Macphersons Lament:

MacPherson's Lament Sharyn McCrumb, 2010-10-06 Sharyn McCrumb is a born storyteller Mary Higgins Clark Sharyn McCrumb's acclaimed sequel to *MISSING SUSAN* Forensic anthropologist Elizabeth MacPherson heads to Danville Virginia to save her brother Bill a novice lawyer from a charge that could send him to prison It seems that eight women the daughters of Confederate veterans had asked Bill to sell their antebellum mansion But the real estate deal is the cover for a calculated deception As Bill finds himself facing fraud charges his clients suddenly disappear without a trace It will fall to Elizabeth to follow a twisted trail of bitterness and resentment one that leads to a Civil War secret that may be the key to the ugly truth A MAIN SLECTION OF THE MYSTERY GUILD From the Paperback edition *The Scottish Nation* William Anderson, 1877

forces hunger and relief measures sheep farms and sporting estates agricultural improvement and proprietorial greed and the evolution of clanship Although this is an intensely localised study the dramatic nature of change is explored against the wider context of events not just across the Highlands but also within the British state and its global empire Badenoch's journey moves from the relative prosperity of the Napoleonic Wars into the terrible post war destitution that devastated peasant tacksman and Duke of Gordon alike Estate reform and improvement gradually brought a degree of economic and social stability but inevitably resulted in depopulation as people were forced off the land to seek refuge in the impoverished planned villages or to abandon their Gaelic homeland for life in the Lowlands For those with the means however emigration provided lucrative opportunities unimaginable at home Through extensive use of documentary evidence much of it previously unseen David Taylor paints an intimate portrait of the historically neglected region of Badenoch one that provides a compelling new perspective on Highland history

Old and New World Highland Bagpiping John Graham Gibson, 2002 *Old and New World Highland Bagpiping* provides a comprehensive biographical and genealogical account of pipers and piping in highland Scotland and Gaelic Cape Breton The work is the result of over thirty years of oral fieldwork among the last Gaels in Cape Breton for whom piping fitted unself consciously into community life as well as an exhaustive synthesis of Scottish archival and secondary sources Reflecting the invaluable memories of now deceased new world Gaelic lore bearers John Gibson shows that traditional community piping in both the old and new world G ihealtachlan was and for a long time remained the same exposing the distortions introduced by the tendency to interpret the written record from the perspective of modern post eighteenth century bagpipers Following up the argument in his previous book *Traditional Gaelic Bagpipers 1745-1945* Gibson traces the shift from tradition to modernism in the old world through detailed genealogies focusing on how the social function of the Scottish piper changed and step dance piping progressively disappeared *Old and New World Highland Bagpiping* will stir controversy and debate in the piping world while providing reminders of the value of oral history and the importance of describing cultural phenomena with great care and detail
