Barr,2010-06-24 Looking at health from a holistic multidimensional perspective this reference seeks to provide a spiritual foundation for well being that supplements traditional medical and alternative healing models By exploring the concepts of health and disease from the inside out and breaking down the process into simple precepts that can be implemented at no cost this guide presents techniques and practices that develop a greater awareness of the factors that impact health An analysis of eight spiritual principles that serve as a basis for healthy living are followed by useful information regarding stress fasting stretching breathing laughter acid and alkali balance and the effect of sugar on the body A 30 day health plan rounds out the discussion equipping one with significant and meaningful steps towards health and well being that can be maintained for life Rest of Your Life John-Roger, DSS,Paul Kaye,2007-10-01 Leading a more fulfilling life is made possible with this innovative guide that shows that rest is not just an action but an attitude The rush of the outside world can lead to stress and exhaustion but when approached correctly life can actually be lived in a relaxing and tranquil manner A series of breathing meditations provided on the included audio CD demonstrate how to find the inner peace that ultimately leads to a proper state of rest Not just calming and healthy adequate rest also provides the necessary energy to respond appropriately when the moment of action arrives **Mindful Dreaming** David Gordon,2006-11-09 To merge a deep understanding of

dream work with the mindfulness techniques of Buddhist practice brings a new light to bear on each of these subjects Jean Campbell president International Association for the Study of Dreams In Mindful Dreaming psychologist David Gordon shows how every dream corresponds to one of the four universal stages of healing and growth that Joseph Campbell called the Mythic search for bliss Dreams teach us to recognize the spiritual lessons of each phase of the Journey and urge us to learn ten perennial steps to mindfulness taught by spiritual traditions throughout the millennia A breakthrough in the field of mindfulness practice and dreamwork Mindful Dreaming teaches you the simple language of dreams and how they promote mindfulness in our everyday lives Relaxing our grip on control our dreams open us to guidance from the Source Helping us

see through the illusion of permanence they teach us to release attachments and grieve the limitations and losses that life imposes Mindful of our destructive rush to judgment our dreams move us to embrace compassion for our own suffering not just that of others Finally dreams teach us mindfulness of our impatience so that we may live more consciously and awake in the present moment Relying on thought provoking exercises and abundant examples from the life changing dreams of the author his clients and friends Mindful Dreaming demonstrates how dreams provide a non judgmental and compassionate mirror that reflect our ongoing progress on the Journey to mindfulness Mindful dreaming leads us to overcome the emotional blocks that keep us feeling stuck and conflicted in love relationships frustrated in work or stagnating in our creative goals
