Aging and Generational Relations over the Life Course Tamara K. Hareven, 2012-05-21 No detailed description available for Aging and Generational Relations over the Life Course The Friend Samuel Chenery Damon, 1925 *Japan, the Sustainable Society* John Lie, 2021-12-28 By the late twentieth century Japan had gained worldwide attention as an economic powerhouse Having miraculously risen from the ashes of World War II it was seen by many as a country to be admired if not emulated But by the early 1990s that bubble burst in spectacular fashion The Japanese economic miracle was over In this book John Lie argues that in many ways the Japan of today has the potential to be even more significant than it was four decades ago As countries face the prospect of a world with decreasing economic growth and increasing environmental dangers Japan offers a unique glimpse into what a viable future might look like one in which people acknowledge the limits of the economy and environment while championing meaningful and sustainable ways of working and living Beneath and beyond the rhetoric of growth some Japanese are leading sustainable lives and creating a sustainable

society Though he does not prescribe a one size fits all cure for the world Lie makes the compelling case that contemporary Japanese society offers a possibility for how other nations might begin to valorize everyday life and cultivate ordinary virtues

The Beautiful Catastrophe of Wind Roger Theodoredis,2009-03 No one ever chooses to stop at Black Rock Mesa it s too desolate The brutal wind ever present and temperamental tests the willpower of the most stalwart residents So when a mysterious woman impulsively disembarks from a bus and gets blown into the town s general store her presence causes quite a stir She says little but her Asian features earn her the nickname Tokyo Deciding to stay in town she reveals little about her past and is comforted to find little is asked Slowly she comes to see that Black Rock is not like other towns due to the wind everything even time works a bit differently Black Rock she learns was founded by three prospectors looking for gold Noah Shlomo and Apie Noah the most charismatic of the three attracted quarrymen to this unforgiving place to tirelessly chip and haul the slate down from the mesa But the big gaps left in the stories of the past hint to Tokyo that the town folk have secrets bigger than her own No one is talking not even the man Tokyo takes up with Luke Noah s son This reticence suits Tokyo just fine until one day a strange man shows up in Black Rock with revelations Ultimately no secret is immune
