Norway's History Book from Edge of Time until 2005 Leif Williams, 2017-03-28 This is a book about Norway's history it begins with the Viking age and continues until our time

Vikings across the Atlantic Daron W. Olson, 2012-12-11 Around the year 1000 a Viking ship landed on the Atlantic coast of what would one day be North America Nearly a millennium later on June 7 1945 Norway's King Haakon VII returned from exile under guard of the American Ninety ninth or Viking Battalion In *Vikings across the Atlantic* Daron W Olson reveals how these two moments form narrative poles for the vision of a Greater Norway that expanded the boundaries of the Norwegian nation Looking at matters of religion literature media and ethnicity Olson explores how Norwegian Americans' myths about themselves changed over time in relation to a broader Anglo American culture while at the same time influencing and being influenced by the burgeoning national culture of their homeland Beginning in the 1920s homeland Norwegian identity makers framed the concept of the Greater Norway which viewed the Norwegian nation as having two halves Norwegians who resided in the homeland and those who had emigrated from Norway especially those in America Far from being merely symbolic this idea Olson shows was actually tested by the ordeal of World War II when Norwegians the world over demonstrated their willingness to sacrifice and even die for the Greater Norway In its transnational approach Olson's book brings a new perspective to immigrant studies and theories of nationalism *Vikings across the Atlantic* depicts the nation as a larger community in which membership is constructed or imagined a status of belonging defined not by physical proximity but through qualities such as culture and shared traditions

Among the Firsts: Lieutenant Colonel Gerhard L. Bolland's Unconventional War Matthew T. Bolland, 2022-05-19 In his own words the war of the doubly pioneering Lt Col Gerhard L Bolland 82nd Airborne paratrooper on D Day and senior OSS field operative on Operation Rype Unconventional warfare tactics can have a considerable effect on the outcome of any war During World War II the United States government developed and employed two new methods of fighting The first was the development of paratroop units as they were first called The second was the formation of a covert and sabotage operations branch called the Office of Strategic Services OSS Lt Colonel Bolland was involved in both of these firsts During the D Day invasion he parachuted behind enemy lines jumping out of the 82nd Airborne lead aircraft with General James Gavin After fighting with

the 507th Parachute Infantry Regiment for thirty three days straight he returned to England and became involved with the OSS Scandinavian Section He served as Field Commander for their Operation code named Rype This was the only American military undertaking albeit covert in Norway during the entire course of the war As a young boy growing up in rural western Minnesota Bolland got his military start with the Minnesota National Guard before being accepted to West Point solely on merit His military career lasted seventeen years Lt Colonel Bolland ended up with numerous decorations including the Norwegian Liberation Medal and Citation the Bronze Star for valor the French Fouragerre of Croix de Guerre with Palms and posthumously the Congressional Gold medal awarded to the OSS Society on behalf of all former OSS members that served during the war His story reveals the struggles successes failures and ultimate victories detailing what went right and what went wrong with these new unconventional methods of fighting

In Search of Mary Bee Rowlatt, 2016-10-08 Toddler in tow Bee Rowlatt embarks on an extraordinary journey in search of the life and legacy of the first celebrity feminist Mary Wollstonecraft From the wild coasts of Norway to a naked re birthing in California via the blood soaked streets of revolutionary Paris Bee learns what drove her hero on and what s been won and lost over the centuries in the battle for equality On this biographical treasure hunt she finds herself consulting a witch a porn star a quiet Norwegian archivist and the tenants of a blighted council estate in Leeds getting much more than she bargained for In her quest to find a new balance between careers and babies Bee also discovers the importance of celebrating the radiant power of love in all our lives

Nordic Transatlantic Crossings Ruth Hemstad, Terje Rasmussen, 2025-10-30 Adopting a broad and transnational Nordic approach this book highlights the interconnected transatlantic and reciprocal processes of migration and democracy with Nordic crossings It illuminates the connections challenges and the broader democratic context of transatlantic crossings of various kinds and explores the intertwined practises and experiences of Nordic mass migration and American democracy By examining episodes reflections and trends related to inter Atlantic encounters that challenged established norms and policies the book brings fresh insight into the significance of transatlantic connections at certain moments in time and helps describe the development of a transatlantic public sphere and a transcultural space This book is of key interest to scholars and students of Nordic and Scandinavian studies American Scandinavian studies North American history political theory history of political ideas migration studies and more broadly to history political science political sociology and literature

Socialism: A Lie Full of Hope John Herbstreith, 2020-03-26 Every day Americans hear of its equality its fairness its superiority The it is socialism All the while we re told that the free market is rigged uncaring misogynistic unfair unjust and racist We re told that socialism can fix all of this by taking from the rich and giving to the poor and that all we have to do to find peace equality to end sexism racism to save the planet to find utopia is to replace the free market with socialism Though few can describe it a growing number of people call themselves socialists The media Burn for Bernie and lavish praise on AOC Hate filled divisive virtue signaling hypocritical rhetoric is ignored by many in the media that agree with the spin

Proselytizing on their behalf it is supposed to be a common sense message of compassion spread by television bias web results streaming platforms college professors the news politicians as well as Hollywood It is no surprise that the movement has spread like a cancer through a one sided debate full of misinformation This book offers explanations as to why many often well meaning people are turning to socialism It focuses mostly on economics and why socialism falls short of a free market But it also discusses the pervasive bias that surrounds nearly every aspect of our daily lives It looks at the reality of outcomes between capitalism and socialism It focuses on the hypocrisy of America's new democratic socialists I explain why the free market is actually the proven and more moral system To keep it simple I do this through the use of basic statistics economics history current events and relatable stories As a father veteran MBA classical liberal and an all around history and economics nerd I felt compelled to speak up about this subject Our future depends on others understanding basic economics and the dangers of socialism before the promotion of free thought and the free exchange of goods and ideas is a relic of the past

Look at Norway. [Photographs with Commentaries.] Eng. & Norw Arne DAMM (and JUST (Carl)), Carl JUST, 1951

We'll Always Have the Movies Robert L. McLaughlin, Sally E. Parry, 2006-03-03 An essential study of what Americans watched during wartime and how films shaped their understanding of events Publishers Weekly During the highly charged years of World War II movies perhaps best communicated to Americans who they were and why they were fighting These films were more than just an explanation of historical events they asked audiences to consider the Nazi threat they put a face on both our enemies and allies and they explored changing wartime gender roles We'll Always Have the Movies shows how film after film repeated the narratives character types and rhetoric that made the war and each American's role in it comprehensible Robert L. McLaughlin and Sally E. Parry have watched more than six hundred films made between 1937 and 1946 including many never before discussed in this context and have analyzed the cultural and historical importance of these films in explaining the war to moviegoers This extensive study shows how filmmakers made the chaotic elements of wartime familiar while actual events became film history and film history became myth A terrific book that explores not only the themes of hundreds of films but also their impact on patriotism and national will in a time of war WWII History

Views of Europe Encyclopaedia Britannica, Inc., 2012-04-01 Updated for 2012 and part of the Britannica Learning Library Series in Views of Europe you will learn about the people traditions landscapes and history that make up many of the countries and cities of Europe
