IS THE TIME FOR THE DIVINE FEMININE For two thousand years Mary Magdalene has been a veiled silhouette a shadow of her vibrant self An enigmatic figure she was shrouded in mystery a feminine caricature of either the purest of saints or the most repentant of sinners Two thousand years have buried her her lineage and her legacy Through past life regression backed by academic research and oral tradition journey with Mary Magdalene from the age of six to sixty Discover intimate knowledge of her as a daughter a sister a wife a mother and a spiritual teacher Her daughter Tamar the product initiate and bearer of her legacy continues her sacred teachings This is their story the story of the feminine in spirituality **The Secrets of Rosslyn** Roddy Martine, 2012-08-10 Nestling in an exquisite glen just seven miles from the centre of Edinburgh Rosslyn Chapel is one of the world's most extraordinary places Ever since it was built in the mid fifteenth century it has cast a mesmerising spell over all who have visited it exuding an aura of profound mystery as if it holds the key to some vast unearthly secret Six hundred years later it continues to confound and intrigue inspiring stories of The Knights Templar the Holy Grail and a myriad of esoteric beliefs most notably in the 1980s bestseller The Holy Blood and the Holy Grail and Dan Brown's The Da Vinci Code which made the chapel known to millions throughout the world In this book Roddy Martine sifts through mounds of unfounded conjecture and fantasy to make sense of it all The Secrets of Rosslyn is the only book that lets the facts speak for themselves showing ultimately that the truth is no less amazing than fiction **The Blackwell**

structures two leaders James the Brother of Jesus and St Paul the Evangelist Journey with St Paul whose tireless efforts laid the foundations for one of the biggest religions in modern times Walk with James the brother of Jesus who was given the mantle to lead the original Church by Jesus upon his death These accounts offer intimate knowledge of what motivated and moved them how and why they built and developed the twin pillars of Christianity and what happened to their respective churches Two thousand years have dimmed the light on these diverse teachings It is now time to illuminate the secret stories of the Early Christian Church and the Divine Consciousness

Outsider Theory Jonathan Eburne, 2018-09-18 A vital and timely reminder that modern life owes as much to outlandish thinking as to dominant ideologies What do the Nag Hammadi library Dan Brown's The Da Vinci Code speculative feminist historiography Marcus Garvey's finances and maps drawn by asylum patients have in common Jonathan P Eburne explores this question as never before in *Outsider Theory* a timely book about outlandish ideas Eburne brings readers on an adventure in intellectual history that stresses the urgency of taking seriously especially in an era of fake news ideas that might otherwise be discarded or regarded as errant unfashionable or even unreasonable Examining the role of such thinking in contemporary intellectual history Eburne challenges the categorical demarcation of good ideas from flawed wild or bad ones addressing the surprising extent to which speculative inquiry extends beyond the work of professional intellectuals to include that of nonprofessionals as well whether amateurs unfashionable observers or the clinically insane Considering the work of a variety of such figures from popular occult writers and gnostics to so called outsider artists and pseudoscientists Eburne argues that an understanding of its circulation and recirculation is indispensable to the history of ideas He devotes close attention to ideas and texts usually omitted from or marginalized within orthodox histories of literary modernism critical theory and continental philosophy yet which have long garnered the critical attention of specialists in religion science studies critical race theory and the history of the occult In doing so he not only sheds new light on a fascinating body of creative thought but also proposes new approaches for situating contemporary humanities scholarship within the history of ideas However important it might be to protect ourselves from bad ideas *Outsider Theory* shows how crucial it is for us to know how and why such ideas have left their impression on modern day thinking and continue to shape its evolution

Mysteries and Secrets Revealed Loren Pankratz, 2021-04-01 *Mysteries and Secrets Revealed* uncovers the reality behind mysteries of nature and secrets of frauds that eluded common understanding The journey begins in the ancient Greek city of Delphi where priests claimed the gift of a priceless gold lion was an acknowledgement of their clairvoyant powers But their concocted story concealed an embarrassing blunder Those sufficiently savvy to catch the lie became aware of even deeper problems Author Loren Pankratz then guides us through the conflicts of Renaissance scholars including Galileo who explained things in ways that enraged philosophers and infuriated priests Galileo's methods of investigation were perpetuated by the meticulous work of the Academy of Experiment and Bernard Fontenelle's enthralling dialogue enabled common people to accept life in the rearranged sun centered universe

Clairvoyants in a mesmeric trance claimed they could visit distant planets and endure brutal surgical procedures. If any of this was real, how was it possible? One nineteenth-century mesmeric savant, Alexis Didier, was so convincing that someone claimed no case of clairvoyance could be made for anyone if his accomplishments were not real. This unchallenged declaration is now unraveled here for the first time through information gleaned from uncommon documents and rare antiquarian pamphlets. The surprising manifestations of modern spiritualism quickly escalated into a psychic arms race that included mysterious tipping and turning of tables. Scientist Michael Faraday devised ingenious experiments to show how subtle muscle reactions outside of awareness created these manifestations. On the other hand, explanations for table levitations and mysterious writing on slates could only be solved by individuals with acute observational skills and acquainted with the methods of trickery. Each story in *Mysteries and Secrets Revealed* captures the tension of conflict, the thrill of discovery, and the strategies of science that unmasked frauds, fakes, false belief, and the enigmas of our natural world.

Magdalene's Ascension Annine van der Meer, 2025-01-21 Examines the lives of Jesus and Mary Magdalene using biblical, historical, apocryphal, and recent channeled sources, as well as regression reports. Explains the concept of ascension through a quantum physics framework, detailing Mary Magdalene's ascension along the Tree of Life. Explores Mary's family background, her education in Egypt, her mission in Western Europe, and her life and work alongside Jesus, including her role as his wife and his appointed successor. Expanding the scholarship and understanding of the early Christian period and the world of the Essenes from a feminine perspective, religious historian Annine van der Meer offers a detailed new account of the life of Mary Magdalene, also known as Mary of Bethany or Miryam the Migdalah, showing how Mary's spiritual path is intimately connected to our current times of ascension. The author explores Mary's family background, her education in Egypt, her mission in Western Europe, her life and work alongside Jesus, also known as Yeshua, and her anointing as his wife and his appointed successor. Though not recognized by the patriarchal disciples Peter, Andrew, and Paul, the author presents the evidence of Mary's role through biblical, historical, apocryphal, and recent channeled sources and regression reports, including those of Dolores Cannon, Stuart Wilson, Joanna Prentis, and Claire Heartsong. Van der Meer then reveals Mary's ascension process through seven branches along the Tree of Life, detailed in *The Gospel of the Beloved Companion*, written by Mary herself, and scientifically explains ascension, the changing of the physical body into a light body through recent developments in quantum physics. She takes the reader through seven portals from individual ascension to collective ascension, illuminating not only Mary's heavenly journey of becoming light but also its spiritual significance for each of us as individuals and for the world as a whole.

An End to All Disease Lt. Lawrence F. Frego,2006-07-19 We are at the crossroads of world health On the one hand we face the possibility of a world wide pandemic the likes of which has never been seen before We are likewise on the threshold of discovering natural cures for nearly every disease As choosing wisely may mean the difference between life and death this book is designed to help the reader choose alternative options that are seldom if ever in the news Jared Diamond in his groundbreaking work *Collapse How Societies Choose to Fail or Succeed* addresses the fact that only civilizations that recognize the threats against their existence and deal with the threat effectively survive Civilizations with their heads in the sand become extinct or are conquered by more vigorous nations The robber barons of the last century were able to create a monopoly for oil and the automobile by ruthlessly and systematically destroying all competition They tore up cable car lines and public transportation so the public would have no other alternative except their oil Today the drug monopolies owned by the descendants of these same robber barons are nearly complete in their plot to eradicate all natural low cost remedies for disease prevention and treatment In the state of Florida naturopathic physicians were de licensed unless they also had a conventional medical license The powers that be want to create a drug induced society at an enormous financial and emotional cost to the public at large They are even trying to outlaw vitamins via European health treaties and side step the American constitution and the public The ever escalating cost of medical care created by lack of natural alternative options can only lead to the eventual total collapse of the entire medical system It is exceedingly difficult finding the truth about alternative medicine as the system has a vested

interest in making profits and keeping the truth from you A few thousand deaths is an acceptable loss if a few billion dollars can be made And it will be a cold day in hell before a drug company puts itself out of business by telling you about a low cost natural cure that their product can manage The guardians of public health know which side their toast is buttered on also The career politicians and beltway bandits at the FDA know where the money is and they don't get it from you or providers of natural cures The drug monopolies pay the big bucks There have been no checks and balances Corruption has become so pronounced that the US House of Representatives is seeking to pass the Consumers Access to Health Information Act H R 2352 to ensure that accurate health claims ARE NOT SUPPRESSED Consumers would be given TRUTHFUL AND COMPLETE information about the curative mitigation treatment and prevention effects of foods and dietary supplements on disease or health related conditions The time to exercise your God given right to the health care of your choice is now www.lef.org America has the finest emergency health care in the world Bar none However that is not the nature of the coming threat American baby boomers will soon be retiring in the tens of millions Their health care needs will be staggering and costly However 92% of American health care providers are trained in emergency medicine and only 8% in long term preventative medicine As it takes a minimum of 6 7 years to obtain a medical degree America is unprepared for a crisis that is inevitable

The Secret Legacy of Jesus Jeffrey J. Bütz, 2009-12-21 Shows how the true teachings of Jesus were passed down through the centuries and shaped the vision of the Founding Fathers Reveals for the first time the hidden link that connects James the Brother of Jesus the Cathars the Knights Templar and Freemasonry Shows how the Founding Fathers used these teachings enshrined in Masonic principles to build a new nation With the success of Paul's desire to impose his vision for the Church the true teachings of Jesus as preserved by his family and disciples were forced into hiding This clandestine movement was evidenced by such early groups as the Nazarenes Ebionites and Elkesaites but is generally thought to have died out when the Church of Paul branded these groups as heretics However despite the ongoing persecution by the Roman Catholic orthodoxy this underground Jewish strain of Christianity was able to survive and resist incorporation into its more powerful rival Jeffrey Bütz author of *The Brother of Jesus and the Lost Teachings of Christianity* reveals for the first time the hidden theological link that connects James the Brother of Jesus and the Ebionites with the religion of Islam the Cathars the Knights Templar and Freemasonry In *The Secret Legacy of Jesus* Bütz demonstrates how this centuries old underground stream of Christ's original teachings remained alive and how it surfaced again in Colonial America where the Founding Fathers used Masonic principles rooted in Jewish Christian teachings to establish what they believed would be a New Jerusalem With the rise of a fundamentalist Christianity this potent spiritual vision was lost but Bütz contends it can be recovered and used to bring about the reconciliation of Christians Jews and Muslims throughout the world
