Survivors of a Kind Brian Bond,2008-10-20 In this collection of essays Brian Bond brings a lifetime s study of the Western Front to the analysis of some of the best known memoirs of the campaign Literary and military historians alike will find the result of great value for their own studies while for the general reader it should help destroy many long standing myths It is a worthy climax to a long and distinguished career Sir Michael Howard This is a unique study of World War One memoirs from a historical perspective It explores the tremendous effect that war experience had on writers lives and how they came to terms with it after 1918 in deeply moving and often brilliant writing As well as such famous literary figures as Robert Graves and Siegfried Sassoon it includes historically significant writers such as Lord Reith Anthony Eden and Harold Macmillan It challenges the view that memoir writers were in any clear sense anti war While many were appalled by heavy losses and awful conditions they were however determined to achieve victory and proud of their regimental service and comrades Above all they constitute a brilliant source for understanding the war on the Western Front

Siegfried Sassoon Jean Moorcroft Wilson,2024-11-01 This book encompasses the complete life and works of Siegfried Sassoon from his patriotic youth that led him to the frontline to the formation of his anti war convictions great literary friendships and flamboyant love affairs
