Historias y poemas de una lucha de clases / Stories and Poems of a Class Struggle

Roque Dalton, 2023-09-12 The revolutionary the dictatorship couldn t kill the trickster poet favored by the gods Ben Ehrenreich author of The Way to Spring Life and Death in Palestine Poems of revolution by one of Latin America s most beloved poets One of Latin America s greatest poets Roque Dalton was a revolutionary whose politics were inseparable from his art Born in El Salvador in 1935 Dalton dedicated his life to fighting for social justice while writing fierce tender poems about his country and its people In Poemas clandestinos Stories and Poems of a Class Struggle he explores oppression and resistance through the lens of five poetic personas each with their own distinct voice These poems show a country caught in the crosshairs of American imperialism where the few rule the many and the many struggle to survive and yet there is joy and even humor to be found here as well as an abiding faith in humanity In striking immediate exuberantly inventive language Dalton captures the ethos of a people as stirring now as when the book was first published nearly forty years ago I believe the world is beautiful he writes and that poetry like bread is for everyone

Civilization Generally associated with northern European culture Art Nouveau also had a great impact in the south particularly in Spain A Dream of Arcadia is the first work to explore Spain s fertile and imaginative Art Nouveau Through the eyes of four major Spanish writers Lily Litvak views several different aspects of the turn of the century struggle against the advances of industrialism in Spain Her interpretation of the early works of Ram n del Valle Incl n Miguel de Unamuno Jos Mart nez Ruiz Azor n and P o Baroja exposes a longing for a preindustrial arcadia based on a return to nature the revival of handicrafts and medieval art an attraction to rural primitive societies and a revulsion against the modern city Set against the European literary and artistic background of the period her observations place the Spanish manifestations of Art Nouveau within the context of the better known northern phenomena Of particular interest is her discussion of the influences of John Ruskin William Morris and the Pre Raphaelites which demonstrates how the general European mood was articulated in Spain Litvak concludes that Valle Incl n Unamuno Azor n and Baroja must be considered as more than simply fin de si cle writers for they became part of a general movement generated by Art Nouveau that spans an entire century A Dream of Arcadia demonstrates that Art Nouveau was more than a flash on Europe s artistic horizon it is a philosophy with ramifications that have led to communes handcrafted articles and nomadic adolescents in search of truth

Performing the Transition to Democracy

David Rodr guez-Sol s,2024-08-08 This book examines troupes plays festivals performative practices and audiences active during the final years of the Franco dictatorship and the beginning of the transition to democracy This period spanning 1968 to 1982 is considered the historical

moment that most directly shaped contemporary Spanish politics and society. The dominant narrative of the Transition has long portrayed it as a normalized non confrontational and consensual process steered by political elites. But the world of Spanish theater tells a very different story one in which ordinary Spaniards played a vital role in the transition to democracy. The chapters of this book draw on censorship files, photographs, audiovisual and textual material and the author's own interviews with more than a dozen audience and troupe members. Using these sources, David Rodríguez Solas examines the notable experimentation during this period with theatrical performance and music, the establishment of performing spaces and festivals, the development of touring networks as a way to evade censorship and the creation of networks of support that opposed diverse forms of violence and repression. This study will be of great interest to students and scholars interested in theater and the cultural and political history of Spain in the 1960s and 1970s.

Educación y lucha de clases Aníbal Ponce, 2005-11-22 Siguiendo los métodos del materialismo dialógico, Aníbal Ponce consigue una metadiscourse exposición del medio social en el que el hombre se educa e instruye, así como del condicionamiento que la estructura de ese medio social impone a las formas de la educación y la adquisición de conocimientos. Un texto clásico para estudiantes y estudiosos de la pedagogía escrita con diafanidad, vigor y claridad literaria.

Las clases sociales en el capitalismo actual Nicos Poulantzas, 1998

Estos estudios conciernen en lo esencial a las metrópolis imperialistas y centran el análisis en la burguesía y la pequeña burguesía, a clases hasta cierto punto ignoradas por la teoría marxista. El hecho de conocer y aislar al enemigo y de saber establecer alianzas precisas debe ser un punto esencial en la estrategia revolucionaria.

Periodismo y lucha de clases Camilo Taufic, 2012-08-30 Esta obra tiene por objeto destruir un mito: la inocencia de la información. Afirma que las noticias son mandatos, el periodismo una forma de dirección social. Hasta nuestras conversaciones personales se proyectan como una sutil influencia sobre el medio circundante. Se informa en definitiva, se escribe, habla o exhibe una película para dirigir. Pero no siempre se logra. La información determina las decisiones de quienes la reciben, si lo cuando, si los aceptan y lo grave es que en la sociedad contemporánea se perfeccionan hasta límites inauditos los medios para imponer esta aceptación mientras paralelamente disminuyen y se anulan las defensas de quienes deben concederla.

Politics of Pasts and Futures in (Post-)Imperial Contexts Sebastian Fahner, Christian Feichtinger, Rogier Heijden, 2024-12-02 Although empires have played a decisive role in political thinking and the orientation of political goals at all times, the focus of research has so far mostly been on spatial and ideological aspects. This volume, on the other hand, offers a multi-disciplinary collection of studies that deal with the instrumentalization and ongoing impacts of perspectives on empire and their place in time. Coming from archaeology, history, art history, literary studies, and social sciences, the individual case studies discuss perceptions of imperial histories and imagined futures of empires both in imperial and in post-imperial contexts. The transcending historical significance of the imperial ideas and ideals shows the deep and long-lasting effects of empire in landscapes, mindscapes, and social structures. The diachronic cut through all epochs from antiquity to modern times is complemented by a broad global

view to deepen the temporal understanding of imperial imaginaries as well as their political implications
