Madam Hollywood:

And When She Was Good Laura Lippman, 2012-08-14 Perennial New York Times and nationally bestselling author and acclaimed multiple prize winner Laura Lippman delivers a brilliant novel about a woman with a secret life who is forced to make desperate choices to save her son and herself When Hector Lewis told his daughter that she had a nothing face it was just another bit of tossed off cruelty from a man who specialized in harsh words and harsher deeds But twenty years later Heloise considers it a blessing to be a person who knows how to avoid attention In the comfortable suburb where she lives she s just a mom the youngish widow with a forgettable job who somehow never misses a soccer game or a school play In the state capitol she s the redheaded lobbyist with a good cause and a mediocre track record But in discreet hotel rooms throughout the area she s the woman of your dreams if you can afford her hourly fee For more than a decade Heloise has believed she is safe She has created a rigidly compartmentalized life maintaining no real friendships trusting few confidantes Only now her secret life a life she was forced to build after the legitimate world turned its back on her is under siege Her once oblivious accountant is asking loaded questions Her longtime protector is hinting at new mysterious dangers Her employees can t be trusted One county over another so called suburban madam has been found dead in her car a suicide Or is it Nothing is as it seems as Heloise faces a midlife crisis with much higher stakes than most will ever know And then she learns that her son s father might be released from prison which is problematic because he doesn t know he has a son The killer and former pimp also doesn t realize that he s serving a life sentence because Heloise betrayed him But he s clearly beginning to suspect that Heloise has been holding something back all these years With no formal education no real family and no friends Heloise has to remake her life again Disappearing will be the easy part She s done it before and she can do it again A new name and a new place aren t hard to come by if you know the right people The trick will be living long enough to start a new life

Identities and Audiences in the Musical Raymond Knapp,Mitchell Morris,Stacy Wolf,2018-09-04 Issues of identity have always been central to the American musical in all its guises Who appears in musicals who or what they are meant to represent and how over time those representations have been understood and interpreted provide the very basis for our engagement with the genre In this third volume of the reissued Oxford Handbook of the American Musical chapters focus on race ethnicity gender and sexuality regional vs national identity and the cultural and class significance of the musical itself As important as the question of who appears in musicals are the questions of who watches and listens to them and of how specific cultures of reception attend differently to the musical Chapters thus address cultural codes inherent to the genre in particular those found in traditional school theater programs

The Oxford Handbook of The American Musical Raymond Knapp,Mitchell Morris,Stacy Wolf,2013-03 This text presents keywords and critical terms that deepen analysis and interpretation of the musical Taking into account issues of composition performance and reception the book s contributors bring a range of practical and theoretical perspectives to bear on their considerations of American musicals

California Madams Sherry Monahan,2019-08-12 With the discovery of gold at Sutter s Mill in 1848 fortune seekers from around the globe descended on California among them a sprinkling of enterprising women Author Sherry Monahan explains Living in the

wild American West provided women with equal opportunity for both success and failure. Conventional wisdom suggests that women became prostitutes only because they were desperate. In fact many of the women were smart entrepreneurs and saw a way to acquire fast and in several cases vast wealth. Rich in details combed from historical archives California Madams uncovers the enigmatic and salacious lives of twenty four women who ran houses of ill repute in the Golden State from the 1840 s to the 1940 s. Here are the hedonistic and sometimes heroic exploits of Margaret Appel, Diamond, Jessie, Hattie Wells, Ah Toy and Lee Francis but also the unsung sagas of Emily Edwards, Cora Lee, Sylvia Daniels, May Ellis, Alma Jewett and many more.

Encyclopedia of the Documentary Film 3-Volume Set Ian Aitken, 2013-10-18. This Encyclopedia provides a resource that critically analyzes that history in all its aspects. Not only does this Encyclopedia examine individual films and the careers of individual film makers it also provides overview articles of national and regional documentary film history. It explains concepts and themes in the study of documentary film, the techniques used in making films and the institutions that support their production, appreciation and preservation.

100 Documentary Films Barry Keith Grant, Jim Hillier, 2017-10-07. Documentary films constitute a major part of film history. Cinema's origins lie arguably more in non-fiction than fiction and documentary represents the other, often submerged and barely visible half of cinema history. Historically, documentary cinema has always been an important point of reference for fiction cinema and the two have often overlapped. Over the last two decades, documentary cinema has enjoyed a revival in critical and commercial success. *100 Documentary Films* is the first book to offer concise and authoritative individual critical commentaries on some of the key documentary films from the Lumière brothers and the beginnings of cinema through to recent films such as *Bowling for Columbine* and *When the Levees Broke* and is global in perspective. Many different types of documentary are discussed as well as films by major documentary directors including Robert Flaherty, Humphrey Jennings, Jean Rouch, Dziga Vertov, Errol Morris, Nick Broomfield and Michael Moore. Each entry provides concise critical analysis while frequent cross-reference to other films featured helps to place films in their historical and aesthetic contexts. Barry Keith Grant is Professor of Film Studies and Popular Culture at Brock University, Ontario, Canada. He is the author of *Film Genre: From Iconography to Ideology* 2007, *Voyages of Discovery: The Cinema of Frederick Wiseman* 1992 and co-author with Steve Blandford and Jim Hillier of *The Film Studies Dictionary* 2001. Jim Hillier is Visiting Lecturer in Film at the University of Reading. He is the author of *The New Hollywood* 1993, the co-author of *The Film Studies Dictionary* 2001 and with Alan Lovell of *Studies in Documentary* 1972. His edited books include *American Independent Cinema* 2001 and two volumes of the English translation of the selected *Cahiers du cinéma* 1985, 1986.
