of psychics and skeptics Expanding on territory covered in his 2008 memoir of his son's death *Soul Shift Messages from the Afterlife* is both an account of Ireland's journey from indifference to belief and an overview of the resources available to the bereaved to help them receive messages from the afterlife Mark Ireland son of celebrated psychic to the stars Dr Richard Ireland was a successful marketing executive in Arizona with little interest in his father's colorful history While his father held readings for Mae West and traveled the U S demonstrating his parapsychological powers Mark Ireland took a more conventional route through life But when his own teenage son Brandon suddenly dies while hiking in the mountains with friends Ireland is forced to confront his resistance to all things spiritual and begins to explore the possibility that communication with the dead is real In his search for conclusive evidence of life after death he plunges into his father's world and meets an array of respected psychic mediums who deliver unexpected messages not only from his son in the afterlife but also from many other souls seeking to communicate with the living Fighting to retain a sense of critical thinking Ireland also contacts scientists conducting research into the survival of consciousness after death The book features detailed accounts of tests and experiments that various people have conducted to obtain proof of consciousness survival including Ireland's own involving a secret message left behind by his sister Robin who died of pancreatic cancer The contents of this message were unknown to any living person and remained sealed in an envelope untouched until responses had been received from a group of qualified mediums who sought to crack the code *Messages from the Afterlife* shows how spirit communication can be both undeniably accurate and frustratingly ambiguous and above all demonstrates the value of having an open receptive mind while maintaining faith in the indestructibility of the human spirit

Women, Celebrity, and Literary Culture between the Wars Faye Hammill,2009-12-03 As mass media burgeoned in the years between the first and second world wars so did another phenomenon celebrity Beginning in Hollywood with the studio orchestrated transformation of uncredited actors into brand name stars celebrity also spread to writers whose personal appearances and private lives came to fascinate readers as much as their work Women Celebrity and Literary Culture between the Wars profiles seven American Canadian and British women writers Dorothy Parker Anita Loos Mae West L M Montgomery Margaret Kennedy Stella Gibbons and E M Delafield who achieved literary celebrity in the 1920s and 1930s and whose work remains popular even today Faye Hammill investigates how the fame and commercial success of these writers as well as their gender affected the literary reception of their work She explores how women writers sought to fashion their own celebrity images through various kinds of public

performance and how the media appropriated these writers for particular cultural discourses She also reassesses the relationship between celebrity culture and literary culture demonstrating how the commercial success of these writers caused literary elites to denigrate their writing as middlebrow despite the fact that their work often challenged middle class ideals of marriage home and family and complicated class categories and lines of social discrimination The first comparative study of North American and British literary celebrity **Women Celebrity and Literary Culture between the Wars** offers a nuanced appreciation of the middlebrow in relation to modernism and popular culture **Cupboards of Curiosity** Amelie Hastie,2007 Amelie Hastie rethinks female authorship within film history by expanding the historical archive to include dollhouses scrapbooks memoirs cookbooks and ephemera **The Art of Marriage Maintenance** Sylvia R. Karasu,Toksoz Byram Karasu,2005 Given the fact that 50% of marriages end in divorce you would think marriage wouldn't be so popular but getting married is one of the most popular of all life events In fact many new couples are willing to face considerable debt for the wedding ceremony alone It seems that many people spend more time on planning the wedding than on thinking about marriage and what it entails The Art of Marriage Maintenance is about marital life after the wedding It is about psychological and biological difficulties between men and women that make marriage so challenging It is about why passion is in danger of fading within marriage how hormones exacerbate behavior and how the brain confounds us It is about how pregnancy and having young children and adolescents often catapult a marriage to its breaking point and how the stresses of mid life contribute to marital discord It is in effect how to ensure a happy enduring marriage It is the art of marriage maintenance
