Orth,1986 Published here in full are Ralph Waldo Emerson's nine poetry notebooks the single greatest source of information about his creative habits in poetry Emerson kept rough drafts revised versions and fair copies of hundreds of poems in these notebooks so that the genesis and development of poems both famous and obscure can be traced closely The notebooks have been remarkably little consulted primarily because their unedited textual condition makes them difficult to use This edition makes them accessible to scholars by presenting a faithful transcription of each notebook a detailed analysis of the history of each poem an introduction and a cross referenced index For this edition the editors have followed the high standards of textual practice developed for Harvard University Press's edition of *The Journals and Miscellaneous Notebooks of Ralph Waldo Emerson* That editorial approach makes possible a logical clear presentation of material that Emerson often jotted down in segments or with multiple erasures and insertions Because it will allow scholars to examine as never before the many facets of Emerson the poet *The Poetry Notebooks of Ralph Waldo Emerson* will be a major impetus to study of the man considered by many to be America's greatest thinker

Emerson in His Journals Ralph Waldo Emerson,1982 This volume offers the reader the heart of Emerson's journals that extraordinary series of diaries and notebooks in which he poured out his thoughts for over 50 years Drawing from Harvard's 16 volume scholarly edition of the journals but omitting the textual apparatus Porte presents a sympathetic selection that brings us close to Emerson the man

The Journals and Miscellaneous Notebooks of Ralph Waldo Emerson Ralph Waldo Emerson, 1975 Like Goethe Ralph Waldo Emerson wanted to be the cultural historian and interpreter of his age its business politics discoveries The journals and notebooks included in this volume and covering in depth the years 1848 to 1851 reflect Emerson's preoccupations with the events of these often turbulent years in America On his return to Concord from his successful lecture trip to England and visit to Paris in 1847 1848 Emerson resumed his familiar life of writer thinker and lecturer Impressions of his recent European travels appear in passages in this volume which are used later in English Traits 1856 He writes of technological and scientific discoveries in America and abroad one of which the discovery of ether was to involve his brother in law in legal embroilment He ponders the meaning for the age or the times of reports on the Dew textile mills in Lawrence Massachusetts of faster steamers daily breaking records of new geological and paleontological findings of theories of race and many other matters that were coming increasingly to the fore in the mid nineteenth century Many passages on these topics used first in lectures later appear in his essays Fate Wealth and Power in Conduct of Life 1860 He was also adding to his critical biographies for Representative Men 1850 with special attention to Swedenborg always a source of particular interest for Emerson Between 1850 and 1853 Emerson traveled farther west to lecture than he had hitherto ventured to Pittsburgh Cincinnati St Louis and many other cities in the midwest One notebook in the present volume records his customary perceptive observations of places and people encountered during these western trips The tragic drowning of Margaret Fuller Ossoli and her family on her return from Italy in 1850 prompted Emerson to consider a collaboration on her life and writings and another notebook printed here contains her memorabilia including original entries by Emerson Memoirs of Margaret Fuller Ossoli by Emerson William Henry Channing and James Freeman Clarke was published in 1852 Passage of the Fugitive Slave Law in 1850 brought to a boil something in Emerson that had long been simmering Concerned with slavery freedom and the future of the black population in America more than his public record had shown he now delivered himself of an outburst pained vitriolic ironic a more sustained response to a single issue than

appears elsewhere in all his journals In this latest move in a compounding national tragedy he could see only chicanery and deterioration the crumbling of America s moral fiber He saw the Fugitive Slave Law in a larger context of a sick age like Tennyson and Arnold in England he lamented in moods of spite and chagrin the loss of faith and of an old world where political men of honor stood firm for the moral law Most of his journal outburst went into his addresses The Fugitive Slave Law 1851 and 1854
