The book provides deep insights into the economic and social realities of post colonial states in Africa and offers important lessons for other African countries Land Reform Under Structural Adjustment in Zimbabwe Sam Moyo, 2000 This study represents a first systematic effort to document Zimbabwe's new land uses during the years of economic crisis the role of the state in promoting them the differentiation associated with them not only between black and white farmers but also among them and the implications of all these for the political economy of the Zimbabwean land question The fact that some of the new land uses avoid redistribution of clearly
