

The background of the book cover is a photograph of several flags flying on tall poles. The image is tinted with a teal or cyan color. At the top, the stars of the American flag are visible. Below it, other flags with various patterns and colors are seen, though they are somewhat blurred and less distinct than the top flag.

Many Are Chosen Divine Election And Western Nationalism Harvard Theological Studies 38:

Many are Chosen William R. Hutchison, Hartmut Lehmann, 1994 *American Covenant* Philip Gorski, 2019-06-18 The long battle between exclusionary and inclusive versions of the American story Was America founded as a Christian nation or a secular democracy Neither argues Philip Gorski in *American Covenant* What the founders envisioned was a prophetic republic that would weave together the ethical vision of the Hebrew prophets and the Western political heritage of civic republicanism In this eye opening book Gorski shows why this civil religious tradition is now in peril and with it the American experiment *American Covenant* traces the history of prophetic republicanism from the Puritan era to today providing insightful portraits of figures ranging from John Winthrop and W E B Du Bois to Jerry Falwell Ronald Reagan and Barack Obama Featuring a new preface by the author this incisive book demonstrates how half a century of culture war has drowned out the quieter voices of the vital center and demonstrates that if we are to rebuild that center we must recover the civil religious tradition on which the republic was founded *Harvard Theological Studies*, 1994 *The Making of Christian Myths in the Periphery of Latin Christendom (c. 1000-1300)* Lars Boje Mortensen, 2006 Mythology is usually reserved for non Christian religions However the adoption of Christianity in Northern and East Central Europe between c 1000 and 1300 can be adequately described as a myth making process local saints were added to the Christian pantheon in all regions entering Latin Europe The present collection explores the links between local sanctity and the making of national myths in medieval historical writing By bringing together specialists in history and literature of the European periphery in question the case is made that the writing of history and saints lives from this pioneering period should be analysed together as mainly successful attempts at creating cultural foundation myths *God's Favorites* Michael Coogan, 2019-04-02 A noted biblical scholar explores how the claim of divine choice has been used from ancient times to the present to justify territorial expansion and prejudice The Bible describes many individuals and groups as specially chosen by God But does God choose at all Michael Coogan explains the temporally layered and allusive storytelling of biblical texts and describes the world of the ancient Near East from which it emerged laying bare the power struggles the acts of vengeance and persecutions made sacred by claims of chosenness Jumping forward to more modern contexts Coogan reminds us how the self designation of the Puritan colonizers of New England as God's new Israel eventually morphed in the United States into the self justifying doctrines of manifest destiny and American exceptionalism In contemporary Israel both fundamentalist Zionists and their evangelical American partners cite the Jews status as God's chosen people as justification for taking land for very different ends Appropriated uncritically the Bible has thus been used to reinforce exclusivity and superiority with new myths based on old myths Finally in place of the pernicious idea of chosenness Coogan suggests we might instead focus on another key biblical concept taking care of the immigrant and the refugee reminding the reader of the unusual focus on the vulnerable in both the Hebrew Bible and New Testament *Hispanic/Latino Theology* Ada María Isasi-Díaz, Fernando F.

Segovia, 1996-01-01 U S Hispanic Latino voices have emerged in the last ten years to become one of the strongest and most creative theological movements in the Americas Fully ecumenical and organized in systematic collaborative framework this major volume features Hispanic theology s sources the Bible church history cultural memory literature oral tradition pentecostalism loci urban barrios Puerto Rico exile liberation social sciences Latina feminists and rich and vigorous expressions mujerista theology popular religion theopoetics Hispanic Latino Theology not only celebrates the full flowering of U S Latino work it also splendidly reveals the exciting possibilities and future shape of contextual theologies in close touch with the daily realities of struggling people The Chosen Peoples Todd Gitlin, Liel Leibovitz, 2010-09-14 The Chosen Peoples reveals the fascinating relationship between America and Israel through their shared conviction of divine destiny that binds them through history hope and conflict Americans and Israelis have often thought that their nations were chosen in perpetuity to do God s work This belief in divine election is a potent living force one that has guided and shaped both peoples and nations throughout their history and continues to do so to this day Through great adversity and despite serious challenges Americans and Jews leaders and followers have repeatedly faced the world fortified by a sense that their nation has a providential destiny As Todd Gitlin and Liel Leibovitz argue in this original and provocative book what unites the two allies in a special friendship is less common strategic interests than this deep seated and lasting theological belief that they were chosen by God The United States and Israel each has understood itself as a nation placed on earth to deliver a singular message of enlightenment to a benighted world Each has stumbled through history wrestling with this strange concept of chosenness trying both to grasp the meaning of divine election and to bear the burden it placed them under It was this idea that provided an indispensable justification when the Americans made a revolution against Britain went to war with and expelled the Indians expanded westward built an overseas empire and most recently waged war in Iraq The equivalent idea gave rise to the Jewish people in the first place sustained them in exodus and exile and later animated the Zionist movement inspiring the Israelis to vanquish their enemies and conquer the West Bank and the Gaza Strip Everywhere you look in American and Israeli history the idea of chosenness is there The Chosen Peoples delivers a bold new take on both nations histories It shows how deeply the idea of chosenness has affected not only their enthusiasts but also their antagonists It digs deeply beneath the superficialities of headlines the details of negotiations the excuses and justifications that keep cropping up for both nations successes and failures It shows how deeply ingrained is the idea of a chosen people in both nations histories and yet how complicated that idea really is And it offers interpretations of chosenness that both nations dearly need in confronting their present day quandaries Weaving together history theology and politics The Chosen Peoples vividly retells the dramatic story of two nations bound together by a wild and sacred idea takes unorthodox perspectives on some of our time s most searing conflicts and offers an unexpected conclusion only by taking the idea of chosenness seriously wrestling with its meaning and assuming its responsibilities can both nations thrive Sacred Scripture, Sacred War James P.

Byrd,2017 The American colonists who took up arms against the British fought in defense of the sacred cause of liberty But it was not merely their cause but warfare itself that they believed was sacred In *Sacred Scripture Sacred War* James P Byrd shows that the Bible was a key text of the American Revolution *Crusading in the Fifteenth Century* N. Housley,2004-11-14 This collection of essays by European and American scholars addresses the changing nature and appeal of crusading during the period which extended from the battle of Nicopolis in 1396 to the battle of Mohacs in 1526 Contributors focus on two key aspects of the subject One is developments in the crusading message and the language in which it was framed These were brought about partly by the appearance of new enemies above all the Ottoman Turks and partly by shifting religious values and innovative currents of thought within Catholic Europe The other aspect is the wide range of responses which the papacy's repeated calls to holy war encountered in a Christian community which was increasingly heterogeneous in character This collection represents a substantial contribution to the study of the Later Crusades and of Renaissance Europe *The Thirty Years' War and German Memory in the Nineteenth Century* Kevin Cramer,2007-12-01 The nineteenth century witnessed the birth of German nationalism and the unification of Germany as a powerful nation state In this era the reading public's obsession with the most destructive and divisive war in its history the Thirty Years War resurrected old animosities and sparked a violent century long debate over the origins and aftermath of the war The core of this bitter argument was a clash between Protestant and Catholic historians over the cultural criteria determining authentic German identity and the territorial and political form of the future German nation This groundbreaking study of modern Germany's morbid fascination with the war explores the ideological uses of history writing commemoration and collective remembrance to show how the passionate argument over the meaning of the Thirty Years War shaped Germans conception of their nation The first book in the extensive literature on German history writing to examine how modern German historians reinterpreted a specific event to define national identity and legitimate political and ideological agendas *The Thirty Years War and German Memory in the Nineteenth Century* is a bold intellectual history of the confluence of history writing religion culture and politics in nineteenth century Germany **Prodigal Nation** Andrew R. Murphy,2011-01-05 America's supposed moral decline from an imagined golden age and the threat of divine punishment for the sin of straying from the path of righteousness have been consistent themes in its political and religious rhetoric In *Prodigal Nation* Andrew Murphy investigates the jeremiad's historical roots and probes the ways in which it continues to illuminate themes and tensions in American social and political life *Philosophies of Peace and Just War in Greek Philosophy and Religions of Abraham* Mehdi Faridzadeh,2004 *Prejudice and Christian Beginnings* Elisabeth Schussler Fiorenza,Laura Nasrallah,2010-10-01 While scholars of the New Testament and its Roman environment have recently focused attention on ethnicity on the one hand and gender on the other the two questions have often been discussed separately and without reference to the contemporary critical study of race theory This interdisciplinary volume addresses

this lack by drawing together new essays by prominent scholars in the fields of New Testament classics and Jewish studies. These essays push against the marginalization of race and ethnicity studies and put the received wisdom of New Testament studies squarely in the foreground. *The Colors of Jews* Melanie Kaye/Kantrowitz, 2007-06-14 Exposes and challenges the common assumptions about whom and what Jews are by presenting in their own voices Jews of color from the Iberian Peninsula, Asia, Africa, and India. Kaye/Kantrowitz delves into the largely uncharted territory of Jews of color and argues that Jews are an increasingly multiracial people. From publisher description. *Beyond the Borders of Baptism* Michael L. Budde, 2016-09-02 People worldwide find themselves part of overlapping communities of identity and belonging: racial, political, cultural, sexual, ideological. Some identities like brand loyalties are chosen; some like class identity are imposed. As followers of Jesus Christ, those called to live in between the age that is and the age to come, Christians ask what it means to be part of the body of Christ, God's new creation, from among the nations in a world filled with other nations. Who and whose are we? There is no easy answer, no time at which Christians got it completely right. Yet such questions must be addressed, and the stakes are high. Matters of war and peace, exclusion and inclusion, who starves and who does not, the credibility of the gospel itself—all are caught up in the whirl of identities, allegiances imposed or refused, and questions about what the church might possibly mean in such circumstances. In this book, a distinguished group of scholars from five continents asks: How can the church respect the diversity of its members, many nations, cultures, and communities while maintaining a coherent witness to the kingdom of God that is not undermined by more parochial ideologies or priorities. Chapter Contributors: Braden Anderson, Maria Clara Lucchetti Bingemer, Michael Budde, Matthew Butler, William Cavanaugh, Jose Mario Francisco, Peter Galadza, Stanley Hauerwas, Daniel Izuzquiza Slavica, Jakelie Pantelis, Kalaitzidis Eunice, Karanja Kamaara, Emmanuel Katongole, Dorian Llywelyn Martin, Menke Agbonkhianmeghe, E. Orobator, Alexander Stummvoll. **Black Flesh Matters** Vincent L. Wimbush, 2022-03-18 These essays, written over more than thirty years of Vincent L. Wimbush's career as a scholar, provide a response to the nearly universal, persistent, and sedimented modern world hyper-signification of Black flesh, always needing to be framed, humiliated, policed, and dirtied. Because Wimbush is a scholar of religion as culture, having to do with social practices and their psycho-politics, as regimes of knowledge, discourse, formation, and power relations, his ex-centric, transdisciplinary interest in scriptures has been viewed in some circles as controversial. Yet it is Wimbush's linkage of the modern hyper-signification of Black flesh leading to racialization and racism, especially anti-Black racism, to the scriptural as shorthand for discourse and relations of power that makes this work compelling. **Loss in French Romantic Art, Literature, and Politics** Jonathan P. Ribner, 2021-09-30 An interdisciplinary examination of nineteenth-century French art pertaining to religion, exile, and the nation's demise as a world power, this study concerns the consequences for visual culture of a series of national crises: from the assault on Catholicism and the flight of migrants during the Revolution of 1789 to the collapse of the Empire and the dashing of hope raised by the Revolution of 1830. The central claim is that imaginative

response to these politically charged experiences of loss constitutes a major shaping force in French Romantic art and that pursuit of this theme in light of parallel developments in literature and political debate reveals a pattern of disenchantment transmuted into cultural capital Focusing on imagery that spoke to loss through visual and verbal idioms particular to France in the aftermath of the Revolution and Empire the book illuminates canonical works by major figures such as Eugène Delacroix Théodore Chassériau and Camille Corot as well as long forgotten images freighted with significance for nineteenth century viewers A study in national bereavement an urgent theme in the present moment the book provides a new lens through which to view the coincidence of imagination and strife at the heart of French Romanticism The book will be of interest to scholars working in art history French literature French history French politics and religious studies The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Religion und Nation, Nation und Religion Michael Geyer, Hartmut Lehmann, 2004 **Why This New Race** Denise Buell, 2008-08-28 Denise Kimber Buell radically rethinks the origins of Christian identity arguing that race and ethnicity played a central role in early Christian theology Focusing on texts written before the legalization of Christianity in 313 C.E. including Greek apologetic treatises martyr narratives and works by Clement of Alexandria Origen Justin Martyr and Tertullian Buell shows how philosophers and theologians defined Christians as a distinct group within the Roman world characterizing Christianness as something both fixed in its essence and fluid in its acquisition through conversion Buell demonstrates how this view allowed Christians to establish boundaries around the meaning of Christianness and to develop the kind of universalizing claims aimed at uniting all members of the faith Her arguments challenge generations of scholars who have refused to acknowledge ethnic reasoning in early Christian discourses They also provide crucial insight into the historical legacy of Christian anti-Semitism and contemporary issues of race

Beyond the Contingent Kathleen A. Mulhern, 2011-06-13 In light of the contemporary struggle between science and faith Kathleen Mulhern's timely exploration of late nineteenth century neo-Pascalian thought both recovers a lost perspective on the war between science and religion and offers a fruitful angle of study for twenty-first century reflection As the science vs religion rancor reached its early fury at the turn of the century many devout French Catholic intellectuals struggled with the increasingly dogmatic spirit in both the Roman Catholic Church and the scientific community The dominant ideology of scientism within the intellectual establishment of the Third Republic 1870-1940 collided with a growing authoritarianism within the Church expressed in the 1893 papal encyclical *Providentissimus* Physicist Pierre Duhem philosopher Maurice Blondel and priest Lucien Laberthonniere rejected the Roman Catholic Church's Thomistic methodology and sought intellectual inspiration instead in the philosophy of seventeenth century scientist mathematician philosopher and Christian apologist Blaise Pascal These neo-Pascaliens offered an alternative to the adversarial relationship between modern culture and orthodox Catholic faith but their ideas came to an abrupt and bitter conclusion when they ran afoul of Church authority

The narrative and contribution of the neo Pascalians offers many insights and lessons that could helpfully inform the contemporary debates surrounding the dialogue between science and religion

Unveiling the Power of Verbal Art: An Emotional Sojourn through **Many Are Chosen Divine Election And Western Nationalism Harvard Theological Studies 38**

In a global inundated with screens and the cacophony of fast interaction, the profound power and psychological resonance of verbal art frequently disappear in to obscurity, eclipsed by the continuous barrage of noise and distractions. Many Are Chosen Divine Election And Western Nationalism Harvard Theological Studies 38 Introduction

In today's digital age, the availability of Many Are Chosen Divine Election And Western Nationalism Harvard Theological Studies 38 books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Many Are Chosen Divine Election And Western Nationalism Harvard Theological Studies 38 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Many Are Chosen Divine Election And Western Nationalism Harvard Theological Studies 38 books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Many Are Chosen Divine Election And Western Nationalism Harvard Theological Studies 38 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Many Are Chosen Divine Election And Western Nationalism Harvard Theological Studies 38 books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Many Are Chosen Divine Election And Western Nationalism Harvard Theological Studies 38 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Many Are Chosen Divine Election And Western Nationalism Harvard Theological Studies 38 books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research

papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Many Are Chosen Divine Election And Western Nationalism Harvard Theological Studies 38 books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Many Are Chosen Divine Election And Western Nationalism Harvard Theological Studies 38 books and manuals for download and embark on your journey of knowledge?

FAQs About Many Are Chosen Divine Election And Western Nationalism Harvard Theological Studies 38 Books

1. Where can I buy Many Are Chosen Divine Election And Western Nationalism Harvard Theological Studies 38 books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
