Reflections From My Heart:

Reflections of My Heart Ken Oswald, 2011-02-15 Life is an adventure sometimes we take it for granted Reflections of my heart are things emotions and feelings i have felt and lived through in my life that many of you may be able to relate to as well People come into your life for a reason a season or a lifetime When someone is in your life for a REASON it is usually to meet a need you have expressed They have come to assist you through a difficulty to provide you with guidance and support To aid you physically emotionally or spiritually They may seem like a godsend and they are They are there for the REASON you need them to be Some people come into your life for a SEASON because your turn has come to share grow or learn They bring you an experience of peace or make you laugh They may teach you something you have never done They usually give you an unbelievable amount of joy Believe it it is real But only for a SEASON LIFETIME relationships teach you lifetime lessons Things you must build upon in order to have a solid emotional Foundation Your job is to accept the lesson Love the person and put what you have learned to use in all other Relationships and areas of your life It is said that love is blind but friendship is clairvoyant Thank you for being a part of my life Whether you were a reason a season or a lifetime

Ainsworth's magazine ,1853 Ainsworth's Magazine William Harrison Ainsworth, 1853 **Reflections of the Heart**
LeRon E. Easley, Winnifer Wilson, 2013-01-10 Reflections never fade they are only transparent and every time you look deep enough into your heart you never see what you really want but only a reflection and in due time your true desires would show itself to you and no longer be just a transparent reflection Every day we make the connection by touching It becomes a growth process where we learn to understand one another those contributions that we make are the distinct pieces of ourselves those things that expand our thoughts feelings and emotions The experiences of today are just more stumbling blocks I must succeed in order to venture anywhere closer towards my endeavors the objective is more than just making it Its turning a bad situation around in order to create something worthwhile Remembering instills the desire to think about those pleasant things that at one time enriched our lives feeling touches upon the core of what had existed reminding the heart of all that was and all that is real These things enables a person to understand what was then and what is now Instilling the sense of direction towards what is to come Being is the acknowledgement of oneself It is a measure that characterizes not only the structure of that individual It also focuses on set reservations and intent upon ones life In this book we will come to know one another well come to learn that as well as the world revolves around us so do we evolve around each other LeRon Easley LeRon Everett Easley began writing in an effort to assist others who were literally challenged in order to help them construct emotional packed letters to their family and loved ones He envisioned how distant people were apart from one another within those relationships they shared and created a tool that would empower people to communicate what he believed that others felt inside LeRon Everett Easley is a man who rose from the pits of a correctional facility having obtained a Bachelors Degree in Organizational Management His passion has been to write various expressions based on thoughts

feelings and emotions and expressions that would give interpretation to what many of us would feel deep within our hearts

Winnifer Wilson Winnifer Wilson was born in Dayton Ohio Jan 22 1959 under studied at South Western Business College Ive always wanted to write Poetry or songs after the death of my youngest daughter with my granddaughter the pain was overwhelming so it encouraged me to put my pain to use With LeRon Easley being my biggest inspiration Who is the author of this book to help target our young adults who are the future for us all to stay in the right path of life stay in school stay focused and be yourself With the help of my mentor LeRon who has helped me focus and think clearly about the things that I have endured in my life One thing to remember in life is this Everything that you have went through and still going through makes you stronger even though it may seem like it gets worst at first My hope is that one day all children will be able to create their wonders and live out their dreams

Women and Martial Art in Japan Kate Sylvester,2022-11-30 This book based on extensive original research examines the practice by women in a university sport setting of kendo the Japanese martial art which using bamboo swords as well as protective armour and descended from traditional swordsmanship instils in its practitioners besides physical skills societal values of etiquette and resilience as well connecting them to a traditional outlook which includes a gendered cultural identity The book therefore illustrates an unexplored example of identity construction in Japan one which legitimises women s sport experiences within a male centric physical culture unpacks the notion of tradition in kendo and unravels its stultifying control over women s kendo participation and discusses the androgenicity of women s participation to highlight its subversive potential to develop women as leaders in sport politics and other fields which continue to be very male dominated in Japan

Meditations Lilia Westmore,2012-08 Reflection is how our thoughts examine the differences and similarities between our past and our present We scrutinize our actions reactions and try to understand how and why we choose one method from another to resolve questions of priorities We think back in time and focus upon issues that affect our decisions We reflect to justify our choices and to rationalize the steps we have taken to reach a solution to a puzzle We reflect because we are human beings According to the writer Arnold Glasow laughter is A tranquiliser with no side effects Another writer Patricia Nelson call laughter A noisy smile Still another writer Steven Goldberg says laughter is A universal bond that draws all men closer The saying laughter is good for the soul is a popular quote we hear in our everyday life Laughter gives us a feeling of goodness that translates into actions of kindness generosity and philanthropy Laughter is our way of easing problems that beset us and thereby see clearly the solution that escaped us When we laugh we give ourselves a chance to contemplate understand and take steps to solve difficulties We laugh when we are embarrassed We laugh at silly situations We laugh at ourselves proving that we are as human as anybody else We meditate deeply into our thoughts to contemplate to ponder whether or not we have chosen the right action to resolve problems We deliberate over dilemmas choosing we hope is the right way out of a predicament We learn to solve arithmetical problems We dream we fantasize and imagine greater things to happen We aim for a future life the dream our life and we take much pleasure in aspiring for it and finally accomplishing the dream into reality We build castles in the air that seem impossible to fulfill but if we push to become an architect then we go on to build that castle of our dream We desire to become a judge in a high court and our chance of one day being one is as attainable as going to college and graduating Our meditations become our dreams our reflections and our laughter **Reiki**
