Loves Philosophy:

Love, Reason and Will Anthony Rudd, John Davenport, 2015-10-22 An introduction to the philosophy of love bridging analytic and continental philosophy and the philosophy of religion through the writings of Harry G Frankfurt and Søren Kierkegaard *Love's Philosophy*, 2011 *A Short Philosophical Guide to the Fallacies of Love* José A. Díez, Andrea Iacona, 2020-12-10 What can epistemology tell us about love Here two philosophers use their training in arguments and reasoning to uncover the role of ungrounded beliefs when we fall in love This not a self help book it is a philosophy book Free of advice methods and strategies for being successful in love it does not offer solutions for problems What it gives us instead is a reading of love as it actually is The authors illustrate the fallacies of love by drawing on personal experiences literary characters and imaginary individuals They provide examples of ungrounded beliefs in Aesop's Fables Cinderella and Don Giovanni amongst others and illustrate love as an inexhaustible source of misperceptions misunderstandings and misconceptions By tackling those characteristic and all too familiar ways in which ungrounded love beliefs arise the book forces us to question why baseless beliefs are maintained and reinforced showing us that many love beliefs are built on anything but logic *The Moral Psychology of Love* Arina Pismenny, Berit Brogaard, 2022-03-28 Under what circumstances can love generate moral reasons for action Are there morally appropriate ways to love Can an occurrence of love or a failure to love constitute a moral failure Is it better to love morally good people This volume explores the moral dimensions of love through the lenses of political philosophy psychology and neuroscience It attempts to discern how various social norms affect our experience and understanding of love how love relates to other affective states such as emotions and desires and how love influences and is influenced by reason What love is affects what love ought to be Conversely our ideas of what love ought to be partly determined by our conception of what love is
