How to Read a Tree Tristan Gooley, 2023-04-13 THE LATEST GUIDE TO THE HIDDEN MEANING OF NATURE FROM THE NATURAL NAVIGATOR TRISTAN GOOLEY Readers are LOVING *How to Read a Tree* I could write a book about this book After the first five pages I knew my forest hiking was already permanently changed After five more I began ordering copies for some fellow tree loving friends Very interesting and beautifully written An enjoyable read full of fascinating stuff I absolutely loved this book I ve read several of his other books before and this one might be my favourite

Gooley is the master of providing a way to examine patterns Do two trees ever appear identical No but why Every small difference is a clue Each tree we meet is filled with signs that reveal secrets about the life of that tree and the landscape we stand in The clues are easy to spot when you know what to look for but remain invisible to most people In *How to Read a Tree* you ll discover the simple principles that explain the shapes and patterns you can see in trees and what they mean And you ll learn rare skills that can be applied every time you pass a tree whether you are in a town or a wilder spot As the author of the international bestsellers *The Walker s Guide* and *How to Read Water* Tristan Gooley knows how to uncover the phenomena worth looking for He has been instructing people in the art of reading trees for two decades and this book includes signs that will not be found in any other book in the world Once you have learned to see these things it is impossible to unsee them We will never look at a tree the same way again An important book and a pleasure to read Raynor Winn author of *The Salt Path* You will never look at a tree in the same way again after reading this mesmerising book Gooley drops learning as lightly as blossom falls in spring John Lewis Stempel
