By P. Bedford. With Hints to Amateurs. By Bracebrydge Hemyng, Etc Paul Bedford,1874 **The Forum** ,1927 Love and Money Michael Tratner,2021-02-25 When people speak about love and money they usually are referring to a conflict love distorted by the desire for money Such statements imply that love has a distinct form before economics interferes but this book aims to show that such a view simplifies what is going on because people have always been deeply shaped by everything in the social order including economics So when people say that money is distorting love what they are really saying is that the current relationship of love and economics is different from an earlier relationship This book seeks then to demonstrate the intertwining of the discourses of love and money over a long history by focusing on moments when parallel conceptions appear in economic theories and love stories The two discourses intersect because both seek to define qualities and behaviors of human beings which are most valuable and hence most desirable Similar descriptions of valuable behaviors appear at roughly the same time in economic theories of how to acquire wealth and literary stories of how to find ideal lovers By tracking mutual expressions of desire value and acquisition in economics and love stories this book argues for the ubiquity of the intertwining of these discourses while exploring shifts in conceptions of value It focuses on four eras when economic and romantic conceptions of what is most desirable were actively changing in English discourses the early modern 17th century the Victorian 19th the modernist 20th and the postmodern present The Golden Book Magazine ,1926 Never Regret Falling in Love with You Yu Meiren,2020-03-17 Your love for
