Rape The Bait And The Trap:

Rape Jean MacKellar, MENACHEM. AMIR, 1975 *Rape* Jean Scott MacKellar, Menachem Amir, 1975 **Rape On The Public Agenda** Maria Bevacqua, 2000-08-10 An examination of the history development and impact of the feminist anti rape movement **Defending Pornography** Nadine Strossen, 2024-03-05 A new edition of a groundbreaking feminist defense of pornography as free speech Named a Notable Book by The New York Times Book Review in 1995 Defending Pornography examines a key question that has divided feminists for decades is censoring pornography good or bad for women Nadine Strossen makes a powerful case that increasing government power to censor sexual expression beyond the limits that the First Amendment sensibly permits for example outlawing child pornography would do more harm than good for women and others who have traditionally been marginalized due to sex or gender She explains how the very anti porn laws pushed by some feminists have led to the censorship of LGBTQ and feminist works and she examines the startling connections between anti porn feminists and right wing fundamentalists In an illuminating new Preface Strossen lays out the multiple current assaults on sexual expression which continue to come from across the ideological spectrum She shows that freedom for such expression remains an essential prerequisite for the equality safety and dignity of women and sexual gender minorities

Women, Sex, and the Law Rosemarie Tong, 1984 Feminist scholars have long been concerned with how women and sexuality are perceived and treated by the American legal system Feminists have put forth a variety of arguments seeking the causes and solutions to the class based and sex biased characteristics of the legal system that contribute to the victimization of women in contemporary society No consensus within the women s movement has been achieved on a number of legal issues such as pornography or prostitution since approaches are often divided by political economic moral or sexual ideology *Women Sex and the Law* is a comprehensive survey and analysis of the legal and sexual issues important to women Rosemarie Tong introduces the reader to the different feminist and legal perspectives on the causes and solutions for the problems of pornography sexual harassment prostitution rape and woman battering Tong clearly and concisely details and assesses the legal theory and practice for each issue describes and critiques the various feminist debates surrounding these concerns and offers her own thoughtful proposals for ameliorating the discriminatory tendencies and improving the effectiveness of our present legal system *The Relativity of Deviance* John Curra, 2011 In this Second Edition of his investigation into the relative nature of social deviance and how the public perceives it author John Curra demonstrates that what qualifies as deviance varies from place to place time to time and situation to situation Through thought provoking examples that include the blue people of Kentucky a woman who believes she is a vampire autoerotic asphyxiators and others Curra illustrates that deviance cannot be explained in terms of absolutes nor can it be understood apart from its social setting This insightful book approaches sex violence theft suicide drugs and mental disorders in such a way that definitive or objective judgments become impossible *Library Book Catalog* United States. Field,2020-07-15 Writing the Survivor The Rape Novel in Late Twentieth Century American Fiction identifies a new genre of American fiction the rape novel that recenters narratives of sexual violence on the survivors of

violence and abuse rather than the perpetrators The rape novel arose during the women s liberation movement as women writers collectively challenged the traditional erasure of female subjectivity and agency found in earlier representations of sexual violence in American fiction The rape novel not only foregrounds survivors and their stories in a textual centering that affirms their dignity and self worth but also develops new narratological strategies for portraying violent disturbing subject matter In bringing together many key women s texts of the last decades of the 20th century the rape novel demonstrates the centrality of sexual assault to women s fiction of this era The rape novels of the 21st century continue the political activism inherent in the genre educating readers offering community to survivors and encouraging social activism as the stories of male survivors are increasingly told A radical reconsideration of late twentieth century American novels Writing the Survivor underscores the importance of women s activism upon the novel s form and content and reveals the portrayal of rape as rape to be an interethnic imperative Applications of the National Crime Survey Victimization and Attitude Data ,1977

Women, Race & Class Angela Y. Davis,1983-02-12 From one of our most important scholars and civil rights activist icon a powerful study of the women s liberation movement and the tangled knot of oppression facing Black women Angela Davis is herself a woman of undeniable courage She should be heard The New York Times Angela Davis provides a powerful history of the social and political influence of whiteness and elitism in feminism from abolitionist days to the present and demonstrates how the racist and classist biases of its leaders inevitably hampered any collective ambitions While Black women were aided by some activists like Sarah and Angelina Grimke and the suffrage cause found unwavering support in Frederick Douglass many women played on the fears of white supremacists for political gain rather than take an intersectional approach to liberation Here Davis not only contextualizes the legacy and pitfalls of civil and women s rights activists but also discusses Communist women the murder of Emmitt Till and Margaret Sanger s racism Davis shows readers how the inequalities between Black and white women influence the contemporary issues of rape reproductive freedom housework and child care in this bold and indispensable work Crimes of Violence: Rape and other sex crimes Francis Lee Bailey,1973
