Driving Identities Ken McLeod, 2020-04-30 Driving Identities examines long standing connections between popular music and the automotive industry and how this relationship has helped to construct and reflect various socio cultural identities It also challenges common assumptions regarding the divergences between industry and art and reveals how music and sound are used to suture the putative divide between human and non human This book is a ground breaking inquiry into the relationship between popular music and automobiles and into the mutual aesthetic and stylistic influences that have

historically left their mark on both industries Shaped by new historicism and cultural criticism and by methodologies adapted from gender LGBTQ and African American studies it makes an important contribution to understanding the complex and interconnected nature of identity and cultural formation In its interdisciplinary approach melding aspects of ethnomusicology sociology sound studies and business studies it pushes musicological scholarship into a new consideration and awareness of the complexity of identity construction and of influences that inform our musical culture The volume also provides analyses of the confluences and coactions of popular music and automotive products to highlight the mutual influences on their respective aesthetic and technical evolutions Driving Identities is aimed at both academics and enthusiasts of automotive culture popular music and cultural studies in general It is accompanied by an extensive online database appendix of car themed pop recordings and sheet music searchable by year artist and title

Lowrider Space Ben Chappell, 2012-07-15 Aren't lowriders always gangbangers And don't they always hold high status in their neighborhoods Contrary to both stereotypes the people who build and drive lowrider cars perform diverse roles while mobilizing a distinctive aesthetic that is sometimes an act of resistance and sometimes of belonging A fresh application of critical ethnographic methods Lowrider Space looks beyond media portrayals high profile show cars and famous cruising scenes to bring readers a realistic tour of the ordinary lowriders who turn streetscapes into stages on which dynamic identities can be performed Drawing on firsthand participation in everyday practices of car clubs and cruising in Austin Texas Ben Chappell challenges histories of erasure containment and class immobility to emphasize the politics of presence evidenced in lowrider custom car style Sketching out a partially personal map of the lowrider presence in Texas's capital city Chappell also explores the interior and exterior adornment of the cars including the use of images of women's bodies and the intersecting production of personal and social space As he moves through a second hand economy to procure parts necessary for his own lowrider vehicle on service sector wages themes of materiality and physical labor intersect with questions of identity ultimately demonstrating how spaces get made in the process of customizing one's self

San Diego Lowriders Alberto López Pulido & Rigoberto "Rigo" Reyes, 2017-04-10 San Diego's unique lowrider culture and community has a long history of low and slow Cruising the streets from 1950 to 1985 twenty eight lowrider car clubs made their marks in the San Diego neighborhoods of Logan Heights Sherman Heights National City Old Town San Ysidro and the adjoining border community of Tijuana Mexico Foundational clubs including the Latin Lowriders Brown Image and Chicano Brothers helped transform marginalized youth into lowriders who modified their cars into elegant stylized lowered vehicles with a strong Chicano influence Despite being targeted by the police in the 1980s club members defended their passion and succeeded in building a thriving scene of competitions and shows with a tradition of customization close community and Chicano pride Authors Alberto L pez Pulido and Rigoberto Rigo Reyes follow the birth of lowrider culture to the present day

The Jail John Irwin, 2013-09-14 Combining extensive interviews with his own experience as an inmate the author describes the big city jail and how it disorients and degrades people to a rabble This is a

reissue of the work that was published in 1987 **Machines of Youth** Gary S. Cross, 2018-05-04 For American teenagers getting a driver's license has long been a watershed moment separating teens from their childish pasts as they accelerate toward the sweet sweet freedom of their futures. With driver's license in hand, teens are on the road to buying and driving and maybe even crashing their first car, a machine which is home to many a teenage ritual: being picked up for a first date, parking at a scenic overlook or blasting the radio with a gaggle of friends in tow. So important is this car ride into adulthood that automobile culture has become a stand-in for a shortcut to what millions of Americans remember about their coming of age. *Machines of Youth* traces the rise and more recently the fall of car culture among American teens. In this book, Gary S. Cross details how an automobile obsession drove teen peer culture from the 1920s to the 1980s, seducing budding adults with privacy, freedom, mobility, and spontaneity. Cross shows how the automobile redefined relationships between parents and teenage children, becoming a rite of passage, producing new courtship rituals, and fueling the growth of numerous car subcultures. Yet for teenagers today, the lure of the automobile as a transition to adulthood is in decline. Tinkerers are now sidelined by the advent of digital engine technology and premolded body construction, while the attention of teenagers has been captured by iPhones, video games, and other digital technology. And adults have become less tolerant of teens on the road, restricting both cruising and access to drivers' licenses. Cars are certainly not going out of style, Cross acknowledges, but how upcoming generations use them may be changing. He finds that while vibrant enthusiasm for them lives on, cars may no longer be at the center of how American youth define themselves. But for generations of Americans, the modern teen experience was inextricably linked to this particularly American icon. *San Diego Lowriders: A History of Cars and Cruising* Alberto López Pulido & Rigoberto "Rigo" Reyes, 2017 San Diego's unique lowrider culture and community has a long history of low and slow. Cruising the streets from 1950 to 1985, twenty-eight lowrider car clubs made their marks in the San Diego neighborhoods of Logan Heights, Sherman Heights, National City, Old Town, San Ysidro, and the adjoining border community of Tijuana, Mexico. Foundational clubs including the Latin Lowriders, Brown Image, and Chicano Brothers helped transform marginalized youth into lowriders who modified their cars into elegant, stylized, lowered vehicles with a strong Chicano influence. Despite being targeted by the police in the 1980s, club members defended their passion and succeeded in building a thriving scene of competitions and shows with a tradition of customization, close community, and Chicano pride. Authors Alberto López Pulido and Rigoberto Rigo Reyes follow the birth of lowrider culture to the present day. *Mestizos Come Home!* Robert Con Davis-Undiano, 2017-03-30 Uruguayan writer Eduardo Galeano has described U.S. and Latin American culture as continually hobbled by amnesia, unable or unwilling to remember the influence of mestizos and indigenous populations. In *Mestizos Come Home*, author Robert Con Davis-Undiano documents the great awakening of Mexican American and Latino culture since the 1960s that has challenged this omission in collective memory. He maps a new awareness of the United States as intrinsically connected to the broader context of the Americas. At once native and new to

the American Southwest Mexican Americans have come home in a profound sense they have reasserted their right to claim that land and U S culture as their own *Mestizos Come Home* explores key areas of change that Mexican Americans have brought to the United States These areas include the recognition of mestizo identity especially its historical development across the nineteenth and twentieth centuries the re emergence of indigenous relationships to land and the promotion of Mesoamerican conceptions of the human body Clarifying and bridging critical gaps in cultural history Davis Undiano considers important artifacts from the past and present connecting the casta caste paintings of eighteenth century Mexico to modern day artists including John Valadez Alma Lopez and Luis A Jimenez Jr He also examines such community celebrations as Day of the Dead Cinco de Mayo and lowrider car culture as examples of mestizo influence on mainstream American culture Woven throughout is the search for meaning and understanding of mestizo identity A large scale landmark account of Mexican American culture *Mestizos Come Home* shows that mestizos are essential to U S national culture As an argument for social justice and a renewal of America's democratic ideals this book marks a historic cultural homecoming

What They Don't Learn in School Jabari Mahiri, 2004 Contributors to this book have illuminated the practices of literacy and learning in the lives of urban youth Their descriptions and assessments of these practices are anchored in perspectives of New Literacy Studies The ten studies explore a number of urban scenes in order to engage understand and present multiple youth identities attitudes activities representations and stories connected to a range of situated adaptive and voluntary uses of literacy The authors use a variety of conceptual and methodological approaches to explicate the various skills the distinct methods of production or composition the subjective and collective meanings the mutable and variegated texts and the dynamic contexts that urban youth utilize for expression affirmation and pleasure There is a response to each chapter by a major scholar in its area of focus Together these studies and responses contribute to a more comprehensive understanding of the pedagogies politics and possibilities of literacy and learning in and out of school

Vehicles David Lipset, Richard Handler, 2014-08-01 Metaphor as an act of human fancy combines ideas in improbable ways to sharpen meanings of life and experience Theoretically this arises from an association between a sign for example a cattle car and its referent the Holocaust These sign vehicles serve as modes of semiotic transportation through conceptual space Likewise on the ground vehicles can be rich metaphors for the moral imagination Following on this insight *Vehicles* presents a collection of ethnographic essays on the metaphoric significance of vehicles in different cultures Analyses include canoes in Papua New Guinea pedestrians and airplanes in North America lowriders among Mexican Americans and cars in contemporary China Japan and Eastern Europe as well as among African Americans in the South Vehicles not only carry people around but also carry how they are understood in relation to the dynamics of culture politics and history
