*Love-Mate Continuum* Mark Terrill, 2001-04-01      **International Poetry Review**, 2001      **Small Press Review**, 2001

*Celtic Shakespeare* Rory Loughnane, 2016-04-08 Drawing together some of the leading academics in the field of Shakespeare studies this volume examines the commonalities and differences in addressing a notionally Celtic Shakespeare Celtic contexts have been established for many of Shakespeare's plays and there has been interest too in the ways in which Irish Scottish and Welsh critics editors and translators have reimagined Shakespeare claiming connecting with and correcting him This collection fills a major gap in literary criticism by bringing together the best scholarship on the individual nations of Ireland Scotland and Wales in a way that emphasizes cultural crossovers and crucibles of conflict The volume is divided into three chronologically ordered sections Tudor Reflections Stuart Revisions and Celtic Afterlives This division of essays directs attention to Shakespeare's transformed treatment of national identity in plays written respectively in the reigns of Elizabeth and James but also takes account of later regional receptions and the cultural impact of the playwright's dramatic works The first two sections contain fresh readings of a number of the individual plays and pay particular attention to the ways in which Shakespeare attends to contemporary understandings of national identity in the light of recent history Juxtaposing this material with subsequent critical receptions of Shakespeare's works from Milton to Shaw this volume addresses a significant critical lacuna in Shakespearean criticism Rather than reading these plays from a solitary national perspective the essays in this volume cohere in a wide ranging treatment of Shakespeare's direct and oblique references to the archipelago and the problematic issue of national identity      **Bread & Fish** Mark Terrill, 2002 Prose A native Californian and former merchant seaman Mark Terrill was a participant in Paul Bowles writing workshop in Tangier Morocco and has lived in Germany since 1984 where he has worked as a shipyard welder road manager for bands cook and postal worker His poems prose and translations have appeared widely in the U S and abroad Among his recent books is KID WITH GRAY EYES also available from SPD Checking into the hotel in Fez Morocco I go up to my room sprawl on the bed burned out beat after the long drive down from Tangier as I'm lying there glancing around the room in my post transit daze my eyes gradually fix on a framed picture from Jim      **A Concise Companion to Postwar British and Irish Poetry** Nigel Alderman, C. **Bathtub Gin**, 2002

**Theological Interpretation of Culture in Post-Communist Context** Dr Ivana Noble, 2013-06-28 Twenty years after the fall of Communism in Central and East Europe is an occasion to reevaluate the cultural and theological contribution from that region to the secularization post secularization debate Czech theologian Ivana Noble develops a Trinitarian theology through a close dialogue with literature music and film which formed not only alternatives to totalitarian ideologies but also followed the loss and reappearance of belief in God Noble explains that by listening to the artists the churches and theologians can deal with questions about the nature of the world memory and ultimate fulfilment in a more nuanced way Then as partakers in the search undertaken by their secular and post secular contemporaries theologians can penetrate a new depth of meaning sending out shoots from the stump of Christian symbolism Drawing on the rich cultures of Central and East Europe and both Western and Eastern theological traditions this book presents a theological reading of contemporary culture which is important not just for post Communist countries but for all who are engaged in the debate on the boundaries between theology politics and arts

**Sexual Personae** Camille Paglia, 1991-08-20 The fiery provocative and unparalleled work of feminist art criticism that launched the exceptional career of one of our most important public intellectuals a remarkable book at once outrageous and compelling fanatical and brilliant One must be awed by Paglia's vast energy erudition and wit The Washington Post Is Emily Dickinson the female Sade Is Donatello's David a bit of pedophile pornography What is the secret kinship between Byron and Elvis Presley between Medusa and Madonna How do liberals and feminists as well as conservatives fatally misread human nature This audacious and omnivorously learned work of guerrilla scholarship offers nothing less than a unified field theory of Western culture high and low since Egyptians invented beauty making a persuasive case for all art as a pagan battleground between male and female form and chaos civilization and daemonic nature With 47 photographs

**Affect, Psychoanalysis, and American Poetry** John Steen, 2018-07-12 Poetry has often been defined by its closure its condensation of meaning and value into discrete self referential textual objects Affect Psychoanalysis and American Poetry challenges the dominant metaphor of poetic containers by turning to recent poetic texts that represent the contagious and uncontainable feelings of anxiety grief shame and rage From modernists Wallace Stevens to mid century poets Randall Jarrell Robert Creeley and Ted Berrigan and finally to contemporary practitioners Aaron Kunin and Claudia Rankine John Steen argues that new poetic techniques arise from the poetic productivity of negative affects and that a new model of poetic value can be found in poems that are instead of containers permeable social spaces of intimacy attachment

and withdrawal Drawing from object relations psychoanalysis queer theory and affect theory Affect Psychoanalysis and American Poetry finds poetry's singularity in its unique capacity to represent anew the transmissible relational and uncontainable valences of feeling that structure and destabilize social life      *The Act and Object of Judgment* Brian Ball, Christoph Schuringa, 2019-03-14 This book presents 12 original essays on historical and contemporary philosophical discussions of judgment The central issues explored in this volume can be separated into two groups namely those concerning the act and object of judgment What kind of act is judgment How is it related to a range of other mental acts states and dispositions Where and how does assertive force enter in Is there a distinct category of negative judgments or are these simply judgments whose objects are negative Concerning the object of judgment How many objects are there of a given judgment One as on the dual relation theory of Frege and Moore Or many as in Russell's later multiple relation theory If there is a single object is it a proposition And if so is it a force neutral abstract entity that might equally figure as the object of a range of intentional attitudes Or is it somehow constitutively tied to the act itself These and related questions are approached from a variety of historical and contemporary perspectives This book sheds new light on current controversies by drawing on the details of the distinct intellectual contexts in which previous philosophers' positions about the nature of judgment were formulated In turn new directions in present day research promise to raise novel interpretive prospects and challenges in the history of philosophy      *The Subtlety of Emotions* Aaron Ben-Ze'Ev, 2001-08-24 An informal yet rigorous exploration of human emotions in all their complexity and subtlety Why do we cry at the movies What is the best way to manage destructive feelings such as jealousy Although emotions pervade our lives their nature causes and effects have only recently been studied by social scientists and philosophers Despite growing scientific interest in the subject empirical findings have not yet caught up with our intuitive knowledge In this book Aaron Ben Ze'ev carries out what he calls a careful search for general patterns in the primeval jungle of emotions In an engaging informal style he draws on a variety of theoretical approaches and popular sources to produce a coherent account of emotions in all their subtlety All of the ideas are illustrated with examples drawn from everyday life The book is organized into two parts The first presents an overall conceptual framework for understanding emotions It looks at the typical characteristics and components of emotions distinguishes emotions from other affective phenomena classifies the emotions and covers such related issues as emotional intelligence regulating emotions and emotions and morality The second part discusses individual emotions including envy jealousy pleasure in others misfortune pity compassion anger hate disgust love sexual desire happiness sadness pride regret and shame The text is laced with insightful and often amusing quotations from sources ranging from Mae West to Montesquieu      *Free Women, Free Men* Camille Paglia, 2018-02-06 Ever since the release of her seminal first book *Sexual Personae* Camille Paglia has remained one of feminism's most outspoken independent and searingly intelligent voices Now for the first time her best essays on the subject are gathered together in one concise volume Whether she's calling for equal

opportunity for American women years before the founding of the National Organization for Women championing a more discerning standard of beauty that goes beyond plastic surgery's quest for eternal youth lauding the liberating force of rock and roll or demanding free and unfettered speech on university campuses and beyond Paglia can always be counted on to get to the heart of matters large and small At once illuminating witty and inspiring these essays are essential reading that affirm the power of men and women and what we can accomplish together      **Lawrence Durrell** Lawrence Durrell,1998 He answers specific questions about most of his writings and indicates what he reconstructs as his intent in writing them

**Rain Taxi Review of Books** ,2000      **Misanthropoetics** Robert Darcy,2021 Misanthropoetics explores efforts by Renaissance writers to represent social flight and withdrawal as a fictional escape from the incongruous demands of culture Through the invented term of its title this book investigates the literary misanthrope in a number of key examples from Shakespeare Jonson Spenser and the satirical milieu of Marston to exemplify the seemingly unresolvable paradoxes of social life In Shakespeare's England a burgeoning urban population and the codification of social controls drove a new imaginary of revolt and flight in the figure of the literary misanthrope This figure of disillusionment became an experiment in protesting absurd social demands pitting friendship and family against prudent economies testimonies of durable love against erosions of historical time and stable categories of gender against the breakdown and promiscuity of language Misanthropoetics chronicles the period's own excoriating critique of the illusion of resolution fostered within a social world beleaguered by myriad pressures and demands This study interrogates form as a means not toward order but toward the impasse of irresolution to detecting and declaring the social function of life as inherently incongruous Robert Darcy applies questions of phenomenology and psychoanalysis deconstruction and chaos theory to observe how the great deployers of literary form lost confidence that it could adhere to clear and stable rules of engagement even as they tried desperately to shape and preserve it      **The Poetry Beat** Tom Clark,1990 A collection of poet critic Clark's pithy reviews of books by and about modern and contemporary poets most originally published in the San Francisco Chronicle which itself should be thanked for covering the less than mass market poetry beat Annotation copyrighted by Book News Inc Portland OR      Living in Death T.D.

Peter,2013-07-21 The uncertainty of one's life and the inevitability of death is a dilemma that has tormented the human mind in all ages One way of resolving the conundrum has been to imagine if not firmly believe that the individual self is immortal and deathless notwithstanding the fact that the physical body must perish If nothing it weans one away from the fear of death towards an earnest hope in a blissful afterlife Living in Death is a scholarly critique on the death poetry of Emily Dickinson and T S Eliot By deftly comparing their styles diction and motifs Dr T D Peter unravels the beauty of contemplating and courting the compelling presence of death as an unshakeable ontological reality The author looks through the mirror of the death poetry of two signature poets of the nineteenth and twentieth centuries the former an inimitable and indwelling poetic genius who defies classification and transcends time and trends the latter a trail blazing and celebrated scion of modern

classical poetry who impresses with his erudition and edification imagism and symbolism He finds more by way of contrast than similarity in their strikingly opposite life lines and no less to their varying allegiance to faith and reason religion and spirituality
