Chaos Fallen Gloria N. Cassum, 2008-11 After the ravages of the Great Civil War in heaven God replaces both the dead and Fallen to fill the vacancies their duties demand These replacements are slightly modified to ensure revolution would not occur again Vziel is the first reborn suspected by many to be a close replica of Lucifer himself and thus a horrific danger to all of heaven His assigned duties are withheld from him until he bow before the very throne of God an allowance granted only to the most honorable of God s servants or most vicious of traitors Before God s throne he is named the Angel of Chaos Unfortunately because chaos naturally opposes God s providential order God has no choice but to command Vziel s betrayal If Vziel refuses the order he is treacherous if he obeys a traitor nonetheless The commandment is a paradox which cannot be defied Due to his unavoidable transgression Vziel is sentenced to execution

so as not to feed Lucifer with new recruits In his imprisonment before a formal facade of a trial a superior informs Vziel that his execution is meant as a symbolic victory to God as overcoming his chaotic forces Vziel's execution does not end in death but reincarnation where he will again be reformed assigned as Angel of Chaos and executed for his natural defiance once more This damned reincarnation is eternal God imposes this perpetual punishment to reinforce his never ending control over chaos and secure the safety of his providential design as well as all the beings within it especially His most prized humanity Vziel as Angel of Chaos however has a unique power to invoke discord As a result his execution goes horribly wrong Chaos is unleashed to fulfill his own agenda This is the story of the beginning of his revenge *Come and See* Timothy Radke, 2022-02-24

The Refracted Muse Enrique Garc ía Santo-Tomás,2017-08-08 Galileo never set foot on the Iberian Peninsula yet as Enrique Garc ía Santo Tom s unfolds in *The Refracted Muse* the news of his work with telescopes brought him to surprising prominence not just among Spaniards working in the developing science of optometry but among creative writers as well While Spain is often thought to have taken little notice of the Scientific Revolution Garc ía Santo Tom s tells a different story one that reveals Golden Age Spanish literature to be in close dialogue with the New Science Drawing on the work of writers such as Cervantes Lope de Vega Calder n de la Barca and Quevedo he helps us trace the influence of science and discovery on the rapidly developing and

highly playful genre of the novel. Indeed, García Santo Tomé makes a strong case that the rise of the novel cannot be fully understood without taking into account its relationship to the scientific discoveries of the period.
