Things that Fall from the Sky Selja Ahava, 2019-04-04 WINNER OF THE 2016 EU PRIZE FOR LITERATURE One quirk of fate can send life spiralling in the most unexpected direction A young girl loses her mother when

a block of ice falls from the sky A woman wins the jackpot twice A man is struck by lightning four times Coincidence Or something more Things That Fall from the Sky is the tale of three lives that are changed forever by random events But it is also a meditation on the endurance of love the passage of time and the pain of loss Selja Ahava one of Finland's best loved novelists weaves these stories together in an unforgettable one of a kind fable about the twists and turns that can define a lifetime

All In The Line Of Duty Amy Hudson, 2016-01-07 In a hot sun scorched English valley a young male is found dead A few days later in Austria another young male is found dead Is there a connection between the two and if so what is it DCI Mark Morgan from Hipton England together with Chief Inspector Zweig from Mayrhofen Austria try to solve what might be a double murder But there seems to be precious little to go on and progress in the case is agonisingly slow until a letter is discovered in an attic of a house in the small Austrian village of Schwendau Could this letter hold a clue about the deaths of the two young men What seems to be a simple communication is far from that It is a voice from the past a letter which hints at a very dark time during the Second World War There are references to Himmler and concentration camps but this letter was never posted so is it just a distraction for Morgan and Zweig or is it crucial evidence in their quest to track down the killer Time moves on and still the case is beset by complications and unknowns until a third murder is committed back on English soil Can Mark Morgan connect this murder with the other two and if so what are the implications The case goes from being an intriguing puzzle to a complex series of problems which need to be solved in a race against time in case the killer strikes again On the home front Mark Morgan has problems of his own His relationships seem to be taking a nosedive out of all control Shocking news about his father finally comes to light and his brother is off to Russia for who knows how long sending the family into confusion This novel can be enjoyed as a stand alone story in its own right with a dramatic plot full of complex twists and turns or it can be read as a sequel to The Quiet Deaths where the central characters are introduced chiefly DCI Mark Morgan and his family and friends As in the first book there are plenty of back stories where the reader can find out what's new in the lives of the central characters There is a lot of humour in the novel for the reader to enjoy despite the dark tone of much of the main plot The novel will leave readers with a lot to think about especially in the context of war family trust and loyalty and raises some thorny issues to grapple with

life for the first generation of African Americans raised in the Northern ghettos of the 1940s and 1950s. When the book was first published in 1965, it was praised for its realistic portrayal of Harlem: the children, young people, hardworking parents, the hustlers, drug dealers, prostitutes, and numbers runners; the police, the violence, sex, and humour. The book continues to resonate generations later, not only because of its fierce and dignified anger, not only because the struggles of urban youth are as deeply felt today as they were in Brown's time, but also because the book is affirmative and inspiring. Here is the story about the one who made it: the boy who kept landing on his feet and became a man. *Scoop* Cat Walker, 2020-03-19

Casey is a disheartened 30-something struggling to find herself in the shadow of an unhealthy relationship with *She Who Must Not Be Named*. Danny is a long-time lad terrified of commitment and prone to making a run for it when responsibility calls. Ari is the 12-year-old son of absent father Danny and a good example of said responsibility. Alice is a bright pink 1970s ice cream van recently converted to a mobile home for three disaffected travellers seeking to find themselves in a spur of the moment six-week journey across Europe and Asia. Casey Jones is unfulfilled. Her charity job depresses her, her relationship with her adoptive and religious parents confuses her, and she has repeated nightmares about her ex *She Who Must Not Be Named*. In a moment of sudden clarity, she chucks in her job, contacts her old schoolfriend Danny, and they plan a pilgrimage of sorts to find some real meaning in their lives. What she didn't plan for, however, was an extra passenger in the shape of Danny's 12-year-old son, Ari. Sullen and resentful about his mother's battle with breast cancer and his recently re-acquainted father, Ari doesn't make the best travelling companion for child-cautious Casey. The three of them are thrown together alongside bags of oranges and sacks of potatoes for an intense rollercoaster ride through Europe and Asia's most beautiful and dangerous places in an ice cream van called Alice, allowing the history and culture they encounter to change the way they see the world and each other.
