Kusumita P. Pedersen, 2021-06-28 This is the first book length study of the thought of Sri Chinmoy 1931-2007 who became well known during his lifetime as the exponent of a dynamic spirituality of integral transformation which he set forth in an extensive body of writings in both prose and poetry mostly in English but also in his native Bengali He held that all fields of human endeavor can be venues of spiritual transformation when founded in aspiration and contemplative practice He is noted not only as a spiritual teacher but also as an advocate of peace a composer and musician an artist and a sportsman who created innovative programs promoting self transcendence and understanding between people of all cultures and walks

of life This study of Sri Chinmoy s philosophy refers to these diverse activities especially in the biographical first chapter but is mainly based on his written works The book s aim is to give to the reader a straightforward and unembroidered account of Sri Chinmoy s philosophy It makes every attempt to allow Sri Chinmoy to speak for himself in his own words and thus provides ample quotation and draws on his poetic works as much as on his other writings The Meaning of the World Is Love Richard Clements,2022-05-01 Hans Urs von Balthasar 1905 1988 a prolific Catholic theologian from Switzerland has been called a new Father of the Church His work shaped not only by traditional theology and philosophy but by literature art and music made an impact on both Saint John Paul II and Pope Emeritus Benedict XVI Aidan Nichols O P describes Balthasar s fifteen volume masterwork the Trilogy as perhaps the high point of twentieth century Catholic theology Yet for all Balthasar s brilliance the core of his theology is extraordinarily simple love for God is love Love lies at the center of life indeed at the center of being itself For Balthasar the answers to all of man s big existential questions revolve around love The Meaning of the World Is Love compiled by psychologist Richard Clements brings Balthasar s meditations to a wider audience using brief excerpts from the theologian to walk readers through the landscape of divine love which is our home The path of love is the path of self gift as well as of truth goodness and beauty and it is the only way to genuine fulfillment Balthasar as Clements shows can point us to the very heart of reality God who gives himself to us without reserve *Poems* Arman Nabatiyan,2001 A collection of passionate poetry and romantic poems that attempts to explore the themes of love desire loss and the many triumphs and failures of life that pervade the blood breath and soul of humankind from the fond days of antiquity to the present time **Grace Rediscovered** Ben Gosden,2024-12-17 At some point everyone gets sick and tired of their circumstances They burn out at work lose patience with their family members or become exhausted from the stress of life Healing is something everyone longs for but people do not always know where to find it The good news is that with God s help healing is ultimately found within This book is a reflection on how what the author thought to be his greatest sign of brokenness became the very thing God used to begin his healing journey May this book springboard each reader s journey toward hope and healing with God s help *Standing under the Cross* Michael Mawson,2023-09-07 Standing Under the Cross focuses on Bonhoeffer s rich theological and ethical thinking It places Bonhoeffer in conversation with a wide range of modern theologians including Karl Barth Franz Rosenzweig Jürgen Moltmann and James Cone The book gives particular attention to hermeneutics the body and Bonhoeffer s rich reflections on community and discipleship Mawson attends to the complex ways in which these aspects of Bonhoeffer s thinking work together and shows how they can assist us in responding to some of the challenges confronting us today *The Mystery of Jesus Christ* Fernando Ocáriz Braña,Fernando Ocáriz,Lucas F. Mateo Seco,José Antonio Riestra,1994 Written chiefly for theology students the book presents the authentic teachings of Catholic faith to be found not only in the ancient conciliar sources but also in important recent documents dealing with disputed issues of our times Chapters deal with The hoped for Saviour The Coming of Jesus Christ in the fullness
