Incidents in the Life of Madame Blavatsky Alfred Percy Sinnett,2011-05-19 A defence of the life and work of spiritual leader Madame Blavatsky 1831 1891 by one of her fellow theosophists *The Puffin History of India for Children, 3000 BC - AD 1947* Roshen Dalal,2002 In An Informal Engaging Style The Puffin History Of India For Children 3000 Bc To Ad 1947 Tells The Fascinating Story Of Our Land From The Indus Valley Civilization To Independence Tracing The Social Political Cultural And Economic Development Of India The Book Focuses On The High Points Of Indian History The Vedic Age The Mauryan Empire The Gupta Period The Battle Of Panipat The Conquests Of Alauddin Khilji Who Had The Largest Empire Since Ashoka The Bahmani And Vijayanagara Kingdoms And Their Conflicts The Rule Of Akbar Shahjahan And Aurangzeb And The Building Of The Taj Mahal The British Conquest The 1857 Revolt The Nationalist Movement And Finally The Triumph Of Independence The Contribution Of The Important Personalities Who Shaped This History From Mahavira Buddha Alexander Ashoka Harsha And Babur To Tipu Sultan Ranjit Singh Mahatma Gandhi Subhash Chandra Bose And Jawaharlal Nehru Is Vividly Described In Fascinating Detail Every Now And Then The Narrative Pauses To Dwell On The Social And Cultural Life Of The People And The Political Economic And Religious Changes That Have Been Wrought Over Centuries Providing A Comprehensive Picture Of What Life Was Like In India At Various Points Of Time The Colourful Description Of People Events And Cultures Complemented By A Host Of Illustrations And Maps Brings History Dramatically To Life For The Reader **Madame H.P. Blavatsky** K. F. Vania,1951 **Children of Lucifer** Ruben van Luijk,2016-05-02 If we are to believe sensationalist media coverage Satanism is at its most benign the purview of people who dress in black adorn themselves with skull and pentagram paraphernalia and listen to heavy metal At its most sinister its adherents are worshippers of evil incarnate and engage in violent and perverse secret rituals the details of which mainstream society imagines with a fascination verging on the obscene Children of Lucifer debunks these facile characterizations by exploring the historical origins of modern Satanism Ruben van Luijk traces the movement s development from a concept invented by a Christian church eager to demonize its internal and external competitors to a positive anti religious identity embraced by various groups in the modern West Van Luijk offers a comprehensive intellectual history of this long and unpredictable trajectory This story involves Romantic poets radical anarchists eccentric esotericists Decadent writers and schismatic

exorcists among others and culminates in the establishment of the Church of Satan by carnival entertainer Anton Szandor LaVey Yet it is more than a collection of colorful characters and unlikely historical episodes The emergence of new attitudes toward Satan proves to be intimately linked to the ideological struggle for emancipation that transformed the West and is epitomized by the American and French Revolutions It is also closely connected to secularization that other exceptional historical process which saw Western culture spontaneously renounce its traditional gods and enter into a self imposed state of religious indecision Children of Lucifer makes the case that the emergence of Satanism presents a shadow history of the evolution of modern civilization as we know it Offering the most comprehensive account of this history yet written van Luijk proves that in the case of Satanism the facts are much more interesting than the fiction

The Awakened Ones Gananath Obeyesekere,2012 While a rational consciousness grasps many

truths Gananath Obeyesekere believes an even richer knowledge is possible through a bold confrontation with the stuff of visions and dreams Spanning both Buddhist and European forms of visionary experience he fearlessly pursues the symbolic nonrational depths of such phenomena reawakening the intuitive creative impulses that power greater understanding Throughout his career Obeyesekere has combined psychoanalysis and anthropology to illuminate the relationship between personal symbolism and religious experience In this book he begins with Buddha s visionary trances wherein over the course of four hours he witnesses hundreds of thousands of his past births and eons of world evolution renewal and disappearance He then connects this fracturing of empirical and visionary time to the realm of space considering the experience of a female Christian penitent who stares devotedly at a tiny crucifix only to see the space around it expand to mirror Christ s suffering Obeyesekere follows the unconscious motivations underlying rapture the fantastical consumption of Christ s body and blood and body mutilation and levitation bridging medieval Catholicism and the movements of early modern thought as reflected in William Blake s artistic visions and poetic dreams He develops the term dream ego through a discussion of visionary journeys Carl Jung s and Sigmund Freud s scientific dreaming and the cosmic and erotic dream visions of New Age virtuosos and he defines the parameters of a visionary mode of knowledge that provides a more elastic understanding of truth A career culminating work this volume translates the epistemology of Hindu and Buddhist thinkers for western audiences while revitalizing western philosophical and scientific inquiry *The Review of Reviews* ,1890
