evidence that links the Army Film studio to Czechoslovakia's art cinema. By tracing the studio's unique institutional dimensions and production culture, Lovejoy explores the ways in which the military avant garde engaged in dialogue with a range of global film practices and cultures. The print version of the book includes a DVD featuring sixteenth short films produced by the Czechoslovak Ministry of Defense. The additional media files are not available on the eBook. Alice Lovejoy's revelatory study of the cinema culture wrought by the Czechoslovak Army Film studio is a cause for celebration among both cinephiles and media scholars. Lovejoy's curatorial enterprise brings these fascinating films to us for fresh examination. Seeing these artful army films nearly half a century later opens our eyes to work that requires us to reassess what we thought we knew about documentary, new waves and world cinema itself. Dan Streible, New York University. Lovejoy restores these sometimes funny, sometimes poignant and always innovative films to their proper place in film history while explaining the unique cultural politics that allowed them to blossom beneath the noses of the Stalinist government. Tom Gunning, University of Chicago. Filled with surprises for readers who thought they knew their Czech film history, this insightful book refutes many received ideas about Eastern European cultural politics during the Cold War and sketches a complex and nuanced relationship between artists and the socialist state. Rick Prelinger, UC Santa Cruz.

Postcards from Absurdistan Derek Sayer, 2022-11-22. A sweeping history of a twentieth century Prague torn between fascism, communism and democracy with lessons for a world again threatened by dictatorship. Postcards from Absurdistan is a cultural and political history of Prague from 1938 when the Nazis destroyed Czechoslovakia's artistically vibrant liberal democracy to 1989 when the country's socialist regime collapsed after more than four decades of communist dictatorship. Derek Sayer shows that Prague's twentieth century far from being a story of inexorable progress toward some end of history, whether fascist, communist or democratic, was a tragicomedy of recurring nightmares played out in a land Czech dissidents dubbed Absurdistan. Situated in the eye of the storms that shaped the modern world, Prague holds up an unsettling mirror to the absurdities and dangers of our own times. In a brilliant narrative, Sayer weaves a vivid montage of the lives of individual Praguers: poets and politicians, architects and athletes, journalists and filmmakers, artists, musicians and comedians caught up in the crosscurrents of the turbulent half century following the Nazi invasion. This is the territory of the ideologist, the collaborator, the informer, the apparatchik, the dissident, the outsider, the torturer and the refugee, not to mention the innocent bystander who is always looking the other way and Václav Havel's greengrocer whose knowing complicity allows the show to go on. Over and over, Prague exposes modernity's dreamworlds of progress as confections of kitsch. In a time when democracy is once again under global assault, Postcards from Absurdistan is an unforgettable portrait of a city that illuminates the predicaments of the modern world.
