Lovers Of Their Time And Other Stories:

Lovers of Their Time and Other Stories William Trevor, 1979 *William Trevor (Routledge Revivals)* Gregory A Schirmer, 2014-10-10 William Trevor is a master of contemporary fiction. He writes with equal authority about the frustrations of life in remote corners of Ireland and the hollowness of life in prosperous London suburbs. An Anglo-Irishman, Trevor is admired on both sides of the Atlantic and both sides of the Irish Sea. In *William Trevor: A Study of His Fiction*, first published in 1990, Gregory Schirmer analyses Trevor's novels such as *A Standard of Behaviour* and *Fools of Fortune* and short stories in detail. He argues that Trevor's writing is important both in terms of its mastery of fictional techniques and of the profoundly moral vision that informs it. His view of twentieth-century men and women is subtle and complex, generated by the tension between a humanistic faith in compassion and connection and an opposing, more realistic assessment of contemporary society as alienated and disconnected. **A Reader's Companion to the Short Story in English** Erin Fallon, R.C.

Feddersen, James Kurtzleben, Maurice A. Lee, Susan Rochette-Crawley, 2013-10-31 Although the short story has existed in various forms for centuries, it has particularly flourished during the last hundred years. *Reader's Companion to the Short Story in English* includes alphabetically arranged entries for 50 English language short story writers from around the world. Most of these writers have been active since 1960 and they reflect a wide range of experiences and perspectives in their works. Each entry is written by an expert contributor and includes biography, a review of existing criticism, a lengthier analysis of specific works, and a selected bibliography of primary and secondary sources. The volume begins with a detailed introduction to the short story genre and concludes with an annotated bibliography of major works on short story theory.

Short Story Index, 1979 **The Man in Ratcatcher and Other Stories** Sapper, 2021-11-09 In *The Man in Ratcatcher and Other Stories*, Sapper, the pen name of Herman Cyril McNeile, masterfully weaves a tapestry of intrigue, adventure, and moral complexity through a series of interconnected narratives. The stories are set against the backdrop of both the world wars and the British social landscape of the early 20th century, revealing a keen observation of human nature and societal dynamics. Sapper's writing, characterized by gripping dialogue and vivid descriptions, embodies the style of popular fiction of the time while exploring themes of bravery, loyalty, and the darker facets of human character. Herman Cyril McNeile, serving in the British Army during World War I, drew upon his own experiences to craft tales that resonate with authenticity and intensity. His background in military service informs much of the action and camaraderie found in his work. Sapper's unique voice as a veteran not only adds depth to his storytelling but also ensures that his characters reflect the complexities of duty and personal conviction in times of conflict. comparing with the original Russian some English translations of Count Tolstoi's works published both in this country and in England I concluded that they were far from being accurate. The majority of them were retranslations from the French and I found that the respective transitions through which they had passed tended to obliterate many of the beauties of the Russian language and of the peculiar characteristics of Russian life. A satisfactory translation can be made only by one who understands the language and SPIRIT of the Russian people. As Tolstoi's writings contain so many idioms it is not an easy task to render them into intelligible English and the one who successfully accomplishes this must be a native of Russia commanding the English and Russian languages with equal fluency. The story of Ivan the Fool portrays Tolstoi's communistic ideas involving the abolition of military forces, middlemen, despotism and money. Instead of these he would establish on earth a kingdom in which each and every person would become a worker and producer. The author describes the various struggles through which three brothers passed beset as they were by devils large and small until they reached the ideal state of existence which he believes to be the only happy one attainable in this world. On reading this little story one is surprised that the Russian censor passed it as it is devoted to a narration of ideas quite at variance with the present policy of the government of that country.
