Madurez La Responsabilidad De Ser Uno Mismo:

Madurez. La responsabilidad de ser uno mismo / Maturity: The Responsibility of Being Oneself Osho, 2015-08-25 Osho nos remite a las raíces del significado de crecer y nos recuerda los beneficios que solo la madurez nos puede aportar. En una cultura obsesionada con la juventud y empeñada en evitar a toda costa la vejez en la época de la Viagra y de la cirugía estética este libro se atreve a plantear la pregunta casi olvidada: ¿qué beneficios nos reportará aceptar el proceso de envejecimiento como algo natural en lugar de intentar aferrarnos a la juventud y sus placeres? Osho nos sitúa ante las raíces del significado de crecer que no es lo mismo que hacernos viejos y nos recuerda los beneficios que solo esa maduración de nuestra existencia nos puede aportar tanto en la relación con los demás como en la realización de nuestro destino individual. Señala los diez ciclos principales de crecimiento en la vida humana desde el universo del niño centrado en sí mismo hasta la solidez de la sabiduría y la comprensión de la vejez para mostrar que la sucesión de las distintas etapas no significa simplemente decadencia.

ENGLISH DESCRIPTION In a culture infatuated with youth and determined to avoid old age at all costs this book dares to raise a question that has been all but forgotten in the age of Viagra and cosmetic surgery. What benefits might lie in accepting the aging process as natural rather than trying to hold on to youth and its pleasures all the way to the grave? Osho takes us back to the roots of what it means to grow up rather than just to grow old. Both in our relationships with others and in the fulfillment of our own individual destinies he reminds us of the pleasures that only true maturity can bring. He outlines the ten major growth cycles in human life from the self-centered universe of the preschooler to the flowering of wisdom and compassion in old age. Osho's sly sense of humor runs like a red thread through the book along with a profound compassion and understanding of how easy it is to be distracted from the deeper meaning and purpose of our lives which is ultimately to flower into our own individual uniqueness and maturity with an attitude of celebration and joy.

Espinosa, 2023-01-05 Como bien se decía Epicteto No debemos creer a muchos que dicen que solo la gente libre debe ser educada preferir a creer a los filósofos que dicen que solo los educados son libres Desde hace décadas la educación se ha mantenido al margen de esta misión por una visión autonomista de la libertad por evitar una injerencia indebida considera al profesor como mero facilitador de conocimientos y habilidades Esto genera un vacío interior de significado rápidamente llenado por las redes sociales con modelos de todo tipo tan atractivos como perjudiciales Es necesario educar a nuestros niños y jóvenes a ser libres atreviéndonos a señalarles fines dignos del llamado a la grandeza inscrita en sus corazones Es decir

educarlos en una libertad entendida no como autonomía sino como autodeterminación la capacidad de conformar una historia vital por mis acciones capaz de escoger quien soy a través de ellas y alcanzar plenitud y madurez personal Este libro propone un sustento teórico para comprender la libertad como autodeterminación y ayudar a educar en ella junto con el estudio empírico que corrobora tal hipótesis de la educación en autodeterminación desde la clave de la influencia del profesor a través de acciones y comportamientos concretos

El sinsentido común Borja Vilaseca, 2020-03-27 Qué tate la venda de los ojos Cuestiona tu sistema de creencias Abraza el cambio y la transformación Sé valiente y atrevete a vivir tu propia vida En general llevamos una existencia de segunda mano artificial y prefabricada Lo cierto es que estamos completamente perdidos en el arte de vivir No sabemos quienes somos ni para qué vivimos Ni tampoco cómo sentirnos verdaderamente felices Dado que no contamos con ninguna brújula interior simplemente nos dedicamos a seguir el camino trillado por el que circula la mayoría Estudiamos Trabajamos Consumimos Y nos entretenemos volviéndonos adictos a todo tipo de parches para tapar nuestro vacío Sin embargo tarde o temprano nos adentramos en una profunda crisis existencial experimentando una saturación de sufrimiento Es entonces cuando hacemos algo revolucionario iniciar un proceso de autoconocimiento cuestionando las creencias con las que fuimos condicionados por la sociedad A su vez nos liberamos de todas las cadenas mentales que nos mantienen presos Y como consecuencia nos atrevemos a seguir nuestro propio camino en la vida honrando nuestra singularidad como seres humanos Cada vez que te encuentres del lado de la mayoría es tiempo de hacer una pausa y reflexionar
