The China Journals Hugh Trevor-Roper, 2020-02-20 These private journals made available here for the first time record Hugh Trevor Roper's visit to the People's Republic of China in the autumn of 1965 shortly before the outbreak of the Cultural Revolution and describe the controversial aftermath of his journey on his return to England The visit was a catalogue of frustrations which he relates with the verve and irony of a master narrator who relished the human comedy His efforts to meet the real life and mind of China in whose history and politics he had long been interested were blocked at every turn by the resources of state propaganda and the claustrophobic attention of sullen Party guides The visit was arranged by the London based Society for Anglo Chinese Understanding which was ostensibly committed to the impartial interchange of culture and ideas It proved to be run by a Communist clique whose ruthless methods of control outwitted the well connected membership Back in England and with help from MI5 he resolved to get to the bottom of the society's affairs His investigations provoked a tumultuous public row which Trevor Roper no shirker of

controversy zestfully traces in these pages Through the book which closes with an account of his visit to Taiwan and South East Asia in 1967 there run the wisdom of historical perspective that he brought to contemporary events and his lifelong commitment to the defence of liberal values and practices against their ideological adversaries Strangers on the Western Front Guoqi Xu,2011-02-28 During World War I Britain and France imported workers from their colonies to labor behind the front lines The single largest group of support labor came not from imperial colonies however but from China Xu Guoqi tells the remarkable story of the 140 000 Chinese men recruited for the Allied war effort These laborers mostly illiterate peasants from north China came voluntarily and worked in Europe longer than any other group Xu explores China s reasons for sending its citizens to help the British and French and later the Americans the backgrounds of the workers their difficult transit to Europe across the Pacific through Canada and over the Atlantic and their experiences with the Allied armies It was the first encounter with Westerners for most of these Chinese peasants and Xu also considers the story from their perspective how they understood this distant war the racism and suspicion they faced and their attempts to hold on to their culture so far from home In recovering this fascinating lost story Xu highlights the Chinese contribution to World War I and illuminates the essential role these unsung laborers played in modern China s search for a new national identity on the global stage The Chinese Recorder and Missionary Journal ,1893 **Chinese Medical Journal** ,1920 *The China Medical Journal* ,1920 **Handbook of Management Accounting Research** Christopher S. Chapman,Anthony G. Hopwood,Michael D. of budget hotels in China demonstrates how under the influence of globalisation Chinese businesses have become more innovative as they apply successful western business models to China In turn they show that the China model is fundamentally different in terms of its driving force which lies purely in its domestic travel market fuelled by China s continued economic growth There is therefore much to explore about both China s market situation and business practices in the economy hotel sector and this book makes an important contribution to our understanding of China s new business environment Based on extensive fieldwork and investigation Economy Hotels in China will be welcomed by students and scholars of tourism hospitality business studies and Chinese studies but it will also appeal to practitioners of business management in these sectors who are interested in China s development and business opportunities in China *The Chinese Journals of L.K. China's Management of Enterprise Assets ,1997-01-01 World Bank Technical Paper No 367 Africa Region Series This

report is the second in a series of technical papers published by the World Bank on the Early Childhood Development ECD Initiative launched by the Bank's Africa Region. The review complements a previous paper, *The Condition of Young Children in Sub-Saharan Africa*, which outlined the shape and scale of children's survival needs and documented how in Africa children face greater challenges to healthy development than in any other region in the world. The present review explores ways of meeting these developmental challenges. It focuses on efforts that address the intersecting health, nutrition, and early education needs of children up to six years old in their institutional and socio-cultural environments. The paper also reviews current programs and policies across a set of 11 country experiences, including case studies from Angola, Kenya, Mauritius, and South Africa, revealing the policy and institutional conditions necessary for sustained impact of ECD efforts.

Entering China's Service Katherine F. Bruner, John K. Fairbank, Richard J. Smith, 2020-03-17. Robert Hart was one of those empire builders of the Victorian age who had a long and nearly uninterrupted experience in China from 1854 when as a young Irishman from Belfast he landed in Ningpo until 1908 when as a man in his seventies he finally retired to England. His years as the Chinese government's Inspector General of the Maritime Customs Service have been copiously recorded in letters to his London agent beginning in 1868, published as a 2-volume collection, *The Inspector General in Peking*, Harvard Belknap Press, 1975. In 1970 a second load of Hart materials came to light: the 77 volumes of his journals begun on the day of his arrival in China in 1854 and ending at his departure in 1908, with two short but significant gaps in the first decade where he himself destroyed entries of too personal a nature. *Entering China's Service* presents a complete and annotated transcript of the surviving journals through 1863, alternating with chapters devoted to Hart's North Ireland background, the China he encountered, the Chinese officials who trusted him, and the unfolding of his career. His reactions to the Chinese as well as to his fellow Westerners cast an invaluable light on nineteenth-century China.
