Music Papers John Beckwith, 1997 What is music where does it come from and what does it mean If music is in the background and no one listens to it does it still exist Why do composers write music and how do they learn their profession What about Canadian music a regional dialect of this universal language How has it been created inside the country how well is it understood abroad Music papers are reflections from a life of composing and teaching These articles talks and reviews whether intended originally for general or professional audiences communicate a passion for music rooted in a North American culture and place informed by long and loving familiarity with masterpieces from elsewhere Also included are alternative versions of the early life of Glenn Gould proofs of the existence of musical life in Toronto and some questions still unanswered

Music in Canada Elaine Keillor, 2008 Offers a history of Canadian musical expressions and their relationship

to Canada's cultural and geographic diversity This book features a survey of musics in Canada and includes forty three vignettes highlighting topics such as Inuit throat games the music of k d lang and orchestras in Victoria Newfoundland Rhapsody Glenn David Colton, 2014-03-01 Frederick Rennie Emerson 1895 1972 was a dynamic presence in the cultural and intellectual life of Newfoundland and Labrador for much of the twentieth century A musician lawyer educator and folklore enthusiast Emerson was a central figure in the preservation and mediation of Newfoundland culture in the tumultuous decades prior to and following Confederation with Canada in 1949 Glenn Colton shows how Emerson fostered greater awareness and understanding of Newfoundland's cultural heritage in local national and international contexts His collaboration with song collector Maud Karpeles in the late 1920s preserved some of the most cherished folk songs in the English language and a decade later his lectures at Memorial University College emphasized folk traditions and classical repertoire to inspire cultural discovery for an entire generation As Newfoundland's representative on the first Canada Council and vice president of the Canadian Folk Music Society he played a crucial role in shaping Canadian cultural policy during the transformative years of the mid twentieth century Colton also reveals the meaningful creative works Emerson composed in response to the same cultural heritage he documented and preserved his one act drama Proud Kate Sullivan 1940 is a pioneering depiction of Newfoundland life and the folk inspired Newfoundland Rhapsody 1964 is one of few examples of symphonic music composed by a Newfoundlander of his generation Newfoundland Rhapsody explores Newfoundland society Canada's emerging arts scene and the international folk music community to offer a new lens through which to view the cultural history of twentieth century Newfoundland and Canada **Speechsong** Richard Cavell, 2020 Speechsong is a work of imaginative musicology that addresses the enigmas of Schoenberg and Gould of singing and speaking of Moses und Aron of technology and being Its point of departure is Gould's last public performance given at the Wilshire Ebell Theatre in Los Angeles where a number of Schoenberg's works were performed during his California exile It is here after that last performance that Gould encounters a spectral Schoenberg in a staged conversation that explores Schoenberg's travails in rethinking the fundamentals of Western music This first part of Speechsong recalls Schoenberg's operatic masterpiece Moses und Aron in which the divinely inspired Moses seeks the help of his brother to relate his vision Moses speaks and Aron sings Written as a twelve tone composition the opera produces an involution of harmonics that was Schoenberg's response to Richard Wagner's diatribes about synagogue noise For Gould Schoenberg's is a formalist revolution Schoenberg's life however suggests that it was a search for personal and political freedom The second half of Speechsong is a critical essay in twelve moments that re-articulates the staged conversation as an inquiry into the intersections of music and mediation Gould's turn to the recording studio emerges as a post humanist inquiry into recorded music as a repudiation of the virtuoso tradition and a liberation from unitary notions of selfhood Schoenberg's exodus from musical tradition likewise takes his twelve tone invention beyond musical performance where it emerges along with Gould's

soundscapes as a prototype of acoustic installations by artists such as Stephen Prina and Cory Arcangel In these works music abandons the concert hall and the exigencies of harmony for an acoustic space that embraces at once the recordings of Gould and the performances of Schoenberg that have found their home on the internet Richard Cavell has written extensively on Marshall McLuhan and on media theory generally He is the co founder of the Media Studies program at the University of British Columbia and the curator of the website Spectres of McLuhan Speechsong his second critical performance piece was preceded by Marinetti Dines with the High Command 2014

Distant Stage Eric Fillion, 2022-11-04 It is a little known fact that the first cultural agreement Canada signed was with Brazil in 1944 The two countries rapprochement launched a flurry of activity connecting Montreal to Rio de Janeiro amid the turbulence of war and its aftermath Why Brazil And what could songs and paintings achieve that traditional diplomacy could not Distant Stage examines the neglected histories of Canada Brazil relations and the role played by culture in Canada s pursuit of an international identity The efforts of French Canadian artists intellectuals and diplomats are at the heart of both Eric Fillion demonstrates how music and the visual arts gave state and non state actors new connections to the idea of nation which in turn informed their sense of place in the world Tracing the origins of Canadian cultural diplomacy to South America the book underscores the significance of race and religion in the country s international history showing how Brazil served as a distant stage where Canadian identity politics and aspirations could play out Both a timely invitation to think about cultural diplomacy as a critical practice and a reflection on the interplay between internationalism and nationalism Distant Stage draws attention to the ambiguous yet essential roles played by artists in international and intercultural relations
