*Humanism and Terror* Maurice Merleau-Ponty, 2017-07-05 Raymond Aron called Merleau Ponty the most influential French philosopher of his generation First published in France in 1947 *Humanism and Terror* was in part a response to Arthur Koestler's *Darkness at Noon* and in a larger sense a contribution to the political and moral debates of a postwar world suddenly divided into two ideological armed camps For Merleau Ponty the central question was could Communism transcend its violence and intentions The value of a society is the value it places upon man's relation to man Merleau Ponty examines not only the Moscow trials of the late thirties but also Koestler's re creation of them He argues that violence in general in the Communist world can be understood only in the context of revolutionary activism He demonstrates that it is pointless to ask whether Communism respects the rules of liberal society it is evident that Communism does not In post Communist Europe when many are addressing similar questions throughout the world Merleau Ponty's discourse is of prime importance it stands as a major and provocative contribution to limits on the use of violence The argument is placed in its current context in a brilliant new introduction by John O'Neill His remarks extend the line of argument originally developed by the great French political philosopher This is a major contribution to political theory and philosophy

*Madmen and the Bourgeoisie*, 1981      **Cyclops** Ranko Marinkovic, 2010-11-16 In his semiautobiographical novel *Cyclops* Croatian writer Ranko Marinkovic recounts the adventures of young theater critic Melkior Tresic an archetypal antihero who decides to starve himself to avoid fighting in the front lines of World War II As he wanders the streets of Zagreb in a near hallucinatory state of paranoia and malnourishment Melkior encounters a colorful circus of characters fortune tellers shamans actors prostitutes bohemians and café intellectuals all living in a fragile dream of a society about to be changed forever A seminal work of postwar Eastern European literature *Cyclops* reveals a little known perspective on World War II from within the former Yugoslavia one that has never before been available to an English speaking audience Vlada Stojiljkovic's able translation improved by Ellen Elias Bursac's insightful editing preserves the striking brilliance of this riotously funny and densely allusive text Along Melkior's journey *Cyclops* satirizes both the delusions of the righteous military officials who feed the national bloodlust as well as the wayward intellectuals who believe themselves to be above the unpleasant realities of international conflict Through Stojiljkovic's clear eyed translation Melkior's peregrinations reveal how history happens and how the individual consciousness is swept up in the tide of political events and this is accomplished in a mode that will resonate with readers of Charles Simic Aleksandr Hemon and Kundera      **Rethinking Gender in Popular Culture in the 21st Century** Astrid M. Fellner, Marta Fernández-Morales, Martina Martausová, 2017-11-06 This book explores popular culture representations of gender offering a rich and accessible discussion of masculinities and femininities in 21st century popular media It brings together contributors from various European countries to investigate the workings of gender in contemporary pop culture products in a brave original and rigorous way This volume is both an academic proposal and an exercise of commitment to a serious analysis of some of the media that influence us most in our everyday lives Representation matters and the position we take as viewers or consumers during reception matters even more
