](#) Tom Pendergast, 2003 Covers writers from the ancient Greeks to 20th century authors Includes biographical bibliographical entries on nearly 500 writers and approximately 550 entries focusing on significant works of world literature Each author entry provides a detailed overview of the writer's life and works Work entries cover a particular piece of world literature in detail

*The British Library General Catalogue of Printed Books 1976 to 1982* British Library, 1983

**Literary Patronage in Greece and Rome** Barbara K. Gold, 1987 Focusing on literary evidence Gold explores patronage in Greece and Rome through the words of the authors revealing the forces that patronage exerted on genius and talent The author argues that although the patron was in important influence in the development of the literature written for and about him the literary product emerged as a force in itself independent of the influence of the patron Gold sees the relationship between patron and literature as an integrator of the public and private realms Originally published in 1987 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are

published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

*Ovid's Changing Worlds* Raphael Lyne, 2001 *Ovid's Changing Worlds* looks at the four most important English imitations of Ovid's *Metamorphoses* in the English Renaissance. It sheds new light on dealings with the classics in the period and shows that the emergence of English literature from the shadows was a complex and fascinating process.

*The Inarticulate Renaissance* Carla Mazzio, 2016-01-08 *The Inarticulate Renaissance* explores the conceptual potential of the disabled utterance in the English literary Renaissance. What might it have meant in the sixteenth century age of eloquence to speak indistinctly, to mumble to oneself or to God, to speak unintelligibly to a lover, a teacher, a court of law, or to be utterly dumfounded in the face of new words, persons, situations, and things? This innovative book maps out a Renaissance otherwise eclipsed by cultural and literary critical investments in a period defined by the impact of classical humanism, Reformation poetics, and the flourishing of vernacular languages and literatures. For Carla Mazzio, the specter of the inarticulate was part of a culture grappling with the often startlingly incoherent dimensions of language practices and ideologies in the humanities, religion, law, historiography, print, and vernacular speech. Through a historical analysis of forms of failed utterance as they informed and were recast in sixteenth-century drama, her book foregrounds the inarticulate as a central subject of cultural history and dramatic innovation. Playwrights from Nicholas Udall to William Shakespeare, while exposing ideological fictions through which articulate and inarticulate became distinguished, also transformed apparent challenges to articulate communication into occasions for cultivating new forms of expression and audition.

*Celts and the Classical World* David Rankin, 2002-11-01 To observe the Celts through the eyes of the Greeks and Romans is the first aim of this book.

*Rome Victorious* Dexter Hoyos, 2018-12-27 Rome, *Urbs Roma*, city of patricians and plebeians, emperors and gladiators, slaves and concubines, was the epicentre of a far-flung imperium whose cultural legacy is incalculable. How a tiny settlement founded by desperate adventurers beside the banks of the River Tiber came to rule vast tracts of territory across the face of the known world is one of the more improbable stories of antiquity. The epic scale of the Colosseum, majestically columned temples, formidable legionaries marching in burnished steel breastplates, and capricious Caesars clad in purple robes who thought themselves gods—all these images speak of a grandeur that continues to be associated with this most celebrated of ancient capitals. The glory of Rome is further underlined by enduring monuments like Hadrian's Wall, holding the line as it did against ferocious Pictish barbarians thought to be from Hyperborea, the mythic Land Beyond the North Wind. This book vividly recounts the rags-to-riches story of Rome's unlikely triumph. Perhaps the most famous example in history of modest beginnings rising to greatness, Rome's empire was never static or uniform. Over the centuries, under the boundless grandeur of the Roman peace, as the Elder Pliny put it, imperial law, civilisation, and language vigorously interacted with and influenced local cultures across western and central Europe and North Africa. Provincial subjects were made Roman citizens, generals and senators. In AD 98, Trajan became the first of many Romans from outside Italy to assume supreme power as Emperor.

Poets philosophers historians and legalists and many others besides all participated in the brilliant intellectual constellation secured by the pax Romana However as Dexter Hoyos reveals the empire was not won cheaply or fast and did not always succeed The Carthaginian general Hannibal came close to destroying it Arminius freed Germania by brutally annihilating three irreplaceable legions in the Teutoburg Forest a disaster that broke Augustus heart And the Romans themselves in expanding their empire were often ruthless Caesar boasted of killing a million enemy fighters in his Gallic Wars while the accusation of a Caledonian lord became proverbial they make a desert and call it peace Yet at the same time the Romans strove to impose moral and legal principles for directing their subjects as much as themselves and laid down standards of government that are still valid today Rome Victorious is a masterful new treatment of the rise of Rome from the viewpoints both of the city itself and the people it came to rule and make its own

## Whispering the Strategies of Language: An Mental Quest through **Lucretius The Transpadanes**

In a digitally-driven earth where screens reign supreme and quick interaction drowns out the subtleties of language, the profound secrets and mental nuances hidden within phrases frequently get unheard. However, nestled within the pages of **Lucretius The Transpadanes** a captivating literary prize sporting with fresh emotions, lies an exceptional journey waiting to be undertaken. Published by a talented wordsmith, this marvelous opus attracts viewers on an introspective trip, delicately unraveling the veiled truths and profound affect resonating within the very material of each and every word. Within the emotional depths with this moving review, we shall embark upon a honest exploration of the book is core subjects, dissect its fascinating publishing type, and succumb to the effective resonance it evokes strong within the recesses of readers hearts.
