**The Catholic Bible, Personal Study Edition** Graziano Marcheschi, Biagio Mazza, 2022-04-29. In local parishes, upper levels of secondary schools, and introductory college classes, the Personal Study Edition provides superb study resources for readers that will open the text of the Bible to new understanding and greater appreciation for all. From Creation to the Cross Albert H. Baylis, 2010-06-01. Most Christians don't quite know what to do with the first half of the Bible. Some are fascinated by the historical sweep of the Old Testament. Others are blessed by its poetry. Still others focus on its prophecies. But what are the heart and soul of the Old Testament? In From Creation to the Cross, Al Baylis is a guide who shares with us his love for and profound understanding of the Old Testament. He walks us through the Old Testament, pointing out along the way perspectives and insights that leave us with a new personal understanding of these thirty-nine books and more importantly of the God of the Old Testament who lovingly prepared the way before sending his Son. As Bruce Wilkinson puts it in the Foreword, I could almost picture Baylis as a seasoned rabbi surrounded by a huddle of eager listeners. He doesn't simply teach the Old Testament; it's as if he personally reminisces through it. From Creation to the Cross is one of those rare books that speaks to a wide range of readers, from high school students to homemakers to college professors. This revised and expanded edition of On the Way to Jesus makes this unique and highly readable approach to the first half of the Bible available once again. It is ideally suited for use in Bible study groups.
