

Phoebe Dixon

Phoebe Dixon is a professional tennis player who won the 2050 Grand Play in her first professional tennis competition. From then, she became a household name and continued winning international tennis competitions, making her an established athlete. Her love for tennis began at the age of seven when her neighbor taught her the sport. Although busy with tennis, she still acquired her Bachelor of Science in Kinesiology from Wildingham University. She is a recipient of the Kierkland Sports Award, Comeback Tennis Player of the Year Award, and Tournament of the Year Award. She also became a member of the USA Tennis Organization in 2053. When she's not holding her blue tennis racket, you can find her reading books and watching movies, like any other person. She is also interested in learning new languages and cultures.

The Absent Dialogue Anit Mukherjee, 2019-10-01 Civilian control over the military is widely hailed as one of the major successes of India's democracy Because it is so rare especially among post colonial states this control is rightfully celebrated But has this come at a cost In The Absent Dialogue Anit Mukherjee argues that the pattern of civil military relations in India has hampered its military effectiveness Diving deep into understanding the organization and internal processes within the Indian military he explains how Indian politicians and bureaucrats have long been content with the formal and ritualistic exercise of civilian control while the military continues to operate in institutional silos Yet there has been little substantive engagement between the two To support this claim Mukherjee closely examines the variables most closely associated with military effectiveness weapons procurement jointness the ability of separate military services to operate together officer education promotion policies and defense planning Further Mukherjee shows how India's pattern of civil military relations

best characterized as an absent dialogue adversely affects each of these processes While the book focuses on India it also highlights the importance of civilian expertise and institutional design in enhancing civilian control and military effectiveness in other democracies Informed by more than a hundred and fifty interviews and recently available archival material The Absent Dialogue sheds new light on India's military and will reshape our understanding of both the history and contemporary dynamics of civil military relations and recurring problems therein
