Naylor, 2014-09-02 Includes a reading group guide for the Alice series *Nathan Hale* Clyde Fitch, 1905 **Isle Be Seeing You** SANDY BEECH, 2012-12-11 I'm at the end of my rope Like getting shipwrecked and surviving a hurricane weren't bad enough Now I've got to support my sort of boyfriend's plan to get off this island even though I think his idea's kinda lame But with everything going so well between us I don't want to rock the boat or make waves well you know what I mean Especially with Evil Angela supporting Josh's plan all the way I wish I knew what to do The stakes are pretty high now And I can't help wondering if maybe just maybe there's another way to get back home **Poetics and Ethics of Anthropomorphism**

Christopher Kelen, Jo Chengcheng, 2021-10-24 *Poetics and Ethics of Anthropomorphism Children Animals and Poetry* investigates a kind of poetry written mainly by adults for children Many genres including the picture book are considered in asking for what purposes animal poetry is composed and what function it serves Critically contextualising anthropomorphism in traditional and contemporary poetic and theoretical discourses these pages explore the representation of animals through anthropomorphism anthropocentrism and through affective responses to other than human others Zoomorphism the routine flipside of anthropomorphism is crucially involved in the critical unmasking of the taken for granted textual strategies dealt with here With a focus on the ethics entailed in poetic relations between children and animals and between humans and nonhumans this book asks important questions about the Anthropocene future and the role in it of literature intended for children *Poetics and Ethics of Anthropomorphism Children Animals and Poetry* is a vital resource for students and for scholars in children's literature *Children: the Challenge* Rudolf Dreikurs, Vicki Stolz, 1991-12-26 *Children The Challenge* gives the key to parents who seek to build trust and love in their families and raise happier healthier and better behaved children Based on a lifetime of experience with children their problems their delights their challenges Dr Rudolf Dreikurs one of America's foremost child psychiatrists presents an easy to follow program that teaches parents how to cope with the common childhood problems that occur from toddler years through early adolescence This warm and reassuring reference helps parents to understand their children's actions better giving them the guidance necessary to discipline lovingly and effectively all while fostering a healthy environment in which children will grow and develop into successful teenagers and adults *Gary Cooper* Jeffrey Meyers, 2001 This definitive biography of a Hollywood icon portrays Gary Cooper as a man of complex and sophisticated tastes as well as large appetites *Child Autonomy and Child Governance in Children's Literature* Christopher Kelen, Bjorn Sundmark, 2016-11-18 This book explores representations of child autonomy and self governance in children's literature The idea of child rule and child realms is central to children's literature and childhood is

frequently represented as a state of being with children seen as aliens in need of passports to Adultland and vice versa In a sense all children s literature depends on the idea that children are different separate and in command of their own imaginative spaces and places Although the idea of child rule is a persistent theme in discussions of children s literature or about children and childhood the metaphor itself has never been properly unpacked with critical reference to examples from those many texts that are contingent on the authority and or power of children Child governance and autonomy can be seen as natural or perverse it can be displayed as a threat or as a promise Accordingly the child rule motif can be seen in Robinsonades and horror films in philosophical treatises and in series fiction The representations of self ruling children are manifold and ambivalent and range from the idyllic to the nightmarish Contributors to this volume visit a range of texts in which children are in various ways empowered discussing whether childhood itself may be thought of as a nationality and what that may imply This collection shows how representations of child governance have been used for different ideological aesthetic and pedagogical reasons and will appeal to scholars of children s literature childhood studies and cultural studies
