**The Art of Spirituality** Dr Pretty Thakur, 2019-01-24 The Art of Spirituality is the book of a new generation As with changing times we update our knowledge of science and research on every aspect of our life It's time to update our knowledge on Spirituality as well as The modern Concepts of Spirituality with a scientific twist As Urban Society we dismiss

Spirituality while still flirting around the Law of Attraction for manifesting abundance in Life Why just flirt with LOA when we can fully understand The modern concept of Spirituality to not only manifest abundance peace prosperity but ways to sustain its benefits in full for a lifetime The Old outdate idea about Spirituality was merely our fears for Spirituality but now it s time to explore Spirituality safely with the now available first ever instruction book on Spirituality Firstly we have to understand what it is all about Then understand why it is important in our lives and then we can experience the beauty of Spirituality without having to sacrifice anything in the materialistic world outside The balance is the key real Spirituality never makes us sacrifice anything rather it teaches us how to become our best version in both outer abundant life and a richer blessed emotional life The book is an initiative to bring to light the hidden never explored aspects of Spirituality so vital in our daily lives the absence of which has created the love deprived world that we are This The Art of Spirituality Series is my Life purpose to bridge the gap between Science and Spirituality to bring the nectar of Harmony Love Peace and Bliss for every one of us Cured by Watching & Talking Under the Guide of a Counselor or by Oneself YingJie Song, 2024-07-15 Obesity anxiety cheating anger bipolar disease schizophrenia etc could show up as a disease on surface they mean nothing else except there is something wrong in one s mind As to what is wrong it is really hard for ordinary people to know as often the problem is lurking in subconscious mind which is beyond one s recognition Human as a species has existed for quite a long and long time and established various mechanisms to cope with major disasters and conflicts When one is facing powerful disaster and could not do anything about it the problem would fade into subconscious mind of the person as it is a survival mechanism for the individual and the species otherwise the person involved could not survive the disaster Unawareness does not mean the problem is gone and it would not affect the life and work of the individual When condition is right the unsolved problem or conflict would show up as various illnesses At that point psychological counseling comes to play a significant role as at the moment we still lack of basic understanding of mind and its working mechanism though medicine has already made quite a progress Through psychological counseling the potential problem could be found the unreleased anger or fear or stress could be released thus the person could walk on a road of recovery Traditional psychological counseling based on communication between the client and the counselor in this book a new method with a name of Image Arrangement is developed based on Family Constellations of Bert Hellinger which could act as an X ray machine of mind to uncover the potential problems in subconscious mind without reliance on group activities or small things as representatives in one s subconscious mind At the same time based on their practices the authors develop 21 sets of golden sentences for curing to write and recite in one s heart to solve twenty one common psychological problems Of course there will be a huge difference in the effects under the guide of a counsellor and by oneself with the method Thus if possible one should seek professional help to achieve maximal effect Through Image Arrangement one could give back the misaligned responsibility to the original owner and be only to himself that is a proved way to solve many psychological problems **The Foolish Things** Rebekah
