Eggleston, 2017-01-25 In 1967 the North Vietnamese launched a series of offensives in the Central Highlands along the border with South Vietnam, a strategic move intended to draw U.S. and South Vietnamese forces away from major cities before the Tet Offensive. A series of bloody engagements known as the border battles followed, with the principle action taking place at Dak To. Drawing on the writings of key figures, veterans' memoirs, and the author's records from two tours in Vietnam, this book merges official history with the recollections of those who were there, revealing previously unpublished details of these decisive battles. **Beyond the Call of Duty** Stephen L. Moore, 2024-12-03 As a child, Robert Howard was taught by his Granny Callie to always face his threats head-on. Some thirty years later, he emerged from the Vietnam War as America's most decorated Green Beret. For the first time, Robert Howard's story is being told in full. Respected military historian Stephen L. Moore takes readers into the heart of the Vietnam War's covert Special Ops jungle warfare in this immersive, suspenseful read. Through family sources, National Archives documents, and dozens of testimonials from the Green Berets who fought alongside him, this one-man army will finally be given the recognition he deserves. Robert Howard grew up in poverty in a small town in Alabama with a strong sense of faith and determination. When he enlisted in the army at age seventeen, his Granny Callie's words echoed in his head, and he pledged to follow them to the bitter end. In the most dire of combat experiences, Howard ran directly toward his opponents, sacrificing his body to protect others and to complete the mission above all else. Time and time again, he survived battles that should have claimed his life, suffering countless bullets, a spinal injury, and shrapnel and blast wounds. Recon commanders who ran missions with him declared him to be the bravest man they had ever met. In return, Howard received a staggering number of awards and ribbons for valor and distinctive service in combat, over fifty in all, including the Medal of Honor, eight Purple Hearts, the Distinguished Service Cross, a Silver Star, and four Bronze Stars. He holds the distinction of being the only soldier nominated for the Medal of Honor three times in only a thirteen-month period. In total, Howard spent a grueling, treacherous forty months in combat duty in Vietnam, including over two years with MACV SOG's elite covert group. Army in Vietnam Focuses on the first 18 months of combat in Vietnam Describes how the United States Army entered the war and fought its first battles north of Saigon and in the Central Highlands **Westmoreland's War** Gregory Daddis,2013-12-16 General William C Westmoreland has long been derided for his failed strategy of attrition in the Vietnam War Historians have argued that Westmoreland s strategy placed a premium on high body counts through a big unit war that relied almost solely on search and destroy missions Many believe the U S Army failed in Vietnam because of Westmoreland s misguided and narrow strategy In a groundbreaking reassessment of American military strategy in Vietnam Gregory Daddis overturns conventional wisdom and shows how Westmoreland did indeed develop a comprehensive campaign which included counterinsurgency civic action and the importance of gaining political support from the South Vietnamese population Exploring the realities of a large yet not wholly unconventional environment Daddis reinterprets the complex political and military battlefields of Vietnam Without searching for blame he analyzes how American civil and military leaders developed strategy and how Westmoreland attempted to implement a sweeping strategic vision Westmoreland s War is a landmark reinterpretation of one of America s most divisive wars outlining the multiple interconnected aspects of American military strategy in Vietnam combat operations pacification nation building and the training of the South Vietnamese armed forces Daddis offers a critical reassessment of one of the defining moments in American history Pulp Vietnam Gregory A. Daddis,2020-10-22 Explores how Cold War men s magazines idealized warrior heroes and sexual conquerors and normalized conceptions of martial masculinity **Grunts** Kyle Longley,2015-01-28 This book provides a fresh approach to understanding the American combat soldier s experience in Vietnam It integrates such topics as the political culture the experiences of training the actual Vietnam experience and the homecoming and offers a remarkable overview of the 870 000 grunts who bore the brunt of the fighting in the jungles and highlands of South Vietnam and eventually Cambodia and Laos The book addresses many of the stereotypes of the Vietnam combat veteran that have been perpetrated in popular culture and also considers how Vietnam veterans have been commemorated through memorials and other means and how the veterans remember each other The coverage also includes women who served in or near the front lines as well as on the home front The author draws on memoirs and oral histories including his personal interviews with veterans but the book conveys a picture of the Vietnam combat soldier s experience far more powerful than what individual memoirs can provide

Death Zones and Darling Spies Beverly Deepe Kever,2020-02-17 Chosen for 2015 One Book One Nebraska In 1961 equipped with a master s degree from famed Columbia Journalism School and letters of introduction to Associated Press bureau chiefs in Asia twenty six year old Beverly Deepe set off on a trip around the world Allotting just two weeks to South Vietnam she was still there seven years later having then earned the distinction of being the longest serving American correspondent covering the Vietnam War and garnering a Pulitzer Prize nomination In Death Zones and Darling Spies Beverly Deepe Kever describes what it was like for a farm girl from Nebraska to find herself halfway around the world

trying to make sense of one of the nation's bloodiest and bitterest wars. She arrived in Saigon as Vietnam's war entered a new phase and American helicopter units and provincial advisers were unpacking. She tells of traveling from her Saigon apartment to jungles where Wild West styled forts first dotted Vietnam's borders and where seven years later they fell like dominoes from communist led attacks. In 1965 she braved elephant grass with American combat units armed with unparalleled technology to observe their valor and their inability to distinguish friendly farmers from hide and seek guerrillas. Keever's trove of tissue thin memos to editors along with published and unpublished dispatches for New York and London media provide the reader with your descriptions of Buddhist demonstrations and turning point coups as well as phony ones. Two Vietnamese interpreters self described as darling spies helped her decode Vietnam's shadow world and subterranean war. These memoirs at once personal and panoramic chronicle the horrors of war and a rise and decline of American power and prestige.
