The Onion Ring Lovers (Guide to Vermont) Kevin Stone,2021-07-07 Many children wish that every day could be Christmas For one year Jim Sutton and his family found themselves living that dream As dreams go however it turned out to be more of a nightmare The Suttons were not caught up in some kind of Groundhog Day scenario Far from it While each day was distinct and separate some days seemed to echo the one before like a rerun nobody asked to relive From 1977 through early 1978 the Sutton clan lived as permanent residents in a year round Christmas attraction named appropriately enough Christmas Town The chain of events leading to how precisely they came to settle on an island in the middle of Lake Champlain Vermont is found in two words Bob Sutton or as he was more colloquially called Dad Bob Sutton pried his brood from their comfortable lives in Boston Massachusetts to relocate to the Green Mountain State He bought a snack stand concession in Christmas Town where he believed they would make their fortunes in a forever Winter Wonderland None of the Suttons expected that this outwardly idyllic setting would lead to familial betrayal and tragedy Twenty two years later a grown Jim Sutton ventures out to write his novel His muse onion rings The setting the state he once swore he would never visit again In a rusted out beater of a car Jim navigates his way through the countryside sampling onion rings for his book *The Onion Ring Lover s Guide to Vermont* When an accident strands him in the sleepy town of Strawberry Falls little does Jim know that another dark family secret hides beneath the surface of this seemingly idyllic little New England town a secret that some of the town residents would kill for to keep from coming to light

A Cat-Lover's Miscellany Mike Darton,2014-09-01

Schott's Original Miscellany was a publishing phenomenon. It sired a host of sequels and parodies. But no matter how patiently and for how many years they waited, the potential feline readership was overlooked. Until now. A Cat Lover's Miscellany is how the original would have appeared had its creator been an obsessive cat owner. Or indeed a very curious cat. It parodies the randomness of entry and stylishness of design of the original but is created entirely for cats and their obedient owners and admirers. The result is an irresistible outpouring of feline facts embracing the essential, the trivial, the intriguing and the extraordinary. Named in tribute to the Clintons, White House moggy and every other cat that inherited the presidential moniker, this is the perfect laptop or coffee table book to give as a gift for cat lovers. Herein you will discover such treats as Sir Isaac Newton's invention of the cat flap or kitty door, the origins and popularity of cat names, the power of catmint, how long cats spend asleep each day, T. S. Eliot's Practical Cats and the famous Chopin waltz that was in fact composed by the composer's cat.
