Douglas Francis, Chris Kitzen, 2007 Millions of immigrants were attracted to the Canadian West by promotional literature from the government in the late 19th century to the First World War bringing with them visions of opportunity to create a Utopian society or a chance to take control of their own destinies W.L. *Mackenzie King*, 1998-12-15 This comprehensive bibliography on William Lyon Mackenzie King the most prominent Canadian politician in the first half of the twentieth century will be an invaluable reference tool for researchers in archives and libraries as well as for political scientists historians journalists and book collectors In this volume Henderson provides comprehensive lists of books articles and other material written by King or about him and his era and includes a series of appendices relating to studies on King and miscellaneous material pertaining to his life and career In addition Henderson provides a list of unsigned articles by King that appeared in newspapers and periodicals and of sound recordings and motion picture footage relating to him Finally he identifies all forewords and prefaces written by King plays written about him and books and poems dedicated to him *King* Allan Gerald Levine, 2011 Advance Praise for King Here we have Allan Levine one of the aces of Canadian historical chronicles channelling Mackenzie King And what a story they have to tell our longest serving prime minister getting advice from his dog and having two way conversations with his long dead mother If Canadian history was ever dull it isn't now Get this book Book jacket *Times of Transformation* Barbara J. Messamore, 2025-04-01 Times of Transformation positions the watershed 1921 federal election in the context of activist efforts and the revolutionary mood in the years following the Great War New Liberal leader William Lyon Mackenzie King who went on to become Canada's longest serving prime minister came to power with his party capturing every Quebec seat This election brought many Canadian firsts the first post Confederation minority government the first time women were eligible to vote on terms equal to men and the first effective fracturing of the two party system with the establishment of a federal Labour party and the dramatic rise of the Progressives These changes had been brewing before the end of the war The Progressive party owed its success to the increased politicization of farmers and the concerns of the western voting base Suffrage came after a decades long battle for political rights for women Labour strikes swept the nation in the post Great War era and a new national Labour party gained Commons representation In short this election manifested long building forces for change and the global zeitgeist of postwar disillusionment and hope **Dynasties and Interludes** Lawrence LeDuc, Jon H. **Let the Eastern Bastards Freeze in the Dark** Mary Janigan,2013-08-27 The first big book on one of the most overlooked episodes in Canadian history and the origin of today s greatest national debate Let the Eastern Bastards Freeze in the Dark relives the 1918 attempt by 3 premiers to wrest control of their natural resources away from Ottawa and end their role as second class provinces The oil sands Global warming The National Energy Program Though these seem like modern Canadian subjects Mary Janigan reveals them to be a legacy of longstanding regional rivalry Something of a Third Solitude since entering Confederation the West has long been overshadowed by Canada s other great national debate But as the conflict over natural resources and their effect on climate change heats up 150 years of antipathy are coming to a head Janigan takes readers back to a pivotal moment in 1918 when Canada s western premiers descended on Ottawa determined to control their own future and as Margaret MacMillan did in Paris 1919 she deftly illustrates how the results reverberate to this day

**Formidable Heritage** Jim Mochoruk,2004-06-03 Canadians have an ambivalent feeling towards the North Although climate and geography make our northern condition apparent Canadians often forget about the north and its problems Nevertheless for the generation of historians that included Lower Creighton and Morton the northern rivers lakes forests and plains were often seen as primary characters in the drama of nation building W L Morton even went so far as to write that the main task of Canadian life has been to make something of that formidable heritage of the northern Canadian shield For many politicians and developers to make something of the North came to mean thinking of the North as an empty hinterland waiting to be exploited and today hydroelectric projects mining milling pulp and paper and other industries have changed much of the North beyond recognition One of the first parts of the North to be aggressively industrialized was northern Manitoba When all of Manitoba was given in 1670 to a group of entrepreneurs a precedent was set that was replicated throughout the province s history After the province entered confederation in 1870 provincial politicians and business leaders began to look to the northern resources as a new key to the province s economic development Particularly after 1912 they saw resource development in the North as a strategy to expand the provincial economy from its agricultural base In Formidable Heritage Jim Mochoruk shows how government and business worked together to transform what had been the exclusive fur trading preserve of the Hudson s Bay Company into an industrial hinterland He follows the many twisting paths established by developers and politicians as they chased their goal of economic growth and recounts the ultimate costs of development in economic ecological and political terms
