*Lovebirds, Look and Learn* Tammy Halaburda, 1994-02-03      **A Basic Book of Lovebirds** Tammy Halaburda, 1986-03-01      **Guide to keeping lovebirds**      **Tropical Fish Hobbyist**, 1996      **Pet Business**, 1996      *The Lovebird* Pamela Leis Higdon, 2007-08-27

This is our seventh set of Happy Healthy Pet titles. Like the others, they are books pet owners can turn to for the essential information they need to raise a healthy happy pet. All books contain information on feeding, grooming, housing, health care, what to expect from the pet, basic training. As our series expands and focuses on different kinds of pets, the emphasis remains on making the pet a companion. Owners of more unusual pets will particularly appreciate the expert advice in these books because professional care for exotic animals can be hard to come by. As always, the instruction on the books is from experts—people who know their pets intimately but always remember what it was like to have one the first time. Happy Healthy Pet guides are rich with professional quality color photos and are designed to be enjoyable and easy to learn from.

**Lovebirds** Nikki Moustaki, 2006-10-01

Author Nikki Moustaki certainly cannot resist the splendid lovebird, and her valentine to this irresistible avian wonder is the subject of this *Complete Care Made Easy* pet guide. This colorful guide offers vital information to both new and experienced bird keepers about this hookbilled parrot, covering all aspects of selecting, caring for, and maintaining well-behaved happy pet birds. Bird specialist and trainer Moustaki has written an ideal introductory pet guide about lovebirds with chapters on the history and characteristics of lovebirds, selection of a healthy typical pet bird, housing and care, feeding, training, and health care. The chapter *A Look at Lovebird Species* gives readers a glimpse into all nine species. Although nine species exist, ranging from red-faced to black-collared lovebirds, only the peach-faced, black-masked, and Fischer's are widely available to pet owners. The selection chapter offers potential owners excellent advice about the three main species of lovebirds and how to select the best one from those available commercially. In the chapter on housing and care, the author discusses selection of the right cage, placement of the cage, and all the necessary accessories. A bird's diet is critical to its ongoing health, and the chapter devoted to feeding gives the reader all the info he or she needs about choosing a proper diet for the lovebird. The final two chapters of the book will be useful for bird fanciers interested in learning more about the breeding and the basic color variations and genetics of this beautiful small parrot. The book concludes with an appendix of bird societies, a glossary of terms, and a complete index.

[This Is a Book for People Who Love Birds](#) Danielle Belleny, 2022-05-10

opening relationship book in the tradition of the million copy bestseller *The Five Love Languages* How can two people who love each other not get along Most relationships founder not from a lack of love but from a lack of understanding In *Lovebirds* couples therapist and birdwatcher Trevor Silvester shows how birds of a different feather can flock together The quizzes in *Lovebirds* reveal which of eight birds you are and which your partner is Are you a ground bird or a sky bird A sight bird or a song bird If you re an owl and you spend a lot of time talking to yourself then how do you get along with a nightingale one of the great song birds which directs most of its talking outward If you re a swan and you prefer to stay on the ground knowing things up close and in detail then what kind of future do you have with a swift which trusts its instincts over logic and can live happily in the clouds Whimsical and wise and with charming illustrations *Lovebirds* puts a whole new spin on the relationship book

**The Love Birds Complete Series** Katie Eagan Schenck,2024-12-10 Birds of a feather hold this family together When Cardinals Appear She has a promise to keep But when her plans are thrown into a tailspin will a persistent red bird show her how to let her dreams take flight When Swans Dance A new business The wedding of the year But when a health scare jeopardizes their plans can Steven and Rose learn to dance or will this be their swan song When Doves Lament Neither expected to fall in love again But together they may just discover that the love of their lives came later Three books in one Join the McAllister family as they work through their grief over the loss of their matriarch and find their happily ever afters

**Brief Gestalt Therapy** Gaie Houston,2003-06-25 Anybody with the slightest interest in brief therapy should read this book Now that the initial controversy over brief therapy has begun to subside it is great to see how brief therapy works in practice Gaie Houston s book is part of a series published by SAGE which sets out to do this and hers is particularly illuminating and accessible As she points out Gestalt is better equipped than many mainstream therapies to be applied to situations with extreme time constraints because it is both flexible and it acknowledges the part that can be played by other therapies But what propels Houston s book out of the hum drum or indeed the defensive or offensive diatribes about short therapy which have appeared over the past few years is her vivid accounts of real life sessions both one to one and group which punctuate the text Amazon Review Brief Gestalt Therapy demonstrates how the Gestalt approach can be used effectively in brief interventions with clients Gestalt s distinctively integrative nature and emphasis on a highly co operative working alliance make it particularly suited to brief work The book sets out the basic theory and principles of Gestalt and looks at each phase of the therapeutic process from initial assessment through the beginning and middle stages to the ending of the work It presents clear practical strategies for therapists to follow and in particular examines aspects of Gestalt which are especially relevant to brief work the elements of successful therapy ways of improving skills Brief Gestalt Therapy includes vignettes and detailed case studies which bring the theory alive It will contribute much to both existing literature on Gestalt therapy and also brief therapy and will be invaluable to trainee and practising Gestalt therapists

**Current Therapy in Avian Medicine and Surgery** Brian Speer,2015-12-04 A current and cutting edge reference Current Therapy in

Avian Medicine and Surgery takes the popular Current Therapy approach in providing succinct and clear information pertinent to the medical care of avian species. Most chapters include an up to date delivery of the current state of knowledge on their subject material and provide practical approaches and thought processes applicable to diagnosis and therapy where appropriate. Information is always easy to find with topics including the latest advances in internal medicine, behavioral medicine, anesthesia, analgesia, and surgery. Sections dedicated to welfare, conservation, and practice risk management explore important but less commonly discussed aspects of avian practice, and the pattern recognition portion of the text offers readers a view of what companion bird conditions are likely to be seen in practice in different parts of the world. Written by a team of highly regarded contributors from around the world, this text helps readers regardless of location and current knowledge develop and augment skills in the medical and surgical care of avian species. The Current Therapy format provides current up to date succinct and clear information pertinent to the medical and surgical care of avian species. Coverage of clinically significant topics includes current veterinary scientific literature and hot topics relating to today's avian medicine and surgery. Coverage of a wide variety of bird species includes psittacines, pigeons, raptors, ratites, waterfowl, gallinaceous birds, and less common species. More than 800 full color images show avian disease management strategies and thought processes and aid in formulating guidelines to care. World renowned expert contributors provide cutting edge information offering authoritative, accurate, and sometimes controversial opinions in many areas of study. Summary tables simplify the lookup of key facts and treatment guidelines. References in each chapter facilitate further reading and research on specific topics.

Grow! Trevor Silvester, 2017-03-23 Trevor Silvester is a Harley Street therapist and author of Lovebirds who is revolutionising the way we understand human nature. Grow is a distillation of over 20 years of experience as a therapist applied to the task of raising happy children. Your children develop primarily in response to your influence, says Trevor. Writing with wonderful wit and clarity, he shows why parents need to nurture their own personal growth so their children can grow to become who they want to be. He shows how parents can overcome their own limitations so they don't pass them onto their children and how best to guide the young toward becoming strong, resilient, and fulfilled adults. Trevor identifies two ways of being in the world: we're either in a state of growth or a state of protection, and he argues that our interpretation of childhood events and modern culture often needlessly trigger us into a state of protection, leaving us anxious, fearful, and unwilling to live life fully. Grow describes strategies for keeping us, parents and children, in a state of growth. Using eight parenting mantras to guide you, he shares valuable lessons gained from the latest scientific research as well as many hours in the therapy room. Incorporating them into your parenting will improve your child's wellbeing enormously. Incorporating them into your life will improve everything. To assist in making these new ideas habitual in the shortest space of time, Trevor has also created a series of downloads for you to listen to using principles of unconscious influence that have been proven to work.
