Lovers on the Nile Richard Hall,1980-01-01 **Lovers on the Nile** Richard Hall,1980 Lovers on the Nile Richard Seymour Hall (Schriftsteller, Australien, England),James A. Casada,1980 **Search for the Nile's Source** John Humphries,2013-09-15 The source of the Nile had long eluded and tormented explorers and John Hanning Speke s discovery of Lake Victoria in 1858 elevated him to the pantheon of heroes of African exploration alongside Livingstone and Stanley But the part played by the Welsh mining engineer John Petherick in the discovery was ignored after he was branded a slave trader by Speke and the controversy that followed ended with Petherick ruined and Speke dead This first biography of Petherick places him at the centre of one of the great discoveries in African exploration and as the focus of a dispute that rocked the geographical establishment Was Petherick a rogue as portrayed by some or the victim of a conspiracy that destroyed his reputation and denied him a share of the credit for his part in one of the greatest feats in African exploration

Khedive viceroy Ismail's aspiration for an African empire that would control the source of the White Nile at Lake Victoria. At the time he was under pressure from the British government to suppress the lucrative slave trade in the Turco-Egyptian Sudan and to this end the new province was to be under direct control of Cairo and not the authorities in Khartoum. The two conquering expeditions of Equatoria were led by Britons Samuel Baker and Charles Gordon, later Governor General of the Sudan. With them were other Europeans, Americans, Sudanese, and Egyptians. Baker, Gordon, and some of the others left detailed accounts of their experience in the region, all of which contribute to our knowledge not only of the difficulties involved in the annexation of a region thousands of kilometres from Cairo but also geographical data and a record of the complex human relations that developed between the men involved in the expeditions and the creation of the new province. Official documents from the Egyptian state archive, Dar al Wathaiq, provide detailed accounts of the politics of the annexation of Equatoria, and these accounts are discussed in their historical context.

Nineteenth-Century British Travel Accounts Leila Koivunen, 2008-11-19 This study examines and explains how British explorers visualized the African interior in the latter part of the nineteenth century, providing the first sustained analysis of the process by which this visual material was transformed into the illustrations in popular travel books. At that time, central Africa was effectively a blank canvas for Europeans, unknown and devoid of visual representations. While previous works have concentrated on exploring the stereotyped nature of printed imagery of Africa, this study examines the actual production process of images and the books in which they were published in order to demonstrate how, why, and by whom the images were manipulated. Thus, the main focus of the work is not on the aesthetic value of pictures but in the activities, interaction, and situations that gave birth to them in both Africa and Europe.
