Looking For Leadership Australia In The Howard Years:

Looking for Leadership Donald Horne, 2001 In his path breaking *The Lucky Country* Donald Horne wrote a text for the times as they seemed in the age of Robert Gordon Menzies In *Looking for Leadership* he writes of the distractions and quandaries of ordinary Australians at a time when political leadership has drifted away to languish in what he calls John Howard's Dreamtime In a unique presentation of Australians as people of great potential waiting to resume history Horne gives a masterly picture of a prime minister lost in events in a society rich in possibilities *Looking for Leadership* is a multi layered book a mixture of astute analysis and warm personal recollection It is energising and forward looking informed and informative written with human sympathy wit and intellectual bite by one of Australia's most respected social commentators

Donald Horne Donald Horne, 2017-07-03 One of Australia's leading thinkers for close to fifty years Donald Horne was probably the best Australian non fiction writer of his generation This definitive collection of Horne's writing thoughtfully selected by his son Nick tells the story of his life and intellectual development From a position of doubting whether change was possible he eventually became a proponent of the sensible reform necessary for Australia to prosper in a changing world Horne made the case for a more open modern intelligent Australia most famously in his seminal book *The Lucky Country* Selections from this work sit alongside pithy reflections on Australian history and culture as well as vivid autobiographical writing With an introduction by Nick Horne and a biographical essay by Glyn Davis this important book honours and illuminates the man who helped the nation understand itself He was a great clarifier of many of the problems and dilemmas of society Frank Moorhouse An independent vigorous critic Malcolm Fraser Donald Horne AO was a leading public intellectual for nearly fifty years He was the author of *The Lucky Country* and *The Education of Young Donald* and many other books and essays He edited *The Bulletin* chaired the Australia Council and in a late career change broadened the idea of what it means to be an academic He died in 2005 **Australia Reshaped** Geoffrey Brennan, Francis G.

Castles, 2002-09-04 *Australia Reshaped* is the capstone volume in the *Reshaping Australian Institutions* series As the summation of all that has gone before this book is structurally and qualitatively different from the others Eight leading social scientists have been invited to write a major essay on a key element of Australian institutional life Each chapter has the length and depth of a major contribution acting as an overview of the field for both local readers and an international scholarly audience

Australia - Republic Or Us Colony? Klaas Woldring, 2006-02-07 This is a book which deals with the current movement towards a Republic in Australia Apart from sketching the contemporary political background in Australia it presents comparative material on Republics and their Presidents as well as about political systems which differ from the Westminster tradition

Australia's Asia David Robert Walker, Agnieszka Sobocinska, 2012 To think that Australia is confronting Asia for the first time in the 21st century is to deny Australia's history and the self awareness that comes from understanding that the country has been here before Asia appears throughout modern Australian history as a source of

anxiety or hope It has been a presence both within and outside Australia shaping who Australians are as well as the country's engagement with the wider world This book assembles an impressive group of scholars across a range of disciplines to present a broadly conceived cultural history that places Asia at or near the center of Australia's national story Australia's Asia From Yellow Peril to Asian Century captures the essence of the pendulum swings that have characterized Australian approaches to Asia over the past century and a half The editors have done a first class job in assembling high quality chapters that make an important contribution to the existing literature on Australia and Asia Moreover this book tells an important story about the role and impact of individuals not just elites but in many cases ordinary citizens in building Australia's relations with Asia It is a valuable remedy to the ahistorical approach of so many of the debates within Australia over regional engagement and is a useful text for those outside Australia interested in acquiring insights into what motivates the country's approach to its region Pacific Affairs Vol 87 No 4 December 2014 *Rencontres australiennes* Pierre

Donald Horne Ryan Cropp, 2023-08-01 The fascinating biography of a brilliant man who captured the nation's imagination and boldly showed Australians who we were and how we could change In the 1960s Donald Horne offered Australians a compelling reinterpretation of the Menzies years as a period of social and political inertia and mediocrity His book *The Lucky Country* was profoundly influential and without doubt one of the most significant shots ever fired in Australia's endless culture war Ryan Cropp's landmark biography positions Horne as an antipodean Orwell a lively independent and
