Our Mother's War Mel Fiske, Christina Radich, 2007-11 Christina Radich and Daniel Fiske began dating in high school back in 1972 This book is the unlikely result of their teen aged romance Christina wanted to capture her mother's story of life in Nazi occupied Holland She didn't know how or where to start Dan suggested that his father Mel a former newspaper reporter could steer her to the starting line Mel advised Christina to get a recorder and tapes and ask questions For the next 15 or so years she taped her mother's recollections up until her death in 1994 It took several years for Christina to find Lynette Bourne a medical transcriber to copy all the tapes Then Christina brought the transcriptions to Mel Fiske more than ten years after the death of her mother What do I do now she asked plaintively Mel took the unedited transcriptions He began researching the history of the Dutch people under the Nazi occupation to place the story of Christina's mother in proper historical perspective Our Mother's War is the story of Aluzia Van Dalen but also that of the Dutch people from 1940 to 1945 the

Naomi Ay, Book 5 of The Two Moons of Rehnor series opens with Senya intent upon conquering the Mother Planet Rozari and forcing them into the Empire whether they want to or not His faithful companions Taner and Berkan wonder if he has truly gone mad and turned into the Evil Emperor after all In the meantime Katie makes a final journey to Earth after a ten year detour Old friends reappear and issues are resolved including the question that has been asked throughout the series Or is it **Ketone Descendants** Emily Barratt,2013-10 It began with a Ten tailed monster created by witchcraft and magic and spanned 200 years Epic battles had been waged won and lost Murder and intrigue was everywhere and witches and demons coveted the power of the Ketone The witches were awed by the creature's power Its ten tails held the power of nine other animals a lizard for the first tail a phoenix on the second tail With an owl for the third a lemur at the fourth The furious power of the ox was the fifth The dark heart of the wolf sat at the sixth and at the seventh tail sat the eagle The self centred but kind cat was the eighth and finally the cunning but honest fox at the ninth These combined powers made the perfect weapon Book 4 of the Ketone series closes the loop in the 200 year history of the Ketone and Ketonian as it races to the final chapter *Lucy Aylmer, by the author of 'The curate of Overton'*. were added A love story naturally evolved because that was what kept them going and led them from the wilderness where they grew up to the big cities working in politics aerospace and other advanced technologies They combined this city work with many kinds of adventures mostly adventures in wild and unexplored mountains The love became obvious as Bob struggled for over 50 years to satisfy a promise he made to a 13 year old girl in grade school Someday I will build you a castle on a mountain The book is interesting because it describes a lifetime of outdoor adventures and the effort of two kids to stay alive and progress up the social ladder The relevant message is that two very poor kids at the bottom of the social ladder can not only survive but rise to the top The story is unique because the adventures have been experienced by no one else From Bob falling off an 80 foot cliff to Luci battling a new form of cancer that was supposed to take her life Readers should take away a good feeling reading about successfully living through many adventures in the mountains and in social life About the Author Bob Bristow has a BS in Mechanical Engineering an MS in aeronautical Engineering and all PhD coursework completed in Aerospace Engineering He worked for Boeing for over 60 years where he built and ran his own research lab He was an elder in his church and was involved in many professional organizations Bob enjoys skiing scuba diving mountain climbing fishing and hunting He is most passionate about prospecting and mining
